### Fiscal Year 2011-12 Financial and Budgetary Report April 30, 2012

Enclosed please find attached the financial reports for the month ending April 30, 2012 for your review and approval. The financial report is an internal management report submitted to the Board of Trustees to compare actual financial activities to the approved budgets.

Operating Fund net revenue through April 30, 2012 is \$35,566,837 which is 1.7% more than the same period last fiscal year. Expenditures year-to-date total \$35,477,897 which is .2% more than the same time last fiscal year, for a net difference of \$88,940.

#### Highlights of financial activities year-to-date are as follows:

#### Revenues

- The April advance apportionment payment received was \$563,728, which is 8% of the total certified apportionment.
- The District receives a percentage of the total certified state apportionment revenue each month. The certified state apportionment is the largest revenue source of the District. This makes up 92.4% of the Unrestricted General Fund revenue.
- The District received \$4,964,308 in local property tax receipts this month and \$347,804 in other student fees and charges as reflected in the current revenue column of the Unrestricted General Fund report.
- The District received Second Quarter Lottery funds of \$311,353 this month.
- Funds of \$513,323 from the Capital Outlay Fund and \$590,959 from the Self Insurance Fund were moved to the Unrestricted General Fund this month. These are reflected in the 8900 – other financing sources account in the Unrestricted General Fund revenue. These budgets were established from use of 10-11 FY end one-time monies to balance the 11-12 FY Unrestricted General Fund budget.
- Funds of \$644,493 were moved from the Unrestricted General Fund to the Restricted General Fund this month therefore the Restricted General Fund revenue is up compared to last month. These monies came in as part of the monthly apportionment payment from the state.

• The District received \$108,538 in current year federal grant funds this month as reflected in the current revenue column of the Restricted General Fund report.

#### Expenditures

Overall the District operating funds expenditures continue to track as projected.

#### Self Insurance Fund

• Self Insurance expenses are at 71.9% of budgeted expenditures. The expenditure amount is 7.8% less than the amount for the same period last fiscal year.

#### Parking Fund

• Parking revenues are 127.7% of budget, indicating total revenue for the year to be significantly higher than budgeted. Expenses are at 73.4%.

#### **Fiduciary Funds**

• All Fiduciary Funds are tracking close to budget.

#### Cash Balance:

The total cash balance for all funds is \$64,773,892 including bond cash of \$44,368,145 and \$20,405,747 for all other funds. Operating funds cash is \$8,188,554. The District's cash balance is sufficient to manage cash flow demands (payroll and accounts payable) for the next month.

#### <u>Other</u>

A number of cost saving measures identified in 2011-12 adopted budget have either under-performed or will not materialize. This combined with the mid-year revenue cut (deficit coefficient) will result in an out of balance budget. In the coming months, a number of budget transfers from district reserves will be instituted to balance the budget. Use of district reserves (one-time funds) to balance the current year budget will mean these funds will not be available to help mitigate the impact of the governor's worst case budget proposal for MPC.

Current Status; Agenda Ready Matter Type: General Agenda

Receive and Accept the Treasurer's Report of Investments for the quarter ending March 31, 2012

#### **RECOMMENDATION:**

It is recommended that the Board of Supervisors:

Receive and Accept the Treasurer's Report of Investments for the quarter ending March 31, 2012.

#### SUMMARY:

Government Code Section 53646 (b) requires the Treasurer submit a quarterly report of investments. The attached Exhibit A provides a narrative portfolio review of economic and market conditions that support the investment activity during the January - March period.

Exhibit B describes the investment portfolio position by investment type as of March 31, 2012. Exhibit C is a listing of historical Monterey County Treasury Pool yields versus benchmarks. Exhibit D describes the investment portfolio by maturity range, and Exhibit E is an overview of the short term funds that the Treasurer invests in overnight, liquid assets.

#### DISCUSSION:

During the January to March quarter Treasury bond yields were up slightly in the 0 - 5 year term. The increase was due to Greece completing the largest ever sovereign debt restructuring, as well as positive economic data in the U.S. The net effect was a move to investment in equity markets, causing bond yields to increase despite the Fed's assurances that they will continue to keep the Fed Funds Rate at or below 0.25 percent.

On March 31, 2012 the Monterey County investment portfolio contained an amortized cost basis of \$1,017,030,070 spread among 78 separate securities and funds. The par value of those funds was \$1,015,118,603, with a market value of \$1,017,633,053 or 100.06% of amortized book value. The portfolio's net earned income yield for the period was 0.43%. The portfolio produced estimated income of \$1,120,246 for the quarter which will be distributed proportionally to all agencies participating in the investment pool. The investment portfolio had a weighted average maturity of 307 days.

The investment portfolio was in compliance with all applicable provisions of state law and the adopted investment policy, and contained sufficient liquidity to meet all projected outflows over the next six months. Market value pricings were obtained through Bloomberg LLP, Union Bank of California and included live-bid pricing of corporate securities.

#### **OTHER AGENCY INVOLVEMENT:**

A copy of this report will be distributed to all agencies participating in the County investment pool and the Treasury Oversight Committee. In addition, the report will be published on the County Treasurer's

#### File Number: 12-148

web site. A monthly report of investment transactions is provided to the Board of Supervisors as required by GC 53607.

#### FINANCING:

The investment portfolio contains sufficient liquidity to meet all projected expenditures over the next six months. We estimate that the investment earnings in the General Fund will be consistent with budgeted revenue, but at historically low levels, as the Federal Reserve is expected to continue keeping short term interest rates at the current rate of 0.00 - 0.25%.

## Investment Portfolio Review Quarter Ending March 31, 2012

#### OVERVIEW – January 1 – March 31, 2012

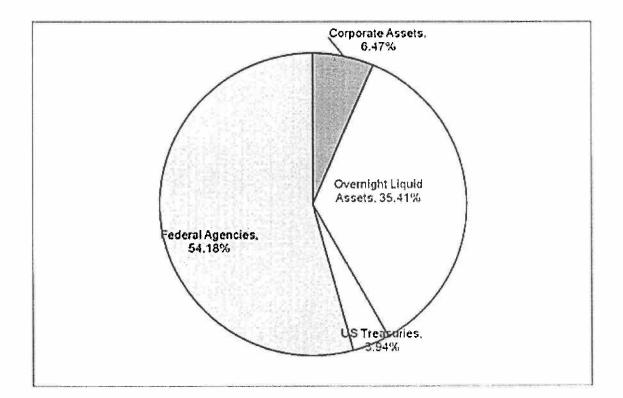

During the January to March quarter Treasury bond yields were up slightly in the 0-5 year term. The increase was due to Greece completing the largest ever sovereign debt restructuring, as well as positive economic data in the U.S. The net effect was a move to investment in equity markets, causing bond yields to increase despite the Fed's assurances that they will continue to keep the Fed Funds Rate at or below 0.25 percent.

The County Treasury was able to outperform all of the portfolio benchmarks due to a consistent investment strategy that ladders short term debt to provide liquidity, while also taking advantage of higher rates by buying small amounts of longer term corporate and callable debt structures. The following indicators reflect key aspects of the County's investment portfolio in light of the above noted conditions:

 <u>Market Access</u> – The U.S. Treasury continued to issue substantial amounts of debt instruments. The continued large issuance is due to their efforts to stimulate the economy by providing funding for financial institutions, social programs, and ongoing military funding requirements. Access to U.S. Treasuries has been plentiful, but yields have continued to remain low as investors seek safe havens from an uncertain world market. These issues have continued to keep yields low on Treasury bonds from January through March.

During the quarter, the majority of County investment purchases continue to be in U.S. Treasury and Agency markets with a continued small position in shorter term, highly rated (AA or better) Corporate bonds, Certificates of Deposits and highly rated (A1, P1), short term Commercial Paper. In addition, the Treasurer continues to keep a high level of overnight liquid assets, reflecting the need to maintain increased levels of available cash to ensure our ability to meet any cash flow needs.

 <u>Diversification</u> - The Monterey County Treasurer's portfolio consists of fixed income investments, all of which are authorized by the State of California Government Code 53601.

The portfolio asset spread is detailed in the pie chart below:

- 3. <u>Credit Risk</u> Approximately 93.5% of the investment portfolio is comprised of U.S. Treasuries, Federal Agency securities and other liquid funds. All assets have an investment grade rating. U.S. Treasuries are not specifically rated, but are considered the safest of all investments. The corporate debt (6.47%) is rated in the higher levels of investment grade. All federal agency securities have AA ratings, or they are guaranteed by the U.S. Treasury.
- 4. <u>Liquidity Risk</u> Liquidity risk, as measured by the ability of the county's Treasury to meet withdrawal demands on invested assets, was adequately managed during the January to March quarter. The portfolio's average weighted maturity was 307 days, and a large percentage (35.41%) of assets was held in immediately available funds.

#### FUTURE STRATEGY

The U.S. Treasury has continued a policy of heavy borrowing for stimulus programs, military funding and other additional needs. Despite the downgrade of U.S. debt by Standard and Poor's last year and the continued uncertainty in global markets; investors continue to prefer the safety of U.S. debt to other investment options.

There has been recent positive economic news in the U.S., as well as a reduction in the amount of negative news about European markets. Although it would appear that the economy is improving, there are still strong headwinds facing our economic recovery. Many economists agree that the recent reduction in unemployment figures, coupled with low job creation figures are an indicator that more people have stopped looking for work, rather than an indicator that things have improved substantially. The U.S. and European economics still have several years of modest improvement ahead of them before it will be safe to assume that our economies are healthy and robust again. The stabilization of the U.S. economy over the past year has continued to ensure that our debt products are likely to remain a safe haven for investors for the foreseeable future, which is good for our overall economic outlook, but ensures continued low rates.

In the near term the Treasurer believes short term yields will remain extremely low and will not begin to rise until there is a longer history of consistent improvement in the unemployment rate, or the Federal Reserve starts to see significant inflation in the core Consumer Price Index. The Treasurer's rolling investment ladder will access the short term Treasury and Agency market with expected yields over the next 90 days of less than one-half percent. In our efforts to continue to provide the safest vehicles for Treasury investments, the Treasurer will maintain a portfolio weighted with U.S. Treasuries, Federal Agency securities, and other highly liquid funds.

- 13.9.6. Site. The physical area for construction and related activities of an Assigned Project.
- 13.9.7. <u>Drawings and Specifications</u>. The Drawings are the graphic and pictorial portions of the Design Documents showing generally the location, design and dimensions of the Work of an Assigned Project, including without limitation, plans, elevations, sections, details, schedules and diagrams. Specifications are the portion of the Design Documents which consist of written requirements for materials, equipment, construction systems, standards, criteria and workmanship for the Work and related services.
- 13.9.8. <u>Work</u>. All of the construction and other services required by the terms of the Construction Contract, including all labor, materials, equipment and other services required of the Contractor under the terms of the Construction Contract to complete as Assigned Project or portions thereof.
- 13.9.9. <u>Project Construction Budget</u>. The Project Construction Budget refers to the total costs allocated by the District for construction of the Project, exclusive of the Contract Price under this Agreement, site acquisition costs and the costs of furniture, furnishing and/or equipment for the Project. The Project Construction Budget established by the District may be modified by the District upon notice to the Architect. Revisions to Architect's instruments of service to meet such modified budgets shall be compensated as an Additional Service. As used in this Agreement, the term "Project Construction Budget" refers to the then current amount allocated for construction of the Project as modified from time-to-time.
- 13.9.10. Construction Cost Estimate. Construction Cost Estimates are estimates prepared by or on behalf of the Architect of the current costs of labor, materials, equipment and services plus a reasonable allowance for the Contractor's profit, overhead and administrative cost as necessary to complete construction of the Project in accordance with the Design Documents. Construction Cost Estimates shall include a reasonable allowance for contingencies relating to market conditions at the time of solicitation of Contractor bids for the Work of the Project and Changes in the Work during construction of the Project; the allowance for contingency costs shall be consistent with the contingency established by the District in the Project Construction Budget, if any. Evaluations of the District's Project Construction Budget and any Construction Cost Estimate prepared by the Architect represent the Architect's judgment as a design professional familiar with the construction industry. It is recognized, however, that neither the Architect nor the District has control over the cost of labor, materials or equipment, or over the Contractor's methods of determining bid prices, or over competitive bidding, market or negotiating conditions. Accordingly, the Architect cannot and does not warrant or represent that bids or negotiated prices will not vary from the District's Project Construction Budget or from any Construction Cost Estimate prepared by the Architect.
- 13.9.11. <u>Project Manager</u>. The District's Project Manager is the individual or entity retained by the District as an independent contractor to provide certain management, planning, other services and/or work product in connection with the design and/or construction of an Assigned Project. Services, functions and responsibilities of the Project Manager shall be provided in conjunction with and complementary to the Architect's services and work product under this Agreement. If the District has not retained or designated a Project Manager as of the issuance of a PAA for an Assigned Project, without adjustment of the Contract Price for any Assigned Project, the District reserves the right to subsequently retain a Project Manager to provide services and/or work product for the Assigned Project as generally described herein.

- 13.9.12. <u>Assigned Project</u>. An Assigned Project is a Project described in a PAA issued by the District under this Agreement.
- 13.9.13. <u>PAA</u>. A PAA is a Project Assignment Amendment which is the written instrument issued by the District and mutually executed by the District and the Architect which establishes the specific terms and conditions for the Architect's performance and provision of architectural and related services for an Assigned Project. The form of PAA is attached as **Exhibit A** to the Agreement. Notwithstanding execution of the Agreement by the District and the Architect, the Architect shall have no right to provide architectural services or to be compensated for any Project which may be undertaken by the District unless the District has theretofore issued a PAA for such Project and the PAA is mutually executed by the District and the Architect.

#### 13.10. Use of Design Documents.

- 13.10.1. <u>Ownership</u>. Pursuant to Education Code §17316, all of the Architect's plans are and shall remain the property of the District.
- 13.10.2. <u>District Use of Design Documents</u>. Upon the termination of this Agreement, a Project Assignment Amendment or the abandonment of all or any portion of an Assigned Project, the District may use any portion of the Design Documents (whether completed or in progress) for their intended purpose set forth in a Project Assignment Agreement. If completion of the Design Documents or construction of an Assigned Project is not by the Architect under this Agreement and the District uses, re-uses or modifies Design Documents prepared by the Architect prior to the termination of this Agreement, termination of a Project Assignment Amendment or the abandonment or an Assigned Project, the District shall indemnify, defend and hold harmless the Architect from any and all claims, liabilities, suits, demands, losses, costs and expenses, including reasonable attorneys fees and legal costs arising out of the District's using, re-use or modification of the Architect's Design Documents.
- 13.10.3. <u>Electronic Files</u>. At each stage of the Architect's submission of Preliminary Plans and Working Drawings to the District pursuant to the terms hereof, Architect shall also submit to the District electronic files of the same. Electronic files of the Drawings shall be prepared in the latest version of AutoCAD. Electronic text files shall be prepared in the latest version of MS Word.
- 13.21. <u>Entire Agreement</u>. This Agreement, accompanying Conditions and documents enumerated below are all of the documents forming a part of the Agreement. The foregoing constitute the entire agreement and understanding between the District and Architect concerning the subject matter hereof, replacing and superseding all prior agreements or negotiations, whether written or verbal. No term or condition of this Agreement shall be modified or amended except by writing executed by the District and Architect.

Exhibit A – Project Assignment Amendment (PAA) Exhibit B – Regulatory Agencies & Approvals Requirements (not included in contract) Exhibit C – Format for listing Rooms and Spaces (NIC) Exhibit D – Value Engineering Program (NIC) Exhibit E – Transportation, Per Diem, and Mileage Reimbursement Schedule (NIC) Exhibit F – Supplemental Requirements (NIC) Exhibit G – General Drawing Requirements (NIC) 13.22. Designing to Budget. The District will provide the Architect with the District's Project Construction Budget. In order to meet the District's goal of constructing an Assigned Project within the District's Project Construction Budget, the Architect will make reasonable recommendations regarding contingencies for design, bidding and price escalation that the District will adopt as a part of the District's Project Construction Budget. In addition, the Architect will also make reasonable recommendations regarding, among other things, programmatic changes, alternate bids, materials, equipment, component systems, and type of construction in order to help realize a project within the District's Project Construction Budget. The District agrees that if the District rejects the Architect's reasonable recommendations relative to designing an Assigned Project to meet the District's Project Construction Budget, any (related?) revisions or modifications to the Architect's instruments of service to meet the District's Project Construction Budget, any (related?) revisions or modifications to the Architect's instruments of service to meet the District's Project Construction Budget shall be compensated as an Additional Service irrespective of any language in this Agreement that suggests otherwise.

*IN WITNESS WHEREOF,* the District and Architect have executed this Agreement as of the date set forth above.

# **Governing Board Agenda**

May 23, 2012

New Business Agenda Item No. J

Administrative Services College Area

#### **Proposal:**

That the Board authorize a Notice of Intent to enter into a lease agreement with the Monterey Bay Certified Farmers Market, Inc., at \$186.54 per week for the period of July 1, 2012 through June 30, 2013 and direct staff to publish the Notice of Intent in a newspaper of general circulation once a week for three consecutive weeks commencing with the week of May 28, 2012.

#### Background:

The Monterey Bay Certified Farmers Market, Inc. is an Internal Revenue Code (IRC) Section 521 farmers' cooperative organization. A farmers' cooperative organization, under provisions of IRC 521, is operated for the purpose of marketing the products of its members or other producers, and returning to them the proceeds of sales, less necessary market expenses, on the basis of either the quantity or the value of the products furnished by them.

In accordance with Education Code Section 81378.1, the Board may enter into a lease agreement with the Monterey Bay Certified Farmers' Market inc. for a period of between six days and five years. Prior to entering into a lease agreement pursuant to the provisions of Section 81378.1 the Board is to identify how fair market value is determined and publicly advertise its intent to enter into a lease. The attached resolution developed to comply with the requirements of Education Code section 81378.1, has been utilized in previous years with this lease agreement approval. Both parties may terminate this agreement and must do so in writing with a minimum of thirty days notice.

The Monterey Bay Certified Farmers Market, Inc. has leased a parking lot from the District for many years for the purpose of selling produce to the local community. The current agreement provides for a rental fee of \$175 per week and the last fee increase occurred in July 1, 2006. The rental rate charged by Cabrillo College to this same market operator is \$300 per week, most recently renegotiated for 2010-11. Cabrillo College's Farmers Market has nearly twice the number of vendors as the MPC market. The Alvarado Street Farmers Market (Old Monterey Business Association) last raised their fees by approximately 5% for 2010-11 as well. While no rental fee increase is being recommended to the current fee of \$175 per week, MPC is charging the Monterey Bay Certified Farmers Market, the Market has agreed to pay an additional \$600 for the year for the use of college personnel to assist with traffic and parking enforcement efforts expended during the first two weeks of fall and spring semesters. This fee will be divided over the twelve months and added to the weekly \$175 rental fee for a new total of \$186.54.

**Budgetary Implications:** This agreement will now generate approximately \$9,350 in income per year, from which \$600 will be used to offset the cost of parking and traffic enforcement.

**Resolution: BE IT RESOLVED,** That the Board authorize a Notice of Intent to enter into a lease agreement with the Monterey Bay Certified Farmers Market, Inc., at \$186.54 per week for the period of July 1, 2012 through June 30, 2013 and direct staff to publish the Notice of Intent in a newspaper of general circulation once a week for three consecutive weeks commencing with the week of May 28, 2012.

### RESOLUTION

**WHEREAS,** Monterey Peninsula Community College District, under the authority of the Education Code Section 81378.1 may enter into a Facility lease agreement for a period of time between six days and five years, and,

WHEREAS, Education Code Section 81378.1 requires that lease agreements made under the provisions of that article be established with a rental rate equal to fair market value, and,

WHEREAS, the fair market value has been determined to be \$186.54 per week based on a comparison of rates charged by other organizations for the purpose of hosting a farmers market value, and,

WHEREAS, the Monterey Peninsula Community Colege District intends to enter into a lease agreement with the Monterey Bay Certified Farmers Market, Inc., for the period July 1, 2012 through June 30, 2013, at a rental rate of \$186.54 per week.

#### NOW, THEREFORE

**BE IT RESOLVED** that the Governing Board of Monterey Peninsula Community College District hereby approves a Notice of Intent to enter into a lease agreement with Monterey Bay Certified Farmers Market, and

**BE IT FURTHER RESOLVED** that the Governing Board intends to take action to enter into this lease agreement at its regularly scheduled Board meeting on June 27, 2012, 3:00 p.m. at the Karas Room, Library and Technology Center, Monterey Peninsula Community College District, 980 Fremont Street, Monterey, California 93940.

Passed and adopted as a resolution by the Governing Board of Monterey Peninsula Community College district, at a meeting held on May 23, 2012.

#### Proposal:

That the Governing Board ratify the awarding of the Leica Microscopes purchase to JH Technologies in the amount of \$172,034.75. JH Technologies was the only responsive bidder that met District criteria.

#### **Background:**

The microscopes are being purchased for the newly renovated Life Science Building. Advertisement for the bid was posted in the Monterey County Herald on April 26, and May 1, 2012. Bid documents were available April 26, 2012 with a due back date of May 11, 2012 at 2 PM.

A team of five faculty and two lab managers have worked over the past year in selecting the microscopes best suited for the newly renovated Life Sciences building, based on the following criteria:

- 1. Ease of use of the instruments for our students.
- 2. Quality of the instruments to fulfill a life expectancy of 20 years under regular classroom conditions.
- 3. Ability to adapt the instruments for camera/video use, where each lab would have a microscope for instructor use equipped with a camera for instruction to the entire lab.
- 4. Availability and commitment to service the instruments.
- 5. Feedback from other campuses on the instruments they had selected.

Four microscope manufacturers or distributors (Nikon, Olympus, Leica, and Microscope World) participated in a demonstration of their models for evaluation by faculty and staff. All were encouraged to provide commentary/ feedback relative to quality, ease of use, customer support and suitability of each instrument. Faculty consulted peers at campuses with similar purchase as to the same decision criteria and overall satisfaction with their microscope purchase. After learning of various issues related to quality, durability and lack of customer support, it was determined that the Leica product represented a quality product in a camera system designed for the kind of instructional purposes to be used in our labs. The District was also able to secure a good price with assurance that customer support and service needs would be sufficient.

#### **Budgetary Implications:**

Expenses for the bid will be paid for through bond funds.

**X RESOLUTION: BE IT RESOLVED,** That the Governing Board ratify the awarding of the Leica Microscopes purchase to JH Technologies in the amount of \$172,034.75. JH Technologies was the only responsive bidder that met District criteria.

#### **Proposal:**

That the Governing Board approve the agreement with Alameda County Schools Insurance Group (ACSIG) to participate in the ACSIG Vision Group effective July 1, 2012 and authorize the Vice President for Administrative Services to execute the required documents.

#### **Background:**

At the April 25, 2012 meeting the Board authorized the Vice President for Administrative Services to withdraw from the Community Colleges Insurance Group (CCIG), a Joint Powers Authority administered by Keenan & Associates for providing dental and vision benefits. It has been determined that a more beneficial arrangement for providing these benefits is through a participation agreement with Alameda County Schools Insurance Group (ACSIG). ACSIG is a self insurance pool that has been in existence since 1978 and operates programs for property/liability, dental and vision, and workers' compensation.

The vision program serves 18 agencies statewide. Monterey Peninsula College would continue to be self-funded and would reimburse ACSIG for actual vision claims costs in addition to administrative fees to ACSIG and Vision Service Plan. MPC maintains control over the provisions of vision coverage. The advantage of participating in a large pool is to obtain more favorable administrative rates than are available to a small group on its own. There will be no change in the level of benefits to plan participants. The initial contract is for July 1, 2012 through September 30, 2013 and is renewable annually. The agreement may be cancelled for any reason with a 90 day notice.

The Health and Welfare Cost Containment Committee recommends this proposal.

#### **Budgetary Implications:**

A small increase in costs (\$850 annually) to the self insurance fund for the administration of the vision program is anticipated, which is offset by savings in the dental program.

**Resolution:** BE IT RESOLVED, that the Governing Board approve the attached agreement with Alameda County Schools Insurance Group (ACSIG) to participate in the ACSIG Vision Program effective July 1, 2012 and authorize the Vice President for Administrative Services to execute the required documents.

#### II. Participating Member Responsibilities

- B. Payments for Claims and Administrative Services
  - 1. On a mutually agreed upon day each <u>week</u>, the Participating Member will transmit to ACSIG/EDGE the full amount of Dental Benefits Liability as determined by ACSIG/EDGE from Delta Dental's claim payments report, plus the claims administration expense agreed to by Delta and ACSIG/EDGE, by check or by deposit, or by using other agreed upon methods, that will be deposited into the trust account designated by ACSIG/EDGE.
  - 2. The Participating Member will pay for services of ACSIG/EDGE the amount shown in the fee Schedule attached hereto. ACSIG/EDGE will invoice the Participating Member on a combined basis with B.1. (above), or individually, and shall be paid by the 15th day of the month for which the enrollment

#### III. Term of Contract and Termination

- A. The term of this Agreement shall commence on <u>July 1, 2012</u> and continue through <u>September 30, 2013</u> or upon cessation of the ACSIG/EDGE contract with Delta Dental, whichever is earlier. The Agreement will renew for one year periods of time on <u>October 1</u> of each subsequent year subject to the cancellation provisions of the Agreement. Claims and administration costs that are incurred during the term of this contract are the responsibility of the Participating Member.
- B. Either party may cancel this Agreement by giving <u>90</u> days written notice to the other party without cause, or upon 30 days notice if a breach of this agreement occurs and is unresolved within 15 days. Cause means a material breach of any provision of this Participation Agreement.
- C. Should either party fail to meet the financial obligation of this Agreement, either party may cancel this Agreement by giving five (5) days notice. Any such cancellation shall be made pursuant to the notice provisions of this Agreement.
- D. Participating Members will be given 30 days notice of a change in fee schedule.

#### IV. Fees

- A. The fees as shown in Appendix I of this Agreement are guaranteed through the time period indicated in Appendix I or cessation of the contract between ACSIG/EDGE and Delta Dental, whichever is earlier.

#### V. Indemnification and Dispute Resolution

- A. The ACSIG/EDGE, who is an independent contractor, shall not be liable for the payment of any unpaid claims or for denial of payment of any claims under the Plan. It is understood and agreed that in the absence of gross negligence the ACSIG/EDGE will not be liable for any error in payment of claims and while the ACSIG/EDGE will attempt to recover any such erroneous payment, it is not required to initiate legal process for recovery.
- B. The ACSIG/EDGE shall use ordinary care and reasonable diligence in the performance of its duties under this Agreement but shall not be liable for any mistake in judgment or other action taken in good faith. In the performance of its duties under this Agreement, the ACSIG/EDGE agrees to indemnify the Participating Member and hold it harmless against any and all loss, damage, and expense resulting from or arising out of the ACSIG/EDGE's gross negligence or dishonest, fraudulent or criminal acts. The ACSIG/EDGE shall maintain adequate errors and omissions coverage.
- C. The sole remedy for resolving any and all disputes arising with respect to or in connection with this Agreement, including any disputes regarding the cancellation or rescission of this Agreement, shall be arbitration as herein provided:
  - (1) All issues for arbitration shall be referred to three disinterested arbitrators, one being chosen by the ACSIG/EDGE one being chosen by the Participating Member and the third chosen by the aforesaid arbitrators. In the event that the first two arbitrators so chosen do not agree as to the third arbitrator within 30 days after both have been appointed as arbitrators, the third arbitrator shall be chosen by the American Arbitration Association. Should either party hereto fail to choose its arbitrator within 30 days after receipt of written notice from the other party requesting it to do so, the requesting party shall name both arbitrators and they shall proceed in all respects as above stipulated. Each party shall present its case to the arbitrators within 30 days following the date of appointment of the third arbitrator.
  - (2) The arbitrators shall consider this Agreement an honorable engagement rather than merely a legal obligation, and they are relieved of all judicial formalities and may abstain from following the strict rules of law. The decision and award of the majority of the arbitrators shall be final and binding upon the ACSIG/EDGE and the Participating Member. Judgment may be entered upon the award of arbitrators in any Court having jurisdiction.
  - (3) The arbitrators shall be active or retired (i) insurance agents or (ii) officers of insurance companies, and not under the control or management of either party to this Agreement. Arbitration shall take place in San Francisco, California, unless the ACSIG/EDGE and the Participating Member agree otherwise. The United States Federal Arbitration Act applies to this Agreement.

- (4) Each party shall bear the expense of its own chosen arbitrator, and shall jointly and equally bear with the other the expense of the third arbitrator and of the arbitration. In the event that the two arbitrators are chosen by one party, as above provided, the expense of all the arbitrators and the arbitration shall be equally divided between the two parties.
- (5) This Provision concerning arbitration shall survive the termination, cancellation or rescission of the Agreement.

