ANTH 4 INTRODUCTION TO CULTURAL ANTHROPOLOGY

Advisories: ENGL 1A

Explores how anthropologists study and compare human culture. Cultural anthropologists seek to understand the broad arc of human experience focusing on a set of central issues: how people around the world make their living (subsistence patterns); how they organize themselves socially, politically, and economically; how they communicate; how they relate to each other through family and kinship ties; what they believe about the world (belief systems); how they express themselves creatively (expressive culture); how they make distinctions among themselves such as through applying gender, racial, and ethnic identity labels; how they have shaped and been shaped by social inequalities such as colonialism; and how they navigate culture change and processes of globalization that affect us all. Ethnographic case studies highlight these similarities and differences, and introduce students to how anthropologists do their work, employ professional anthropological research ethics, and apply their perspectives and skills to understand humans around the globe. COOPERATIVE WORK EXPERIENCE

Cooperative Work Experience Education (COOP) provides academic credit for learning that occurs in the workplace. Paid and unpaid (volunteer) work can be utilized for COOP credit as long as there is supervision and a focus on learning. Learn more at COOP website: [Www.mpc.edu/academics/](http://www.mpc.edu/academics/) Cooperative Work Experience or call 831-646-4074.

Limits: Current employment. A COOP application must be approved and filed with the COOP Office each semester.

To register in any COOP class, students must complete these 2 steps:

1. Watch "Introduction to COOP" at <http://www.mpc-coop.org/intro.html> or scan QR code:

2. Complete and submit the Online COOP Employer Information Form which can be accessed near the end of the above video, at www.mpc.edu/academics/cooperativeworkexperience, or on WebReg.

You will receive an email response with an Add Code, section number, and additional information.

Occupational COOP:

Students who have employment related to their chosen area of interest can earn between 1 and 4 units in a term, in any of 39 occupational areas.

General COOP:

Students who have not chosen a major or whose work does not relate can earn between 1 and 3 units in a term.

Internships are also available. For students needing work experience in their field of interest, consider doing an academic internship. To learn more, watch "Is an Internship Right for Me?" at <http://www.mpc-coop.org/student-video.html> or scan following QR code:
