hope. help. here.

August 23, 2011

Mr. Douglas R. Garrison, Ed.D. School Board President
Monterey Peninsula College
980 Fremont Street
Monterey, CA 93940

Dear Mr. Garrison,

The Community Human Services Joint Powers Agency is an effective public-private partnership that ensures a safety net of services for the neediest families in our community. Your ongoing support of the JPA is important and appreciated.

Enclosed is the Community Human Services **Year-End Summary of Services** for fiscal year 2010-11. Last year, CHS helped a total of 3,126 individuals and provided 110,558 units of service (unduplicated counts). A unit of service is generally defined as a counseling session, a dose of medication, a 24-hour day of treatment, etc. The following is a recap of services provided specifically to the families of **Monterey Peninsula College**. These figures represent a subset of information and are typically under-reported by clients:

<u>Service</u>	<u>Individuals</u>
Runaway and Homeless Youth Services	23
Supervised Visitation	7
Domestic Violence Intervention	7
Narcotic Replacement Therapy	3
Transitional Supportive Housing	1

Please share this information with your Board. If you would like a representative to attend an upcoming meeting to make a brief presentation, please contact my assistant Lori Andre at 658-3811.

Sincerely,

Robin McCrae, Executive Director

cc: Dr. Lynn Davis, Chair
Loren Steck, CHS Board Representative
Margaret-Anne Coppernoll, CHS Board Alternate

President Doug Garrison
Monterey Peninsula College
980 Fremont Street
Monterey, CA 93940

Dear President Garrison,

It is my pleasure to inform you that a member of the faculty of Monterey Peninsula College, Alfred Hochstaedter, has been appointed by the Academic Senate for California Community Colleges to the Student Learning and Assessment Committee for the 2011-2012 academic year.

Congratulations to you and your district for having one of your faculty members appointed to this committee. The mission of the community colleges can only be advanced by all of us working collaboratively toward better opportunities and sound educational policies for our students, thereby aiding them to fulfill their potential. Your support for this effort is appreciated.

The Academic Senate allows for the reimbursement of the basic travel expenses for our meetings, such as transportation and meals. However, in addition to our committee activities, this faculty member and your district would also benefit from sending her/him to some of the statewide Academic Senate events; and, financial support by your college will further enable the assigned committee members from your college to make more valuable contributions to your district by providing them with immediate access to faculty with a wealth of information on state policy. For example, sending your faculty member to the spring and fall plenary sessions will help to inform your campus about important policy decisions happening at the state level regarding such matters as accreditation, basic skills, legislation, etc. We hope that you will provide the travel expenses to send your faculty member to these important events.

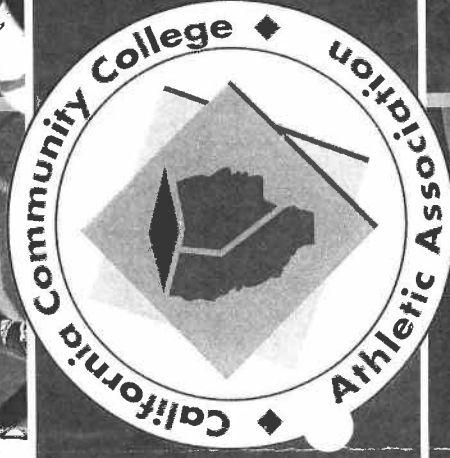

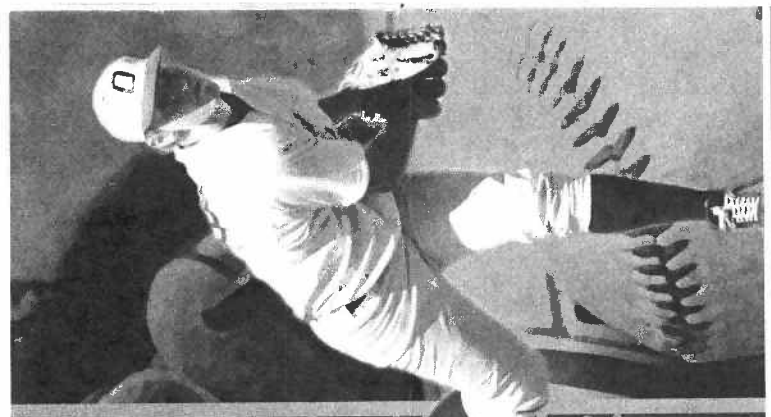

If you have any questions or concerns, please do not hesitate to contact me at the number below.

Cordially,

Michelle Pilati
President

MP/ja

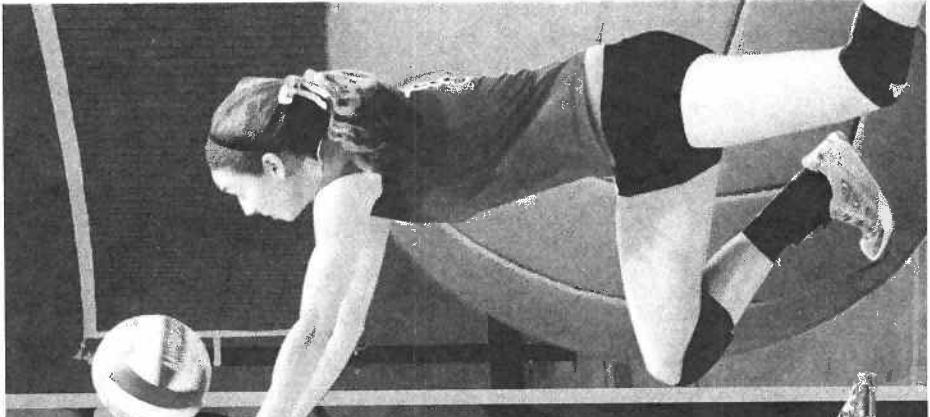

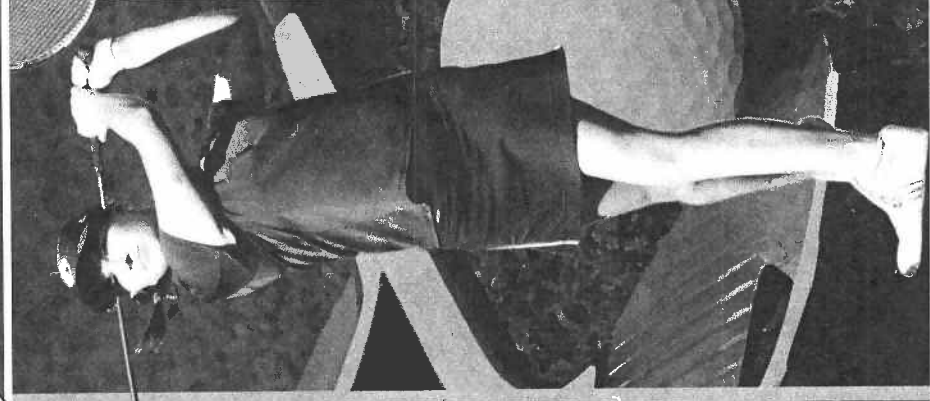

pc: Alfred Hochstaedter, Senate President

2010-11

*The Official Championship
Yearbook Of The CCCAA*

YEAR IN REVIEW

CCCAA HALL OF FAME Class of 2011

Benny Barnes – Contra Costa College – attended 1968-69, administration 1997-current – Football

Benny Barnes was inducted into the CCCAA Hall of Fame in recognition of his outstanding football career. Barnes was a two sport athlete at Contra Costa College, earning all league in both football and track and field. After Contra Costa, Barnes transferred to Stanford University and was signed as a free agent by the Dallas Cowboys in 1972, where he spent 11 years playing defensive back. During that span Dallas played in four Super Bowls and won two. Barnes later returned to Contra Costa College where he has been working for 14 years.

Keith Calkins – Saddleback College – 1980-2001 – Administration

Keith Calkins has been honored for his 37 years of service to California Community College athletics, 21 of which were spent as the Athletic Director of Saddleback College (1980-2001). Calkins has served on numerous committees including President of the California Community College Football Coaches Association and President of the CCC Athletic Directors Association. Calkins also served on the COA Board, was a member of the CCCAA Management Council and was a founding member of SCOPE (now CCCPE). Saddleback College remembers Keith Calkins for many reasons, including the establishment of the Saddleback College Hall of Fame in 1982, the Student Athlete Drug Assistance Program in 1988 and the Athletic Gender Equity Committee in 1994.

William Chambers – Fullerton College – 1961-1999 – Administration

Bill Chambers entered the Hall of Fame for his outstanding career and years of service at Fullerton College (1961-1999) along with his tremendous impact on the profession of athletic training. Bill was an early member of the National Trainers Association (NATA) and a founding member of both the Far West Athletic Trainers Association (FWATA) and the California Community College Athletic Trainers Association (CCCATA). Bill is still actively involved and has served six years on the Board of Directors of the NATA, two terms as NATA President, and two terms as the FWATA President. He also chaired four National Clinical Symposiums, and was the chair of the FWATA Annual Clinical Symposium for 26 years.

Tom Flores – Fresno City College – 1954-1956 – Football

Thomas Flores is recognized for his superb athletic career at Fresno City College as well as his extensive professional football career. Flores attended FCC from 1954-1956 where he was a two-sport star athlete, participating in football for two years and baseball for one. He played his only year of baseball as a freshman leading the Rams in average at .372 and runs scored with 20. During his 19 football games at FCC he threw 24 touchdowns and ran for another 6. In 1959 he was drafted by the Washington Redskins and began his football career in the NFL, becoming the first Latino quarterback to play in the league. Flores later signed with the Kansas City Chiefs, winning his first Super Bowl ring. After retiring as a player, Flores became an assistant coach for the Buffalo Bills and then later with the Oakland Raiders under Coach John Madden (another California Community College alumnus). In 1976 Flores earned his second Super Bowl ring with the Raiders, as assistant coach. After Madden's retirement in 79, Flores became the head coach of the Raiders and first Latino Head Coach in the NFL. As head coach, Flores led the Raiders to two Super Bowl victories in 1980 and '83, earning his 3rd and 4th Super Bowl rings. Following his time as a coach, Flores moved to the Raiders front office and later moved to become president, general manager, and head coach of the Seattle Seahawks. Flores remains active with the NFL, currently serving as a radio announcer for the Raiders. Tom became one of only two people in NFL history to win Super Bowls as a player, assistant coach, and head coach over their career.

Ted Leland – Chabot College – 1965-1966 – Football

Dr. Ted Leland is a Chabot College alumnus, where he spent two years and played football during his time there. After his time at Chabot, Leland transferred to the University of the Pacific where he completed his Bachelors and Masters Degrees. Leland became Athletic Director at Stanford in 1991 after serving as AD at his alma mater and Dartmouth College, Senior Associate at Northwestern University, and Assistant AD at Houston. Leland also served as an Assistant Football Coach and PE Instructor at Stanford during 1978-79. In 1982 Ted earned his PH.D in Education/Sport Psychology at Stanford. While Athletic Director at Stanford for 14 years (1991-2005), Ted was the guiding force in leading the athletics program that was voted the most admired collegiate athletic program in the nation. While Leland was AD at Stanford the College won 50 national team championships, 173 conference championships and an NCAA record six national titles. Following a 2nd place finish in the inaugural year (1993-94), Stanford has won the prestigious Directors Cup 16 consecutive years and holds 1st place in 2010-11. The Directors Cup symbolizes overall excellence and recognizes the top athletic programs in the Nation.

Melvin Mason – Monterey Peninsula College – 1961 & 1967 – Basketball

Melvin Mason was inducted into the CCCAA Hall of Fame for his outstanding basketball play at the community college level as well as his social activism following his time at Monterey Peninsula College. To this day Mason remains the Lobos all-time leading scorer and rebounder and was the Coast Conference Player of the Year in 1961 and again in 1967. In his sophomore season Mason led the state in scoring with 31.1 points per game and was named to the All-State and All-American teams. Between 1961 and 65 he left MPC to join the military (Air Force) where he made All-Air Force for three years. In 1996 Monterey Peninsula College inducted him into their Hall of Fame. Mason's resume has been endless. The beginning of his activism started in the late 1960's when he joined the Black Panther Party. In 1980 he was elected to the Seaside City Council and served until 1984. In 1982, he ran for Governor of California and in 1984 he ran as a Socialist Workers Party candidate for the United States President. In 2006, Mason was appointed to the California State University Chancellor's Access To Excellence Committee. Mason was recently serving his third term as President of the National Association for the Advancement of Colored People (NAACP) branch in Monterey Peninsula and is currently the co-founder, with his wife Regina, and Executive Director/Clinical Director of an African American Family Resource Center in Seaside called The Village Project.

Antonio Pierce – Mt. San Antonio College – 1996-1997 – Football

Antonio Pierce entered the Hall of Fame for his standout football career as well as his two years playing at Mt. San Antonio College. Pierce helped lead Mt. SAC to win the CCCAA State Championship in 1997 and they were deemed National Champions that same year. He was captain of the team and was named to the all state team following his 1997 season. He later transferred to the University of Arizona and then entered the NFL with the Redskins as an undrafted free agent in 2001. He began playing for the New York Giants in 2004. In 2006 Pierce was selected for the Pro Bowl and in '07 helped lead the team to a Super Bowl victory. Pierce retired from football in 2010 and has joined ESPN as an analyst. Along with working for ESPN, he has been running free football camps for underprivileged youths over the last few years.

Colleen Riley – Fullerton College – attended 1961-63, administration 1969-01 – Administration

Colleen Riley was recognized for her 32 years of service at Fullerton College along with her outstanding athletic performances there. She played basketball, softball, field hockey, volleyball and was on the swim team over the two years she attended FC (1961-1963). In 1969 she became the Head Women's Basketball Coach where she remained for 25 seasons. Riley won a total of 559 games, ranked 4th all time in CCCAA women's basketball history. She also won a State Championship in 1978, six Southern California Championships and 15 conference titles. From 1995-2001 Riley served as the Assistant Athletic Director. In 2005 the College inducted her into its Hall of Fame and just last year the Fullerton College basketball court was named in her honor.

Subject: MPCEA Agreements Approved by Members

I am pleased to announce that the MPCEA membership voted today to approve two tentative agreements between MPCEA and the District. One agreement addresses the budget deficit and results in rescinding the potential layoffs of classified staff previously approved by the Board. The action to rescind those layoffs will occur next Tuesday at the regularly scheduled Board meeting. The second agreement extends the MPCEA/MPCCD contract through 2014 with provisions for limited openers. Both agreements are on the Board agenda Tuesday August 23 for ratification.

I am very pleased that we have been able to reach these agreements and especially pleased that we have been able to avoid a reduction in force. Now we can open the fall term with our full attention on our students. Thank you to all of you for coming together to achieve these agreements.

Doug

Subject: Sad News: Passing of Leon Stutzman

To the MPC Community from Dr. Doug Garrison:

We am sorry to tell you that Leon Stutzman passed away last week on August 17th. Leon and wife Mary Lou were strong supporters of MPC and they quietly and consistently contributed to many of our programs. Leon was a resident of Forest Hill Manor in Pacific Grove, and was 86 years old; his beloved wife of 60-years Mary Lou passed away in 2006. Leon was a 19-year-old navigator of a B-24 bomber flying missions over Northern Italy and Austria near the end of World War II. After completing his service in the Air Corps, he returned to college at the U of Wisconsin, received his master's degree from Stanford, and moved to Monterey in 1953. Leon was the first physical therapist in Monterey, opening an office on Cass Street. He was a well-known bass singer in the barbershop quarter, Plus Four, and liked to sign with his church choir and at parties.

In 2003, Leon and his late wife Mary Lou endowed the Leon and Mary Lou Stutzman Choral Music Scholarship and were supporters of the MPC Foundation Renaissance Campaign resulting in the naming of the Leon and Mary Stutzman Room in the Library and Technology Center. He and Mary Lou were MPC Foundation board members and after her passing, he continued to support the College, the Nursing School and Foundation. In 2007, Leon established a Charitable Gift Annuity designating the Foundation as the beneficiary, and also endowed the Mary Lou Stutzman Nursing Scholarship. Additionally, he was very supportive of the Men in Nursing program, and most recently, of both the Dr. Peggy Downes Baskin Faculty Advancement Endowment and the Dr. Richard Kezirian Endowed Scholarship. This was all in addition to his involvement as an upper level member of the President's Circle.

Leon will truly be missed by his many friends at MPC. We will provide a copy of his obituary and service information as soon as known. If you would like to send a note to the family, please do so to:

Gail Stromberg
187 Palm Avenue #28

To the MPC Community from Dr. Doug Garrison:

As written to the MPC Community last week on August 22nd, Monterey Peninsula College lost a friend and supporter with the passing of Leon Stutzman. Leon's obituary was published in *The Monterey Herald* August 28th; a copy is attached. The Celebration of his Life will be held Sunday, September 4th at 2:00pm at the Unitarian Universalist Church of the Monterey Peninsula at 490 Aguajito Road, Carmel. To honor Leon's legacy, the family has asked in lieu of flowers that donations may be made to Monterey Peninsula College through the Foundation.

You may wish to visit the following link to sign Leon's guest book and leave messages for his family.

Leon H. Stutzman

June 30, 1924 ~ August 17, 2011

PACIFIC GROVE - The Monterey Peninsula says goodbye to a long time friend and outstanding citizen. Leon Stutzman passed away of natural causes on August 17, 2011. He was 87 years old. Leon was born in 1924 in Green Bay, Wisconsin, the oldest of five children born to Orlo and Bertha Stutzman. He and his four sisters grew up in

Oshkosh, Wisconsin in a family that loved music. His sisters played the piano and he played the violin by the age of seven. All the kids sang. In high school, Leon played the tuba in the school marching band, but his true instrument turned out to be his unusually deep bass voice, which made him a natural for choirs and choruses for the rest of his life.

Leon served as a navigator of a B-24 in the Air Force during World War II, flying missions over Northern Italy. After the war, he attended the University of Wisconsin, majoring in Physical Therapy. Leon married Mary Louise Chase in 1946 and, after graduating from college, they moved to Portland, Oregon, where he spent three years at the first free-standing physical therapy unit in the U.S. They moved to California in 1952 and he obtained his master's degree from Stanford before settling the following year in Monterey.

Leon was Monterey's first physical therapist. He opened his office on Cass Street and, in 1953, became the first physical therapist ever hired by the Community Hospital of the Monterey Peninsula, working there part-time while maintaining his private practice.

Over the years, Leon actively served his community in Monterey. As a member of the Jaycees, he helped to build Dennis the Menace Park. He served on the Monterey County Planning Commission for 10 years and contributed significantly to building the Unitarian Church of the Monterey Peninsula. He also served on the Monterey Peninsula College Foundation. In addition, during the 60s, Leon spent six months on an assignment in India working as a physical therapist.

As a member of the well-known Plus Four barbershop quartet, Leon performed in national competitions and various venues around the Western U.S. from 1951 to 1957. The quartet wrote many of the songs they performed and included comedy in their routines. Later, Leon sang in the local barbershop chorus and also enjoyed singing in his church choir for many years.

Leon and his wife, Mary Lou, loved to travel. Over the years they traveled throughout Europe, as well as India, Indonesia, and China. He also had a green thumb and enjoyed gardening throughout his life, tending carefully to his many fruit trees and cymbidium orchids.

He is survived by his children, Randi Carney of Menlo Park, Tom Stutzman of San Jose, Gail Strandberg of Marina, and N. Kelly Connell of San Diego. He is also survived by four grandchildren and his sisters, Verla Riggle and Caroll Borgen of Wisconsin.

A Celebration of Life is planned for September 4 at 2:00 PM at the Unitarian Universalist Church of the Monterey Peninsula, 490 Aguajito Road, Carmel. In lieu of flowers, donations may be made to the Monterey Peninsula College Foundation, 980 Fremont St., Monterey, CA 93940. Please visit www.thepaulmortuary.com to sign Leon's guest book and leave messages for his family.

Dear MPC Faculty and Staff,

The Employment Development Department, Operation Welcome Home, will be returning to MPC every Thursday starting August 25 until December 8 to provide veterans and their dependents with referrals to jobs, supportive services, unemployment benefits, etc. The representative will be located in the Student Center in the Costanoan room from 10am-3pm on Thursdays. Please contact the Veterans Workforce Specialist, Fahn Bryant, with any questions by phone (831) 233-0819 or email fahn.bryant@edd.ca.gov.

You served, now let us serve you.

California veterans have sacrificed much and have served our country well protecting the freedoms we all enjoy. The Operation Welcome Home Initiative was launched to help California veterans transition to civilian life once their military service ends.

As part of Operation Welcome Home, the California Employment Development Department has hired a significant number of veterans to serve in the CalVet Corps. CalVet Corps members have been deployed throughout the State to help veterans learn about the benefits and services available to them.

CalVet Corps members can assist or provide veterans with information on **Unemployment insurance, Health care and education benefits, Employment services, Counseling referrals, Job referrals, U.S. Department of Veterans Affairs benefits, Housing programs, Employment benefits such as Veteran's Preference Points, Workshops and training opportunities.**

To speak to a CalVet Corps member, find your local One-Stop Career Center at www.edd.ca.gov/Office_Locator, or complete a Reintegration Form online at www.calvet.ca.gov/VetService/reintegration.aspx and a CalVet Corp member will contact you.

EDD is an equal opportunity employer/program. Auxiliary aids and services are available upon request to individuals with disabilities.

Hello everyone,

The Veterans Affairs (VA) Medical Mobile Van will be returning to MPC on the following days and times in front of the library:

Thursday, September 1	10am-3pm
Thursday, October 6	10am-3pm
Thursday, November 3	10am-3pm
Thursday, December 1	10am-3pm

The VA Medical Mobile Van assists veterans with applying for their VA medical benefits, check-ups, seasonal shots, etc. The Mobile Veteran Center (MVC) may also be present at the dates listed above based on their availability. The available services for the MVC are:

- One-on-one, family, and marriage counseling for veterans
- Easily accessible
- Consumer-oriented facilities
- Traumatic experiences counseling
- Social and economic post-war needs counseling
- Outreach and counseling at activities during post-deployment health reassessments for returning combat service members

Please distribute the attached flyer to inform our veteran students about these resources. Thank you.

Monterey Peninsula College Storybook Theatre presents

BEOWULF

September 9 – 25, 2011

Tickets on sale now

Monterey, CA – MPC's 2011 Storybook Theatre continues with BEOWULF. Based on one of the most important works in Old English literature, this modern adaptation of the epic poem BEOWULF brings the heroic adventure to life for modern audiences. With the realm of King Hrothgar under continual attack by the half-human monster Grendel, the great warrior Beowulf sets sail to aid the ancient King. Stronger than 30 ordinary men, Beowulf must first defeat the bloodthirsty beast, then battle Grendel's horrific mother, who is determined to avenge her offspring. Later, when a robber unwittingly awakens a slumbering dragon, the creature grows enraged and begins attacking the kingdom. Beowulf, now king of his own realm, must once again set forth to do battle and defend the land and his people.

BEOWULF performances are Friday & Saturday at 7:00 PM, and Saturday & Sunday at 3:00 PM, September 9th – 25thnd at Carmel Middle School, 4380 Carmel Valley Road, (half a mile east of Highway One).

Tickets to BEOWULF are available at the MPC Box Office and online at <https://www.TicketGuys.com/mpc>

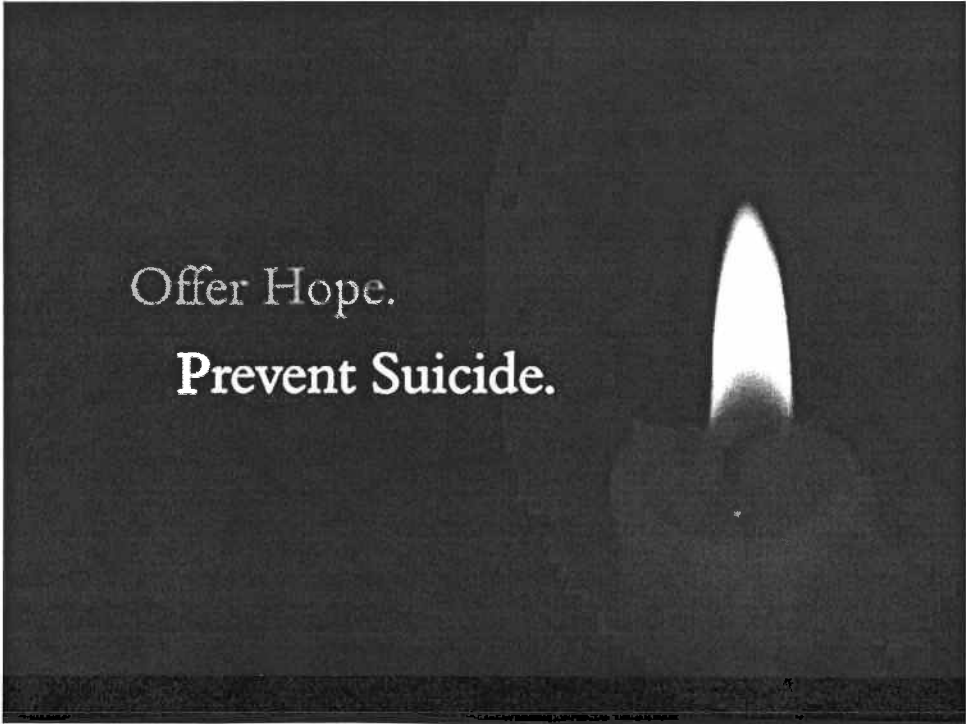

The MPC Box Office (831-646-4213) is located at 980 Fremont Street, downtown Monterey, on the MPC Campus. Box office hours are 3:00 to 7:00 PM on Wednesdays and 3:00 to 5:00 PM on Thursdays & Fridays. Tickets: Adults \$15, Young Adult (16-21) \$12.00, Children (15 & under) \$9.00. Class rates available for select performances. The on-site box office will open at Carmel Middle School, 90 minutes prior to each performance.

Storybook Theatre is made possible in part by, *The Monterey Peninsula Volunteer Services, The S.T.A.R. Foundation, The Jim Tunney Youth Foundation, The Yellow Brick Road Benefit Shop,* and our Fairy God Parents.

Subject: Women Supporting Women

Women Supporting Women

Women Supporting Women was founded at MPC in the spring of 1998. The aim of this fund is to target and support all eligible students (male and female) who are facing financial **emergencies** that threaten their ability to remain enrolled in school. *Women Supporting Women* has contributed to the educational success of countless dedicated students over the years.

Those who seek financial assistance through *Women Supporting Women* are serious, motivated individuals who are faced with unforeseen financial crises. This fund allows The Re-entry and Multicultural Center (REMC) to support these students through these times and to help ensure that temporary setbacks do not delay their ability to claim their educations. *Women Supporting Women* is dependent on community support. Many students would not be able to attend classes if it were not for the generous contributions made by donors that make this fund available. For more information regarding the *Women Supporting Women* emergency fund, the most current *Women Supporting Women* newsletter is now available on the REMC homepage under "Electronic Newsletters".

You may support *Women Supporting Women* online through the Monterey Peninsula College Foundation webpage www.mpc.edu/foundation or by clicking on Donate Now at the top of every MPC webpage. Gifts to the *Women Supporting Women* Fund may be mailed to :

Subject: FW: Lobo Day Fall 2011

From: Gaozong Thao
Sent: Monday, August 29, 2011 10:04 AM
Subject: FW: Lobo Day Fall 2011

Hello everyone,

Welcome back to school! I would like to take this opportunity to inform everyone that we will be holding Lobo Day on **Wednesday, September 14** for the Fall 2011 semester. The entire campus is invited to participate in this special student event. Lobo Day is a collaboration between Student Services and ASMPC so please contact Julie Osborne (josborne@mpc.edu) or Gaozong Thao (gthao@mpc.edu) with any questions.

The goal of Lobo Day is to showcase the available student services and clubs on and off campus. During Lobo Day, there will be informational booths, activities, food, and fun for all students. The Activities Council has decided that the theme for the Fall Lobo Day will be a "space" theme and will take place between **10am-2pm** in the center of campus next to the flag pole. In case of rain, the event will be held in the Student Center. If you feel that there are programs or services outside of MPC that may assist students, please let myself or Julie Osborne know so that we can include them in the Lobo Day events. PLEASE ENCOURAGE STUDENTS TO PARTICIPATE.

If you would like to reserve a table for your department, please email me your name, department, phone number, email, and how many chairs you will need by 5:00 pm Wednesday, September 7 to gthao@mpc.edu. Don't miss out on an excellent chance to promote your department or service!

NARRATING THE FEMININE”

EXHIBIT DATES: 23 AUGUST – 23 SEPTEMBER, 2011

LOCATION: MPC ART DEPARTMENT GALLERY, 980 FREMONT ST., MONTEREY

HOURS: TUESDAY THROUGH FRIDAY, 11:00 - 4:00 OR BY APPOINTMENT (CALL 646-3060)

ARTIST’S RECEPTION: THURSDAY, SEPTEMBER 8, 2011 12:30 – 2:30 PM; ARTISTS’ TALK AT 1:00 PM

PLEASE JOIN US for an insightful and clever exhibit of painting and mixed media art by pair of talented artists. Andrea Borsuk of Santa Cruz will present an installation of her paintings, working directly on the walls of the gallery. Her paintings explore archetypes of beauty and femininity through a map of invented fantasies. She is interested in the cultural interpretations of the female form as a composite of historical and popular cultures. Wind, sky, weather, and decorative jewelry are elements in her intricate, dynamic and sensitively rendered images. Lauren Scanlon of Pennsylvania brings us fresh work that uses bedsheet designs as an entry point for investigating the pattern, structure and impact of Harlequin romance novels. Her finely crafted mixed media pieces combine printing, painting sewing and reinvention of book

pages. These charming works involve themes of mass production and industry, domesticity and domestic labor, personal story, gender roles, women's experiences, intimacy, sex, shame, purity or cleanliness, trash and dirty laundry. Both artists thoughtfully plunge into the depths of female existence—its roles, its divinity, its gifts and its complexities.

Come enjoy these extraordinary works of art!

Admission is free. Parking fee: 4 quarters (one dollar in change)

ALL ARE WELCOME!

Subject: Project Truth

Importance: High

All,

Our campus was recently contacted by an organization called "Project Truth" informing us that they will visit our campus on September 12-13 to practice free speech. Project Truth is an organization that will be handing out information to students and others "who are interested in discussing our issue of the sanctity of human life." The organization has expressed that they "will be quiet and respectful, and will not hinder any foot traffic in areas open to the public." Project Truth will set up displays that are considered by some to be extremely graphic images that might upset those who see the images. Some images are of unborn fetuses in different stages of development.

While the images may be upsetting, the organization has the right to show these images as a matter of free speech. The group will be on campus from 9:00 a.m. to 2:00 p.m. on each of the days. It is important to note that they are acting within the boundaries of the Time, Place, and Manner Policy of the college. The First Amendment protects their right to engage opinions which may differ and they may confront those beliefs aggressively. It is important to note that our Time, Place, and Manner Policy does not permit the violation of lawful college regulations or the disruption of the orderly operation of the college. Security will be observing the activities throughout the stay to ensure that the policies are adhered to by all parties

ASMPC is forming a counter demonstration that will be very low key and express to students they do have a right not to listen or agree with the Project Truth message.

Project

If there are any concerns which need to be expressed, they should be forwarded to my office by e-mail, in person or by calling 646-4190.

Monterey Peninsula College Library – Sam Karas Room

Thursday, September 15, 2011, 1:00 pm

MPC Library welcomes

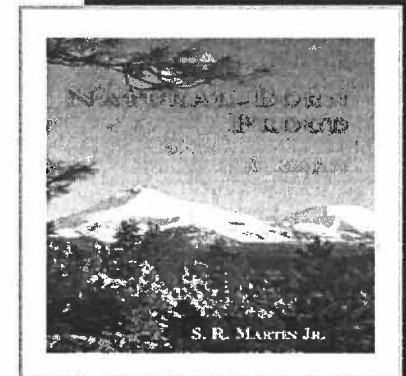

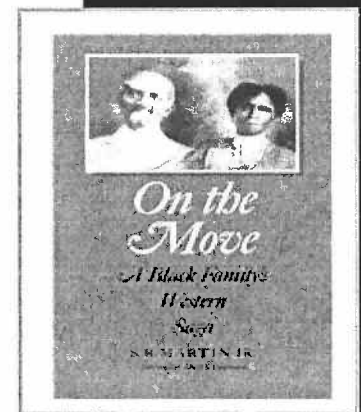

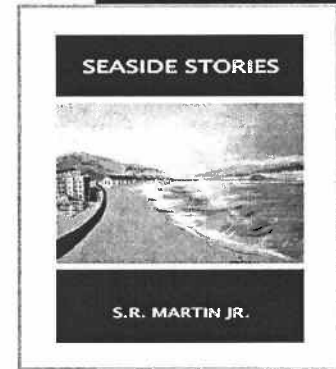

Dr. S.R. Martin, Jr. author of

Seaside Stories and *On the Move*

Creating a set of vivid and memorable characters S.R. Martin, Jr. presents a compact cycle of indelible vignettes about growing up black in middle-class America in the mid-twentieth century. These stories represent a separate and unique perspective on the black experience in America and touch on what is universal in all human experience. Race, music, and religion loom large in these pieces, and illustrate how race is never far from the surface of the American consciousness and the importance of art in finding personal expression and escaping the narrow confines of social stereotypes. Martin explores fundamental themes—love, ambition, self-doubt and rebellion. **There is much to be learned and gained by pausing to spend a while in Seaside.**

S. R. MARTIN JR. retired from Evergreen State College in Olympia, Washington in 1997 after a distinguished career as teacher, scholar, and administrator of the school. His essays, reviews and stories have been published in the *Seattle Review*, *Journal of Western African American Culture*, and *Obsidian II*. His Ph.D. in American Studies is from Washington State University.