#### VI. General Provisions

- A. ACSIG/EDGE is and shall remain at all times an independent contractor with respect to the services being performed pursuant to this Agreement and shall not be considered or otherwise deemed to be an employee or agent of the Participating Member.
- B. This Agreement is legally enforceable solely between ACSIG/EDGE and Participating Member, and shall not be considered or otherwise deemed to create any rights or legal relationship between ACSIG/EDGE and any participant or beneficiary under the Plan.
- C. No waiver or modification of any terms of this Agreement shall be effective unless in writing and duly executed by the party to be charged therewith. Waiver of any breach hereof shall not operate as a waiver of any subsequent breach, nor may the same be asserted in any proceeding as an estoppel against the party asserting such subsequent breach.
- D. This Agreement shall in all respects be governed by the laws of the State of California. Venue of any suit or other proceeding hereunder shall be properly placed in Alameda County and both parties waive any objection to venue of any such proceeding therein.
- E. If any action be brought by either party to enforce or seek damages for breach of any provision of this Agreement, the prevailing party in such action, if there be a prevailing party, shall be entitled to recover, in addition to costs of suit, such reasonable attorneys' fees as the tribunal determining the action may award.
- F. If any term, condition, or provision of this Agreement shall be found to be illegal or unenforceable to any extent for any reason, such provision shall be modified or deleted so as to make the balance of this Agreement, as modified, valid or enforceable to the fullest extent permitted by law.

New Business Agenda Item No. M

Human Resources

#### **Proposal:**

That the Governing Board approve the agreement with Alameda County Schools Insurance Group (ACSIG) to participate in the Educational Dental Group Enterprise (EDGE) effective July 1, 2012 and authorize the Vice President for Administrative Services to execute the required documents.

#### **Background:**

At the April 25, 2012 meeting the Board authorized the Vice President for Administrative Services to withdraw from the Community Colleges Insurance Group (CCIG), a Joint Powers Authority administered by Keenan & Associates for providing dental and vision benefits. It has been determined that a more beneficial arrangement for providing these benefits is through a participation agreement with Alameda County Schools Insurance Group (ACSIG). ACSIG is a self insurance pool that has been in existence since 1978 and operates programs for property/liability, dental and vision, and workers' compensation.

The dental program serves 285 agencies statewide. Monterey Peninsula College would continue to be self-funded and would reimburse ACSIG for actual dental claims costs in addition to administrative fees to ACSIG and Delta Dental. MPC maintains control over the provisions of dental coverage. The advantage of participating in a large pool is to obtain more favorable administrative rates than are available to a small group on its own. There will be no change in the level of benefits to plan participants. The initial contract is for July 1, 2012 through September 30, 2013 and is renewable annually. The agreement may be cancelled for any reason with a 90 day notice.

The Health and Welfare Cost Containment Committee recommends this proposal.

#### **Budgetary Implications:**

A decrease of approximately \$7800 in annual costs to the self insurance fund is anticipated from this agreement.

⊠ **Resolution:** BE IT RESOLVED, that the Governing Board approve the attached agreement with Alameda County Schools Insurance Group (ACSIG) to participate in the Educational Dental Group Enterprise (EDGE) effective July 1, 2012 and authorize the Vice President for Administrative Services to execute the required documents.

#### ACSIG VISION GROUP SELF-FUNDED PARTICIPATION AGREEMENT

Whereas, <u>MONTEREY PENINSULA COLLEGE</u> (hereinafter called "Participating Member") has established a self-funded vision plan, and whereas Participating Member will be enlisting the services of Alameda County Schools Insurance Group (hereinafter called "ACSIG") as a Participating Member of the Vision Program and whereas Participating Member agrees that ACSIG has entered into an Administrative Services Agreement with VSP in order to provide eligibility data, forwarding of payments for claims and administrative costs, and to act as a single contract source for all Participating Members who heretofore would have otherwise provided these services independently and directly to VSP; therefore, Participating Member desires to enter into a Participation Agreement (Agreement) with ACSIG, effective July 1, 2012 under the following terms and conditions:

#### I. COVERAGE

- A. Coverage under this program shall be identical to coverage being provided in the individual plans from which the district is transferring.
- B. A district may elect to alter their level of benefits. Should such changes result in an increase in the scope of coverage, ACSIG will adjust the premium rate to reflect this increased risk.

#### II. MEMBER RESPONSIBILITIES

#### A. Eligibility Listings

Participating Member will provide complete eligibility listings and enrollment information to ACSIG or its designated entity, along with any necessary changes to employee status (additions, deletions, changes of family status) prior to the 20th day of the month prior to month for which the transactions are effective.

  - 1. On a mutually agreed upon day each <u>month</u>, the Participating Member will transmit to ACSIG the full amount of Vision Benefits Liability as determined by ACSIG from VSP's claim payments report, plus the claims administration expense agreed to by VSP and ACSIG, by check or by deposit, or by using other agreed upon methods, that will be deposited into the trust account designated by ACSIG.

1

- 2. The Participating Member will pay for services of ACSIG the amount shown in the fee Schedule attached hereto. ACSIG will invoice the Participating Member on a combined basis with B.1. (above), or individually, and shall be paid by the 15th day of the month for which the enrollment applies. Each following month's invoice will reflect monthly activity including additions or deletions for the previous month's eligibility.
- C. COBRA Eligible Members

Participating Member shall be responsible for its employees and/or dependents that may elect to maintain benefits under federal or state COBRA provisions. All letters, notifications, election forms and payment tracking required by COBRA and related laws, shall be provided by the Participating Member. Eligible COBRA employees and/or dependents shall be reported to ACSIG in the same manner as other eligible employees, with the Participating Member maintaining the responsibility of tracking the various time limits of eligibility.

#### III. PAYMENT TO VSP

- A. ACSIG will collect payment for VSP's claims and administrative charges from Participating Members and remit a single payment for claims charges and administrative charges to VSP on a mutually agreed upon schedule.
- B. ACSIG agrees to allow the Participating Member access to its books and records upon reasonable request.
- C. Representation to VSP. ACSIG will designate appropriate representatives to act as the contacts with VSP for information dissemination.
- D. Continuing Administration. ACSIG or its designated entity, will respond to all inquiries regarding enrollment and payment of charges.

#### IV. TERM OF CONTRACT AND WITHDRAWAL

- A. The term of this Agreement shall commence on July 1, 2012 and continue through September 30, 2013 or upon cessation of the ACSIG contract with VSP, whichever is earlier. The Agreement will renew for one year periods of time on October 1 of each subsequent year subject to the cancellation provisions of the Agreement. Claims and administration costs that are incurred during the term of this contract are the responsibility of the Participating Member.
- B. Either party may cancel this Agreement by giving <u>90</u> days written notice to the other party without cause, or upon 30 days notice if a breach of this agreement occurs and is unresolved within 15 days. Cause means a material breach of any provision of this Participation Agreement.
- C. Should either party fail to meet the financial obligation of this Agreement, either party may cancel this Agreement by giving five (5) days notice. Any such cancellation shall be made pursuant to the notice provisions of this Agreement.
- D. Participating Members will be given 30 days notice of a change in fee schedule.

#### V. DENTAL/VISION COMMITTEE

A. The Dental/Vision Committee shall be made up of members of the ACSIG Board of Directors and shall be responsible for matters relating to the administration and operation of the ACSIG program. The Committee shall be composed of a minimum of three representatives plus the ACSIG Risk Manager.