Candidates file for school boards

By CLAUDIA MELÉNDEZ SALINAS
Herald Staff Writer

Posted: 08/20/2011 01:36:24 AM PDT

The deadline to file to run for office in Monterey County's school districts closed this week, and while many incumbents will return to their seats unchallenged, some interesting contests are shaping up for the Nov. 8 election.

· Monterey Peninsula Unified School District: Board president Diane Creasey will face Tom Jennings, a fire security technician. Creasey and the rest of the board came under fire this year for defending a pay increase for Superintendent Marilyn Shepherd while many longtime employees have gone without increases for years.

Trustee Debra Gramespacher will face no challenger and is headed for another term.

Recently appointed Richard Glenn, who took over the Trustee Area 3 seat left vacant by Elizabeth Panetta, will face human resources analyst Jon Hill in the fall.

· Monterey Peninsula Community College District: The only returning trustee is Loren Steck, who will run unopposed for another term in Area 5.

Lynn Davis is not seeking re-election in Area 3, which will be decided between Rick Johnson and Robert Savukinas.

As the only candidate in Trustee Area 4, where Charles Page did not seek re-election, the next term will go to Marilynn Gustafson.

· Carmel Unified School District: The three seats up for election will be decided among incumbent Annette Yee Steck, attorney Bill Leatherberry, special education advocate Mary Peitso, financial adviser Richard Kreitman and businesswoman Rita A. Patel.

Nonprofit

executive Marcy Rustad and Amy Funt did not seek another term.

· Pacific Grove Unified School District: There will be no election in the district, where incumbents Tony Sollecito and Mike Niccum return for a four-year and two-year term, respectively. Candidate Debbie Crandell will serve a four-year term.

· Monterey County Board of Education: Businessman John McPherson is running unopposed in Trustee Area 2. Barbara Cornett did not seek re-election.

After nearly half a century on the county board, Area 4 trustee Ruth Andresen is not seeking another term. The contest for the seat will be between businessman Brian Higgins and retired teacher Francisco Javier Estrada.

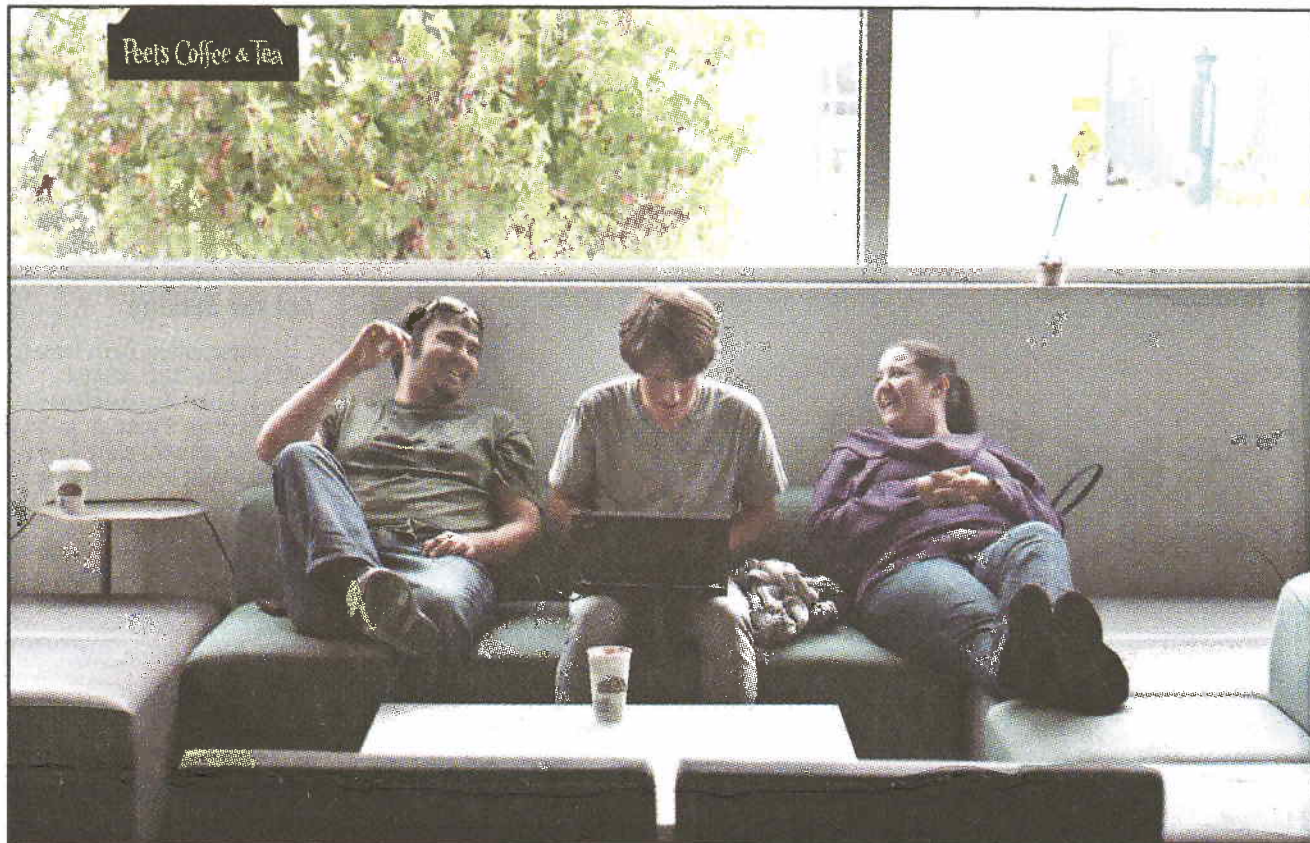

Ron Panziera, first appointed to the board in 2006, will face Tony Acosta for a four-year term.

· Alisal Union School District: There will be no election in the district, as incumbents Adella Lujan and Meredith Ibarra drew no challengers. The Alisal board is serving in an advisory capacity after the state took over the district last year.

· Hartnell Community College District: Kevin Healy did not seek re-election in Area 1. The next representative will be decided in a race between retired school teacher Demetrio Pruneda and Manuel Osorio, a trustee with the North Monterey County Unified School District.

Bill Freeman, who represents Area 2, will face HSBC information technology manager Johnny J. Gray Jr.

State budget: CSUMB, community colleges prepared

College leaders warn anew of midyear budget cuts

By **TERENCE CHEA**
Associated Press

SAN FRANCISCO — As the new school year begins, California's public colleges and universities are preparing for yet another round of state budget cuts that could lead to higher tuition and fewer classes, higher education leaders said Monday.

The chancellors of California State University and California Community Colleges said their campuses are making plans to cope with midyear cuts that appear increasingly likely.

In the state budget for the fiscal year beginning July, the 23-campus CSU system lost \$650 million, while the 112-campus community college system lost \$400 million

"The budget is the big elephant in the room that we all need to worry about going forward. I need to figure out how to manage what could be a midyear crisis."

Charles Reed
CSU chancellor

and raised fees from \$26 to \$36 per unit.

The two systems will face more funding cuts in the middle of the academic year if state tax revenue falls below estimates, triggering automatic cuts to education and social services.

"The budget is the big elephant in the room that we all need to worry about going forward," said CSU Chancellor Charles Reed during a

conference call with reporters. "I need to figure out how to manage what could be a midyear crisis."

Last week, State Controller John Chiang said tax revenue fell nearly \$539 million below projections in July, pushing the state closer toward the so-called trigger cuts.

State finance officials said Chiang's numbers may be overly pessimistic because

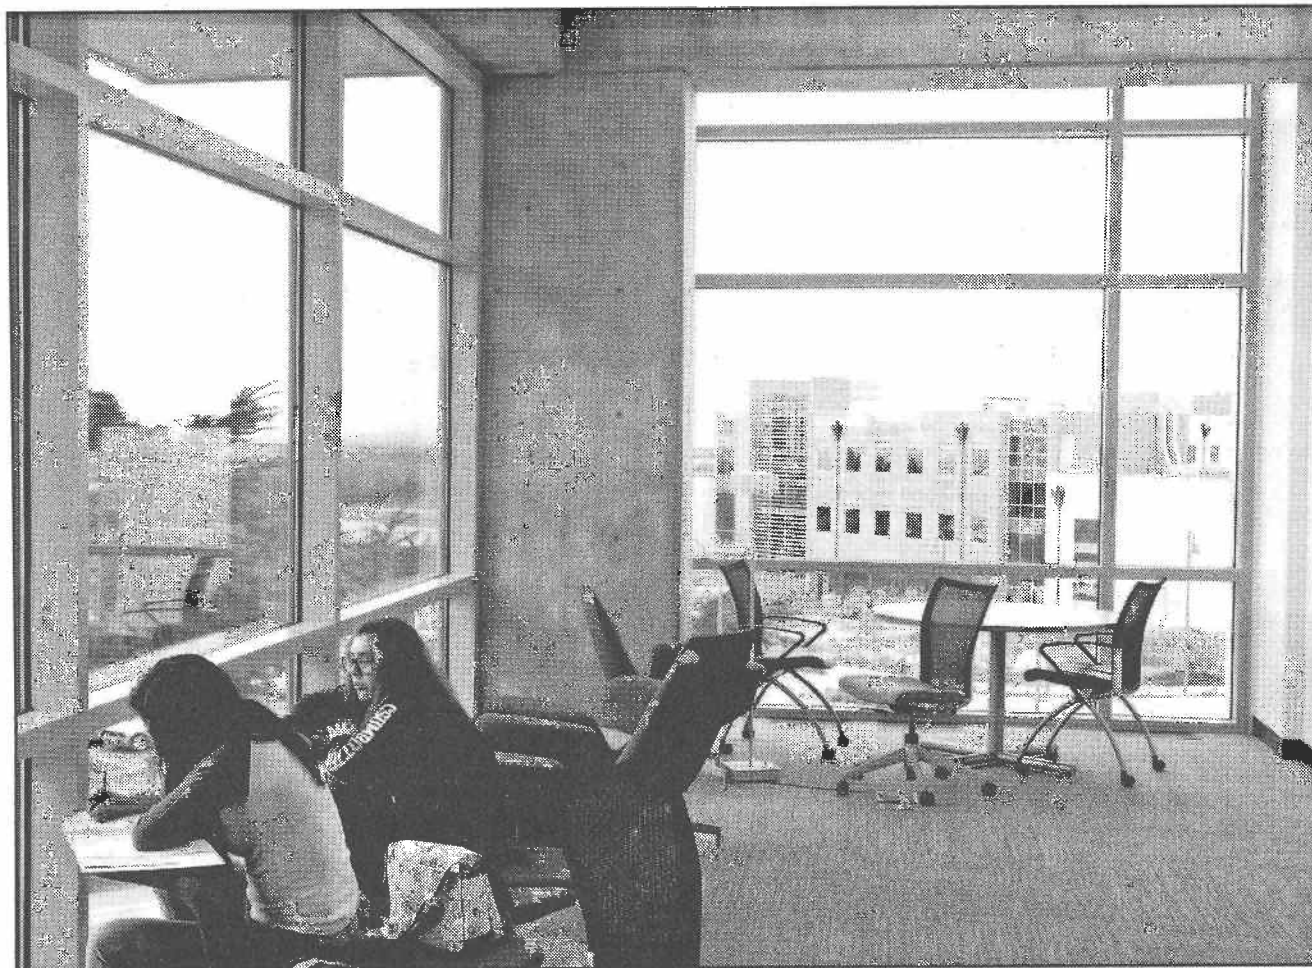

July is traditionally a low revenue month, and it's too early to say whether the trigger cuts will be needed.

The Cal State system, which has 412,000 students, stands to lose an additional \$100 million if the midyear cuts are triggered, which would likely result in fewer course sections, fewer instructors and larger class sizes, Reed said.

Reed said he wants to avoid a midyear tuition increase because CSU students will already be paying more than 20 percent more this year than last year.

In her "state of the university" address last week, CSUMB President Dianne

Please see **College** page A11

DAVID ROYAL/The Herald

Biology major Elizabeth Delgado Llanas, left, and marine biology major Jessica Jimenez do homework inside CSU Monterey Bay's library on Monday. The science building is seen through the window.

College

From page A1

Harrison said she would start meeting with administrators to prepare for budget cuts.

The community college system, which served 2.75 million students last year, would lose an additional \$72 million and raise fees to \$46 per unit midyear cuts are triggered.

Campuses would be forced to further reduce

course offerings and summer sessions, potentially turning away hundreds of thousands of students, Chancellor Jack Scott said. "This is a tragedy for students, and this is a tragedy for the state of California that desperately needs trained personnel," Scott said.

Both Hartnell and Monterey Peninsula College administrators assumed a worse-case scenario when drafting their 2011-12 budgets, so they don't expect to have to make mid-year cuts, representatives said.

"We've always taken a conservative position when looking at state budget assumptions, and we assumed worse case scenario," said Steve Ma, Monterey Peninsula College vice president of administrative services. "We assumed mid-year cuts were going to materialize. If things get better, we have agreements with both our unions to restore our cuts."

On a brighter note, the chancellors said Monday the two systems have made significant progress in implementing a new state law to

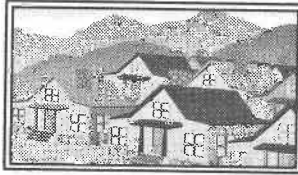

make it easier for community college students to transfer to a CSU campus.

So far the two systems have created 130 academic programs that will allow community college students to transfer to a Cal State campus with junior status after earning a two-year associate's degree in their major.

"Students are going to save time and money and will become workers in our work force more quickly," Scott said.

MONTEREY

MPC TRUSTEES RESCIND LAYOFF NOTICES

Layoff notices issued to 22 classified employees of Monterey Peninsula College were rescinded Tuesday after the trustees approved a contract with the union that represents the workers.

Union members voted last week to approve a 2.25 percent pay cut plus two furlough days next year. Still on the table are employees' medical benefits.

The notices were issued July, when the district was looking for reductions to save \$3.7 million.

Because district administrators assumed a worse-case scenario when drafting this year's budget, they don't expect to have mid-year cuts, which means no layoffs are expected this year.

THE HERALD August 30, 2011

**MONTEREY PENINSULA
COLLEGE**

**Notice to Bidders
Monterey Peninsula College
Lower Level Gymnasium Building 22
Modifications Project**

Monterey Peninsula Community College District is asking for bids for the Lower Level Gymnasium Building 22 Modifications Project.

This is a one-year, 2.5 million dollar project that is projected to be in construction from December 2011 through November 2012. The project consist of complete renovation of the lower floor Gymnasium, including new plumbing, electrical, ductwork, all new finishes, lockers, and painting the entire exterior of the building. The Gymnasium's lower floor is 19,890 square feet and contains the facility offices, two classrooms, men's and women's locker rooms, men's and women's team rooms, equipment room and training room. The project will require all existing necessary electrical and mechanical systems to remain in operation to allow the second floor to stay functioning during the construction.

A mandatory bid conference and bid walk is scheduled for September 8th 2011. The bid conference will start at the MPC Facilities building at 1:30 PM. Bidders that are not signed in by 1:30 at the meeting will not be able to bid the project.

This is a Measure I Bond funded project requiring prevailing wage pay rates.

Project documents are available on 9/6/2011 at American Reprographics Company (formally San Jose Blue) at 2 Harris Court Suite A5, Monterey, CA 93940 Tel: 831-646-1170. There will be a refundable deposit of \$175.00 for the plans.

Bids will be due at the Monterey Peninsula College Facilities building by 2 PM, Tuesday October 11, 2011.

All questions about the project should be directed to Dustin Conner at, (831)-646-4299 or via email at dconner@mpc.edu. Questions about the bid or the bid procedures should be sent to Purchasing at MPC by calling (831)-646-4048 or emailing to mweber@mpc.edu.

MPC: Course compares efficiency of electric vehicles

VERN FISHER/The Herald

Monterey Peninsula College student John Jacobson moves his hand over batteries that were added to a 2005 Toyota Hybrid, converting it to a plug-in model, on Friday.