#### VI. INDEMNIFICATION AND DISPUTE RESOLUTION

- A. ACSIG, who is an independent contractor, shall not be liable for the payment of any unpaid claims or for denial of payment of any claims under the Plan. It is understood and agreed that in the absence of gross negligence the ACSIG will not be liable for any error in payment of claims and while the ACSIG will attempt to recover any such erroneous payment, it is not required to initiate legal process for recovery.
- B. ACSIG shall use ordinary care and reasonable diligence in the performance of its duties under this Agreement but shall not be liable for any mistake in judgment or other action taken in good faith. In the performance of its duties under this Agreement, ACSIG agrees to indemnify the Participating Member and hold it harmless against any and all loss, damage, and expense resulting from or arising out of ACSIG's gross negligence or dishonest, fraudulent or criminal acts. ACSIG shall maintain adequate errors and omissions coverage.
- C. The sole remedy for resolving any and all disputes arising with respect to or in connection with this Agreement, including any disputes regarding the cancellation or rescission of this Agreement, shall be arbitration as herein provided:
  - (1) All issues for arbitration shall be referred to three disinterested arbitrators, one being chosen by ACSIG one being chosen by the Participating Member and the third chosen by the aforesaid arbitrators. In the event that the first two arbitrators so chosen do not agree as to the third arbitrator within 30 days after both have been appointed as arbitrators, the third arbitrator shall be chosen by the American Arbitration Association. Should either party hereto fail to choose its arbitrator within 30 days after receipt of written notice from the other party requesting it to do so, the requesting party shall name both arbitrators and they shall proceed in all respects as above stipulated. Each party shall present its case to the arbitrators within 30 days following the date of appointment of the third arbitrator.
  - (2) The arbitrators shall consider this Agreement an honorable engagement rather than merely a legal obligation, and they are relieved of all judicial formalities and may abstain from following the strict rules of law. The decision and award of the majority of the arbitrators shall be final and binding upon the ACSIG and the Participating Member. Judgment may be entered upon the award of arbitrators in any Court having jurisdiction.
  - (3) The arbitrators shall be active or retired (i) insurance agents or (ii) officers of insurance companies, and not under the control or management of either party to this Agreement. Arbitration shall take place in San Francisco, California, unless ACSIG and the Participating Member agree otherwise. The United States Federal Arbitration Act applies to this Agreement.

- (4) Each party shall bear the expense of its own chosen arbitrator, and shall jointly and equally bear with the other the expense of the third arbitrator and of the arbitration. In the event that the two arbitrators are chosen by one party, as above provided, the expense of all the arbitrators and the arbitration shall be equally divided between the two parties.
- (5) This Provision concerning arbitration shall survive the termination, cancellation or rescission of the Agreement.

#### VII. GENERAL PROVISIONS

- A. ACSIG is and shall remain at all times an independent contractor with respect to the services being performed pursuant to this Agreement and shall not be considered or otherwise deemed to be an employee or agent of the Participating Member.
- B. This Agreement is legally enforceable solely between ACSIG and Participating Member, and shall not be considered or otherwise deemed to create any rights or legal relationship between ACSIG and any participant or beneficiary under the Plan.
- C. No waiver or modification of any terms of this Agreement shall be effective unless in writing and duly executed by the party to be charged therewith. Waiver of any breach hereof shall not operate as a waiver of any subsequent breach, nor may the same be asserted in any proceeding as an estoppel against the party asserting such subsequent breach.
- D. This Agreement shall in all respects be governed by the laws of the State of California. Venue of any suit or other proceeding hereunder shall be properly placed in Alameda County and both parties waive any objection to venue of any such proceeding therein.
- E. If any action be brought by either party to enforce or seek damages for breach of any provision of this Agreement, the prevailing party in such action, if there be a prevailing party, shall be entitled to recover, in addition to costs of suit, such reasonable attorneys' fees as the tribunal determining the action may award.
- F. If any term, condition, or provision of this Agreement shall be found to be illegal or unenforceable to any extent for any reason, such provision shall be modified or deleted so as to make the balance of this Agreement, as modified, valid or enforceable to the fullest extent permitted by law.
- G. Any notices or other communication required or permitted hereunder shall be in writing, and shall be deemed to have been given, upon being personally delivered, or two days after being placed in the United States mail, postage prepaid, addressed as follows: Alameda County Schools Insurance Group, P.O. Box 2487, Dublin, CA 94568.

That the Governing Board approve the proposed Adjunct Faculty Hiring Procedures Joint Agreement between the Monterey Peninsula Community College District and the Monterey Peninsula College Academic Senate.

#### **Background:**

California Education Code 87360 requires that hiring criteria, policies and procedures for new faculty members be developed and agreed upon jointly by the Academic Senate and the Governing Board. The original agreement on adjunct hiring procedures was approved on September 16, 1991. The need to revise these procedures was recognized several years ago and in fall 2010 the Equal Employment Opportunity Advisory Committee (EEOAC) initiated an examination of the procedures to provide the Academic Senate with recommendations for revision. These recommendations were finalized on March 24, 2011 and provided to the Senate. The Academic Senate convened a committee in Spring 2011 which consisted of faculty and management representatives who spent the next year working on the process. The final draft was reviewed extensively and widely on campus, including Administration, Academic Affairs Advisory Group, and College Council. Following two readings, the Academic Senate approved the draft on April 5, 2012.

# JOINT AGREEMENT

between

The Monterey Peninsula Community College District

and

The Monterey Peninsula College Academic Senate

Adopted by the

BOARD OF TRUSTEES

on \_\_\_\_\_

The attached document represents the joint agreement reached between the Monterey Peninsula Community College District and the Monterey Peninsula College Academic Senate on adjunct faculty hiring procedures. The original joint agreement adopted September 16<sup>th</sup>, 1991 will be replaced by this newly adopted procedure.

Douglas R. Garrison, Ed.D. Superintendent/President Alfred Hochstaedter Academic Senate President The proposed revisions to Governing Board Policy, Appendix 5005A (adopted 9/16/1991) reflect the work of the committee which examined this policy from Spring 2011 to Spring 2012. This committee was comprised of Alfred Hochstaedter, Tracie Catania, LaRon Johnson, Brian Brady, Barbara Lee and Andrea Bozant. This proposed policy reflects the current realities in adjunct faculty hiring; recommendations from EEOAC dated 03/24/2011; and updates of job titles and current legal terminology.

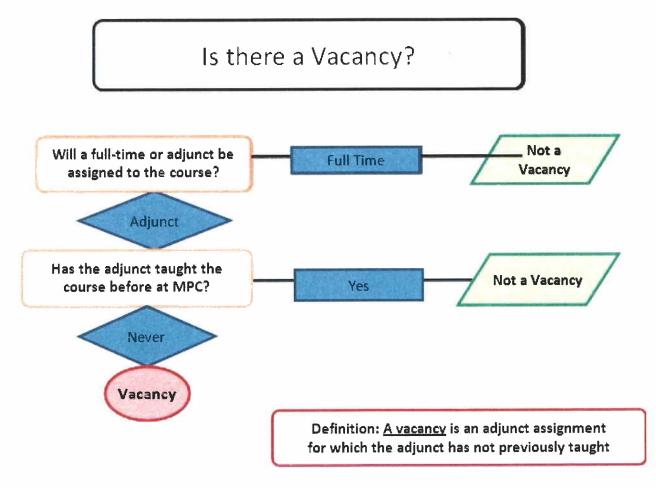

#### Introduction

The Monterey Peninsula College adjunct hiring procedures are designed to follow the intent of AB1725, ensuring that MPC will select adjunct faculty who can teach, who are experts in the subject matter of their discipline, and who will foster community college effectiveness.

This hiring procedure aims to provide the means for hiring an excellent and diverse adjunct faculty. It promotes the casting of as wide a net as possible to increase the excellence and diversity of applicants in the pool. The procedure values the ongoing pool of applicants by accepting applications at any time for any discipline, but recognizes that qualified people do not always apply for a position unless a specific course with times and dates is specified. In order to expand the pool, committees may choose and are encouraged to run a recruitment at any time and under any circumstances.

#### The Vacancy

A vacancy is an adjunct assignment for which prospective adjuncts have not previously taught. Please see the vacancy flow chart. MPC may not hire adjunct faculty members who are new to MPC without the identification of a vacancy and consideration of applicants in the pool for the vacancy's discipline.

Preferably, identification of the vacancy occurs during the class scheduling process. If this does not happen, and a vacancy is not identified until there are less than 20 working days until the start of the assignment, the vacancy may be filled using the emergency hiring process. Once a vacancy is identified, a decision is made by the Division Chair on whether or not a recruitment is required.

#### The Pool

The pool refers to a group of applications that have been collected for a specific discipline and kept on file in HR. Applications are accepted continuously. The pool shall be considered for each vacancy. The pool includes both internal candidates, which include all currently and previously employed adjunct instructors, and external candidates, which include all applicants who have never been employed as adjunct faculty by MPC. To be entered into the pool, all applicants must have submitted a complete adjunct application and meet Minimum Qualifications or the equivalent.

An adequate pool is one that contains three or more external candidates that meet Minimum Qualifications or the equivalent who have not been previously interviewed.. Applications from external candidates shall be kept on file for a minimum of two years by HR.

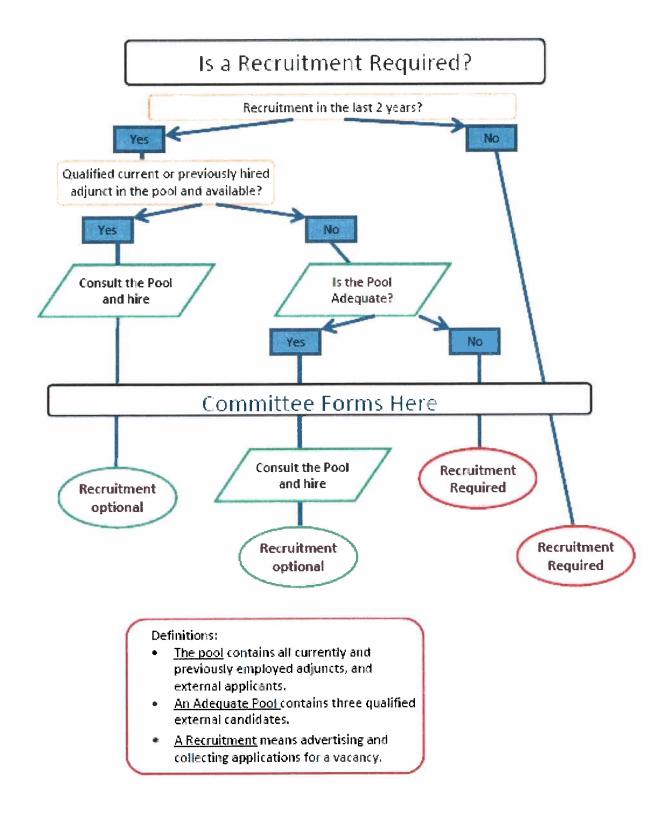

#### **The Recruitment**

The District recognizes that recruitment of qualified applicants is a benefit to the academic quality of services provided, and divisions and departments are encouraged to conduct recruitments on a frequent, regular basis. The term "recruitment" refers to the process of advertising and collecting applications for a vacancy. Whereas recruitments can be run at any time and for any vacancy, it is required if the pool is not adequate or if a recruitment has not been run in the last two years.

Please use the recruitment flow chart as a guide in determining whether or not a recruitment is needed for a vacancy. Starting from the top of the diagram, a recruitment is always required if the last recruitment was conducted more than two years ago. If a recruitment was conducted within the last two years, the second decision point is whether or not currently or previously hired adjuncts are in the pool and available. If they are available, the division chair or designee may hire them. Recruitment is optional in this case. If current or previously hired adjuncts are not available, then it must be determined whether or not the pool is adequate (see the pool section above). If the pool is adequate, then a committee may be formed to screen applications from the pool and select which applicants to interview. A recruitment is optional in this case. If the pool in this case. If the pool is not adequate, a recruitment is required.

#### **The Selection Committee**

A selection committee must form when applicants that would be new to MPC are considered. This ensures that more than one faculty member takes part in the interview process to select new faculty members for MPC.

The division chair or designee (often a department chair) serves as the committee chair, and selects at least one additional faculty member to serve. At least one of the committee members must be full time, although not necessarily permanent or tenured. The committee must be ethnically or gender diverse, and all members must have participated in EEO hiring committee training or EEO rep training within the

last three years. In addition to the required members listed above, the committee may include as voting members:

- Adjunct faculty (unpaid)
- Students (unpaid)
- Non-probationary classified employees
- Management team members
- Community members, faculty/staff from other colleges or business entities who bring expertise or value to the process (unpaid)

Finally, the Division Chair approves the composition of the selection committee and reports the composition to Human Resources.

#### Job Announcement

Faculty position announcements have standard language and format determined by the Academic Senate and the administration. Committee chairs shall start with this standard language and, in collaboration with HR, develop a job announcement appropriate for the vacancy. The job announcement must include:

- The following statement welcoming diverse applicants: "Monterey Peninsula College actively seeks a diverse pool of applicants interested in working in an environment which values flexibility, openness to change, collaboration, respect for others and their points of view, and involvement in College activities, all with the goal of meeting the needs of our diverse student population. The District does not discriminate on the basis of ethnicity, national origin, ancestry, sex, religion, marital status, disability, or sexual orientation in any of its policies, practices, or procedures."
- Number and titles of courses to teach
- Kinds of services to provide
- Hours to work
- Minimum Qualifications
- Clear directions for the applicant who believes he/she possesses equivalent qualifications, but does
  not possess the stated minimum qualifications, to complete the required Equivalency Application
- Language that accurately describes the position in terms of number and titles of courses to teach, the kinds of services to provide, and the hours to work, but does not inappropriately limit the potential pool of gualified individuals
- Clear descriptions of any supplemental application materials desired by the selection committee
- Clear description of how extraneous application materials will be handled by the committee

#### Advertising

Vacancies will be publicized, as appropriate for the position, in local publications, as well as online job boards and other mass media outlets for maximum exposure to qualified applicants, including those of monitored groups. HR shall present the advertising plan to the committee for review and comment. HR will produce the position announcement and arrange advertising and announcements using available resources as follows:

Place advertisements in appropriate local publications.

- Send announcements to California Community Colleges, UC and CSU placement offices, advocacy
  groups representing the interests of monitored groups, and others on the standard email/mailing
  list.
- Post advertisements on electronic job boards such as Monterey Peninsula College website, California Community College Registry, other high traffic job boards for higher education or by discipline. Emerging digital resources can be utilized, as deemed appropriate and cost effective.
- Place advertisements or send announcements to places recommended by the discipline experts on the committee.
- Positions shall remain open for a minimum of two weeks.

#### **Minimum Qualifications Review and Equivalency**

HR and the committee chair review the applications for minimum qualifications and completeness. If the committee chair determines that a candidate has not provided evidence of having the minimum qualifications, HR informs the candidate of the equivalency process and offers the candidate the opportunity to turn in an equivalency application. If an application is incomplete and there is sufficient time available prior to the committee reviewing the applications, HR will make every effort to inform the candidate as to items needed to complete the application. However, the committee is not required to review incomplete applications.