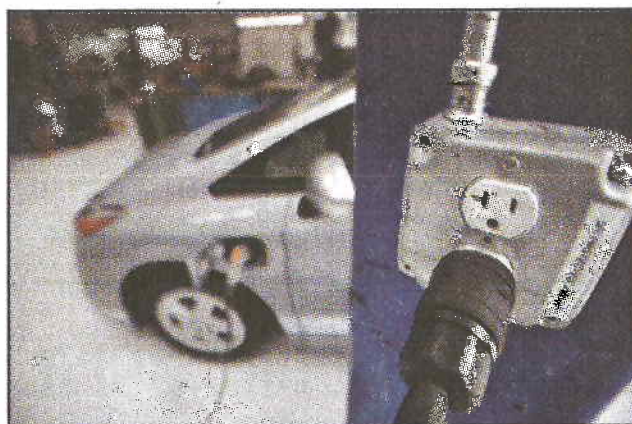

Auto students plug in, turn on 'converted' hybrid

By **CLAUDIA MELÉNDEZ SALINAS**
Herald Staff Writer

The battery meter on the dashboard said the Toyota 2012 pre-production model can go 14 miles on battery juice alone. James Lawrence, program coordinator of the Automotive Technology Department at Monterey Peninsula College, sat behind the wheel, ready to test it.

Two of his students, John Jacobson and Daniel Cruz, followed behind in a 2005 Toyota they converted during the summer from a conventional hybrid to a plug-in.

They wanted to find out which vehicle has more range — the 2012 model, which uses a lithium-ion battery, or the converted 2005,

A plug-in car uses its battery as its primary fuel.

with a nickel-metal hydride battery.

Toyota "oversizes it and underutilizes it," Lawrence said of the lithium-ion battery. That's why it lasts

longer, he explained.

After many years of planning, MPC this summer offered its first course focusing on hybrid vehicles.

MPC administrators

HERALD QUESTION OF THE DAY

Are you ready to buy an electric car?

Yes No

Herald surveys are unscientific

scraped together about \$28,000 to make it happen — to buy the used hybrid, the 240-pound battery, three transmissions and a few other parts and pieces. During the summer, students in the hybrid class transformed the car into a plug-in, which means it can be charged overnight to have an extra bit of juice.

Please see **Hybrid page A11**

Hybrid

From page A1

A traditional hybrid, the students said, uses the battery only to make the vehicle more efficient. All of the energy comes from gasoline. A plug-in car uses its battery as its primary fuel, and after that is exhausted, the gasoline kicks in.

The main drawback of plug-in cars is that their batteries don't take them far. The car Lawrence's students converted could potentially go 30 miles on their battery alone — after six hours of charging on a 120-volt outlet.

The pre-production Toyota claims it can go 14 miles without gas kicking in. Lawrence and his students want to see which car will go farthest on battery juice alone.

But testing is the cherry on the summer course's cake. The students got to tinker with the Toyota, taking out the original battery and installing the nickel-metal hydride one. They installed a control panel that allows a driver to decide which energy source to use. And they took apart the transaxle, which combines the transmission and the differential — a feat Toyota manufacturers caution against doing.

When they put it back together, it was working.

"They pulled the whole thing apart," Lawrence said. "I was impressed and happy."

While the recession put a dent on the sale of hybrid vehicles, experts have no doubt the demand for them will rise. The technology to produce and repair them will evolve as well, but it is important for auto mechanic students to get a leg up on emerging technologies, local experts say.

"The work that James is doing is superb," said Sharon Sarris, co-facilitator of the Monterey Bay Electric

Vehicle Alliance, which lobbies to promote the increased use of electric vehicles. "It's so important for students to have an opportunity to learn about electric automotive."

Legislation approved in 2006 requires California to reduce greenhouse gas emissions by 2020. The electric vehicle alliance is promoting the use of hybrids as one way to get there.

Francisco Yanez has been in the automotive program since 2009, and says the hybrid technology class not only converted the Toyota, it converted him.

"I didn't like hybrids," he said. "I'm more into muscle."

Now he's thinking about buying a hybrid in the future. "They save a lot of money," he said.

As far as his experience in the class, Yanez nodded his head to indicate he enjoyed it.

"Who else around here gets to do a plug-in conversion on a Prius?" he said.

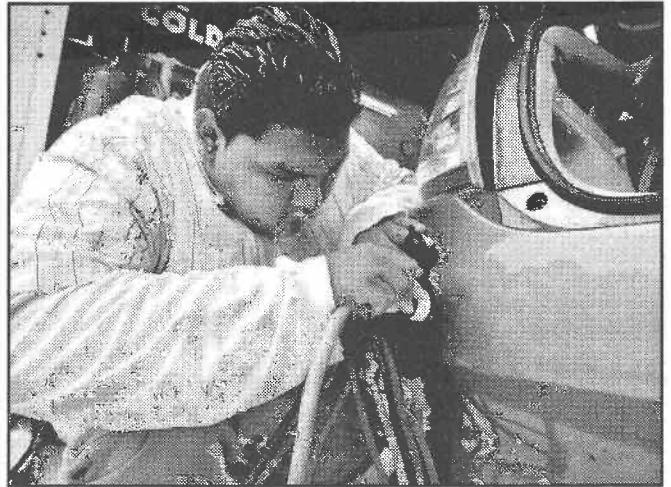

The class will be offered again next year. Administrators could increase offerings depending on student demand and funding availability.

After driving up and down Aguajito Road for a few miles, Lawrence and Jacobson pulled to the side of the road to compare notes. The display in the 2012 Toyota says 1.6 miles are left on the battery — but the gas kicks in on the hills. Jacobson has heard the motor go off in the newer car, while the converted one still has juice on its battery.

But the road is so hilly that Lawrence determined the test was inconclusive.

In the days to come, he and his students will do more comparisons between the vehicles.

Claudia Meléndez Salinas can be reached at 753-6755 or cmelendez@montereyherald.com.

MISSING THE RAMP TO THE ONLINE HIGHWAY

One of my favorite stories about being a frustrated college student is James Thurber's "University Days." Thurber, the student, must take a required biological science course in order to graduate. Unfortunately, he's never able to see anything through a microscope. The professor makes every possible adjustment to the scope, still Thurber only sees "a nebulous milky substance." Finally, after more adjustments, Thurber sees something and begins drawing it on a sheet of paper. The professor looks at the drawing and screams: "You've fixed the lens so it reflects. You've drawn your eye!"

I understood Thurber's frustration when I tried to enroll in a golf class at Monterey Peninsula College. Several weeks ago I wrote about my goal to return the United States Open Golf Championship to this country — to end the event's dominance by foreign players. Golf lessons are the first step in accomplishing my goal. I should be holding the winner's trophy next year when the tournament is played in San Francisco.

Fifty years ago I stood in a line longer than the length of a football field to register for classes. Now registering is done online. I am not a computer expert, but I am keyboard literate. As an illustration, a recent email informed me that I am part of a class action suit. I needed to fill out an electronic form that guarantees my getting a share of the 2.5 million dollar settlement — which could be as much as \$10. The lawyers are getting slightly more than that — about \$1.5 million, in fact. It took me about 30 seconds to complete the form and submit it electronically. It took me a week to register on-line at MPC. Several days after registering, I called to inquire about purchasing a parking permit. I was told I didn't need one because I wasn't registered for any classes.

"But," I protested, "I have a class number and a student ID number."

"You are still not registered. I suggest you go to the Admissions Office."

I did. Once there I was directed to a bank of computers in the lobby. I tried to explain that computers were the problem since somehow I had missed the ramp to the information highway. But I was holding up the line so I went home and started all over again. This time I got to a page that insisted it be printed out. It screamed that unless I printed it I would not be registered. I held in my hand a paper indicating in bright red letters that I had completed my registration. *Finally!*

The next week I went to school for my first class. The instructor read the names of those students who were officially registered. My name was not among them. I showed her my student ID number along with the class number. It didn't matter. I wasn't on the list. She gave me a "Class Add-On" form and sent me to the Admissions Office where I circled the parking lot for 20 minutes before finding a space. Fortunately, shopping at Trader Joe's has made me an expert at circling parking lots looking for a space.

At the building entrance there was a line as long as a football field. It was comforting to see that nothing had changed in 50 years.

Jerry Gervase is a columnist for The Herald. He can be reached at info@jerrygervase.com.