The committee chair reviews those applications containing an equivalency application and decides whether or not to recommend equivalency. If the chair endorses an application that meets equivalency standards, it will be submitted to the Equivalency Committee for consideration through the equivalency process as defined in the MPC full-time faculty hiring procedure and the equivalency processes.

#### **Paper Screening**

The committee shall review and rate all complete applications using a rating form developed by the committee. The size and complexity of the rating form shall depend on the number of applications and the discretion of the committee. A minimum rating form that consists of rating categories for sensitivity to diversity and the overall quality of the applicant is available from HR. More complex rating forms could identify categories for work experience, education, training, experience working with diverse groups, etc.

The committee shall meet as a group to discuss the candidates' qualifications. The discussion shall be strictly on the candidate's qualifications and serve to ensure that no candidate is overlooked by committee members who may have missed important qualifications of a candidate during their individual review. The committee will invite the number of candidates that ensures the most qualified group of applicants is interviewed. There is no minimum or maximum number of candidates who must be invited to interview. When deciding who to interview, the committee shall err on the side of inclusiveness. HR contacts applicants that were not selected for interview.

#### Interviews

The applicants selected for interview shall be contacted and invited by the committee chair. The same questions must be asked of each applicant, and each applicant must be rated on the same criteria. A list

of example questions that serve as a starting point for committees to develop their own questions to ask each interviewee is available from HR. Follow up questions that serve to clarify responses or probe further into answers are encouraged. Each committee member shall individually rate each of the interview questions.

Teaching positions require a teaching demonstration during the interview process. Committees for nonteaching positions may decide to require a demonstration showing how the applicant would provide appropriate services such as a counseling session. Instructions for the demonstration shall be given to the applicant at the time he/she is invited to interview. The instructions should specify the topic to be taught or service to be provided, the kinds of student who will be the intended audience, and the kinds of technology that are available. Each committee member shall rate the demonstration.

#### **Reference Checks**

The committee chair, or designee, is strongly encouraged to conduct reference checks, including former employers. Reference checks shall be limited to position-related criteria.

#### **Finalizing the Selection**

The committee shall consider all of the information it has collected and make a decision. The committee chair recommends the selected candidate to the appropriate Dean for confirmation of the process and approval of the committee recommendation, then offers the position to the selected candidate, and receives his/her decision on whether or not he/she accepts the position. If the Dean does not approve the recommendation or the process, the Dean will confer with the committee chair to reach a resolution.

All of the interviewed applicants are contacted by the committee chair and informed of the decision. The committee chair informs HR, the division chair, the DOM, and the appropriate dean as soon as the candidate has accepted the position. Human Resources determines proper salary placement. All of the committee's paperwork, including paper screening forms and interview rating forms, are turned in to HR.

#### **Emergency Hire Procedures**

The need to hire adjunct faculty without sufficient notice sometimes occurs. A vacant position that becomes known within 20 working days from the start of the assignment may be filled using the emergency procedures.

In an emergency situation, action may be taken to hire a candidate without going through the full advertisement and screening process described above. An abbreviated screening and interview process may be used as determined by the committee. However, a committee must be utilized and the process should include an interview and a demonstration of teaching or providing services. An emergency adjunct hiring procedure must be approved by the dean overseeing the department. The dean then notifies HR and the committee may start the process by conferring with HR about the exact procedure to be followed.

Following an emergency hire, the department must follow the normal adjunct hiring procedures if they wish to hire the new adjunct faculty member for a following semester, or a vacancy has been identified in the department.

## **Governing Board Agenda**

May 23, 2012

New Business Agenda Item No. P

Superintendent/President College Area

#### **Proposal:**

Discuss the revised Governing Board Policies Review Process.

#### **Background:**

For the past five years, MPC has been actively engaged in a comprehensive review and update of the district's Board policies to ensure compliance with state and federal laws and regulations and to reflect current practice. To accomplish this review:

- A Board Policy Review Process was developed to outline the steps, define roles, and provide for shared governance input.
- The Policy and Communication Committee (PACC) was created and assigned the role of disseminating proposed updates and new policies to constituent groups for review and comment.
- The college subscribed to the board policies and procedures service offered by the Community College League of California to have access to sample policies with legally recommended language.
- Board policies were posted to the college's website and updated with revisions and additions after Board adoption to ensure the campus and the community had access to these public documents.

#### Current Status and the Challenge

To date, the result of the Board policies review is that 17 policies have been revised and 6 new policies have been added during the past five years. Out of 182 Board adopted policies, 23 or 12% have been addressed. After a policy has been approved by the President/Vice President's Group for dissemination by PACC, the review process has taken an average of 7 months before the policy is adopted by the Board. Based on the time and effort involved, the review and revision of the remaining 159 policies will likely take several years, if the current process is followed. At a rate of five policies per year (based on 23 policies processed over 5 years), the Board policies review will not be completed for 30 years. Even doubling the rate to 10 policies per year would require 15 years for completion.

Meanwhile, the regulatory environment continues to change with laws and regulations being revised or added. As a majority of the existing Board policies were adopted over 20 years ago, in 1988 or 1989, the District's policies represent a different time. Many are out of date. This review is critical to complete to implement the many regulatory changes that have and are occurring and to provide assurance to the campus and the public that MPC's policies are up-to-date, compliant, and accessible. A more efficient system is needed to complete the update expeditiously and to make more effective use of valuable professional time.

#### Proposal for a New Approach

MPC is not alone in needing current, up-to-date policies to govern college operations. The other 111 colleges in the California community college system are subject to the same laws and regulations. To meet the need for governing policies, the Community College League of California (CCLC) developed a subscription service to provide districts with a set of policies and procedures that are required by state and federal law or regulation. Sixty-seven districts currently subscribe to the service.

CCLC's policy language has been developed and vetted by the League's attorneys. The policies contain the minimum required language and reflect the principle that policies should be broad statements, clear and concise. Policy updates, due to regulatory changes and other legal issues, are provided in February and August of each year.

MPC has subscribed to CCLC's policies and procedure service since 2005. The 23 policies processed to date have utilized CCLC policy language.

MPC has conducted the current Board policies update on a policy-by-policy basis, and the process has proved to be time intensive. The new approach being proposed is to adopt CCLC's policy manual in its entirety, as a replacement for the District's existing polices. This approach will ensure the District has the essential policies in place and the deleting of out-of-date or noncompliant policies will be accomplished more efficiently. The acceptance of the CCLC policy language without revision is advised to safeguard the District and avoid the need for review of language modifications by local legal counsel, saving District legal costs.

Implementation would consist of each of the vice presidents reviewing the policies for their areas with the appropriate advisory groups and the Academic Senate, prior to presentation to College Council. Certain individual policies considered sensitive or where local elaboration or modification is permitted, may be pulled for specific review or analysis. There may also be instances where MPC has a policy not covered by the CCLC service that requires additional consideration. However, the bulk of the policies would be treated as a group, provided routine acceptance, and sent forward for adoption by the Board after approval by College Council.

The existing Board Policy manual appears to have been updated in a similar way – the majority of the policies have adoption dates in 1988 and 1989, indicating policies were adopted as an aggregate.

The new approach was presented to the advisory groups and the Academic Senate for discussion, and College Council conducted two readings prior to approving the revised process on May 1, 2012. The process will go into effect immediately.