Leon H. Stutzman

June 30, 1924 ~ August 17, 2011

PACIFIC GROVE - The Monterey Peninsula says goodbye to a long time friend and outstanding citizen. Leon Stutzman passed away of natural causes on August 17, 2011. He was 87 years old. Leon was born in 1924 in Green Bay, Wisconsin, the oldest of five children born to Orlo and Bertha Stutzman. He and his four sisters grew up in

Oshkosh, Wisconsin in a family that loved music. His sisters played the piano and he played the violin by the age of seven. All the kids sang. In high school, Leon played the tuba in the school marching band, but his true instrument turned out to be his unusually deep bass voice, which made him a natural for choirs and choruses for the rest of his life.

Leon served as a navigator of a B-24 in the Air Force during World War II, flying missions over Northern Italy. After the war, he attended the University of Wisconsin, majoring in Physical Therapy. Leon married Mary Louise Chase in 1946 and, after graduating from college, they moved to Portland, Oregon, where he spent three years at the first free-standing physical therapy unit in the U.S. They moved to California in 1952 and he obtained his master's degree from Stanford before settling the following year in Monterey.

Leon was Monterey's first physical therapist. He opened his office on Cass Street and, in 1953, became the first physical therapist ever hired by the Community Hospital of the Monterey Peninsula, working there part-time while maintaining his private practice.

Over the years, Leon actively served his community in Monterey. As a member of the Jaycees, he helped to build Dennis the Menace Park. He served on the Monterey County Planning Commission for 10 years and contributed significantly to building the Unitarian Church of the Monterey Peninsula. He also served on the Monterey Peninsula College Foundation. In addition, during the 60s, Leon spent six months on an assignment in India working as a physical therapist.

As a member of the well-known Plus Four barbershop quartet, Leon performed in national competitions and various venues around the Western U.S. from 1951 to 1957. The quartet wrote many of the songs they performed and included comedy in their routines. Later, Leon sang in the local barbershop chorus and also enjoyed singing in his church choir for many years.

Leon and his wife, Mary Lou, loved to travel. Over the years they traveled throughout Europe, as well as India, Indonesia, and China. He also had a green thumb and enjoyed gardening throughout his life, tending carefully to his many fruit trees and cymbidium orchids.

He is survived by his children, Randi Carney of Menlo Park, Tom Stutzman of San Jose, Gail Strandberg of Marina, and N. Kelly Connell of San Diego. He is also survived by four grandchildren and his sisters, Verla Riggle and Carol Borgen of Wisconsin.

A Celebration of Life is planned for September 4 at 2:00 PM at the Unitarian Universalist Church of the Monterey Peninsula, 490 Aguajito Road, Carmel. In lieu of flowers, donations may be made to the Monterey Peninsula College Foundation, 980 Fremont St., Monterey, CA 93940. Please visit www.thepaulmortuary.com to sign Leon's guest book and leave messages for his family.

QUARTERBACK DAVID FALES RETURNS TO MPC TO BUILD ON STRONG YEAR

DAVID ROYAL/The Herald

For All-County quarterback David Fales turned down a chance to play for Wyoming to lead MPC once again.

By JOHN DEVINE
Herald Staff Writer

Without even seeing David Fales throw a pass in person, a scholarship offer was put on the table by the University of Wyoming three weeks before the start of practice.

It wasn't the first time Wyoming had expressed interest in the Monterey Peninsula College quarterback, as they had asked him to walk-on last spring. This time a paid education was sitting in his lap.

"For David it's not about the glitz of Division I," MPC coach Mike Rasmussen said. "He's been through that. It has to be the right situation. He's a mature young man that knows what is right for him."

Having spent an unfulfilled semester at the University of Nevada as a redshirt freshman, Fales was not interested in sitting and watching again.

"It wouldn't have been enough time to learn their system," Fales said. "It was kind of a last minute thing. I just did not want to get into another situation like Nevada. I didn't feel this was the time."

Fales isn't ruling out Wyoming as a potential destination. Just not this fall as he will begin his sophomore season as the Lobos starting quarterback.

"I would not eliminate them if Wyoming called again," Fales said.

MPC players to watch

- David Fales, quarterback
- Alex Huitzil, linebacker
- Martin Mendez, offensive lineman
- Jake Davis, tight end
- James Gayner, running back
- Jeremy Wright, running back
- Jovahn Lualemana, defensive back

"I like Wyoming. My dad lives nears by. They run a spread offense. The decision was based really on the situation in what I needed."

And for Fales that's being back on the field, building off last season in which he was an all-conference quarterback, throwing for 1,828 yards and 10 touchdowns for MPC.

The 6-foot-3, 222-pound signal caller came of age in the second half of the season for the Lobos when he became the full-time starter, throwing for 1,287 yards in five games.

"The game slowed down for me," said Fales, who took Palma to a TCAL title as a senior in 2008. "The adjustment was the level. I don't have so many questions. A lot of that is confidence."

The biggest thing Fales honed in on during the off-season was his

Schedule

Sept. 10 Contra Costa at MPC, 6 p.m.
Sept. 17 MPC at De Anza, 1 p.m.
Sept. 24 MPC at West Hills, 7 p.m.
Oct. 1 Laney at MPC, 6 p.m.
Oct. 8 Solano at MPC, 6 p.m.
Oct. 14 MPC at West Valley, 6:30 p.m.
Oct. 22 Cabrillo at MPC, 6 p.m.
Oct. 29 Gavilan at MPC, 6 p.m.
Nov. 5 MPC at San Jose, 5 p.m.
Nov. 12 MPC at Hartnell, 6 p.m.

decision making. He simulated game situations, worked on his timing, his foot work and the percentages.

"At times last year I was trying to do too much," Fales said. "Instead of always looking for the big play, sometimes you need the five-yard out. I don't want to make things too hard if I don't have to."

While he spent just a semester at the University of Nevada, Fales gained a lot of experience facing the first-team defense in practice while running the scout team, putting him in game-type situations.

"I actually practiced a lot at Nevada," said Fales, 20. "I gained a lot of experience. I don't feel the year off hurt me. It was more about just getting comfortable with the system."

Fales was 4-1 as a starter during the Coast Conference season,

"He certainly has command of the offense. We don't have to shrink the playbook. He makes the tough decisions."

Mike Rasmussen
MPC coach

throwing for 381 yards in a two-point loss to San Jose City College. He did not throw an interception in his last 171 attempts.

"He certainly has command of the offense," Rasmussen said. "We don't have to shrink the playbook. He makes the tough decisions. We have quality guys setting a good example. David is one of them."

Fales went 178 attempts at Palma without an interception, going 15 games between his junior and seniors before throwing a pick.

"A lot of colleges that I've spoken to tell me they like my accuracy and intangibles," Fales said. "I usually make the right decisions. Wyoming liked me because I was previously at a Division I school."

While Fales was at Nevada in 2009, the starting quarterback was current 49ers rookie Colin Kaepernick, whom he called one of the hardest working players he's ever

Please see MPC page C2

MPC

From page C1

been around.

"He was in the weight room in the morning and afternoon," Fales said. "He was in front in all the sprints. He never took a sprint off. I remember when I was struggling, he came over and reminded me to keep working."

Already blessed with a strong arm, Fales spent this off season getting stronger in his lower body and increasing

his speed, developing a little more quickness out of the pocket.

"I was told when I was at Nevada that Kaepernick ran a 5.0 40-yard dash as a freshman," Fales said. "Now look at him."

With 77 players out for football, the Lobos roster is nearly double the size of last year. With 37 sophomores back, a combination of depth and talent co-exist.

"Leadership," Fales said. "That's the one significant difference I see. We have a group of guys willing to stand up and work hard. And it's a

great group coming in."

Fales spent most of the summer working out with his younger brother Austin, an all-conference quarterback last fall at rival Hartnell College.

While the two share a bedroom, there's little discussion about each other's teams. Last year Fales and the Lobos beat the Panthers 27-24.

"We threw together all summer," Fales said. "But we don't share what we're doing, maybe how we're doing. There is competition on the field. It's always been that way. But we keep it clean."

The first superhero

9/8/11

MONTEREY PENINSULA COLLEGE'S 2011 STORYBOOK THEATRE FEATURES THE STORY OF LITERATURE'S FIRST SUPERHERO, BEOWULF

By KATHRYN MCKENZIE
Herald Correspondent

These days, we live in a world filled with tales of superheroes. But who was the first one? Well, if you guessed that it's Superman, or maybe Batman, you'd be way off the mark.

That honor belongs to Beowulf, who slays not one but three monsters in the course of the epic poem of the same name, a staple of Old English literature that has survived the centuries and is just as exciting as when it was first written.

Beowulf, a great warrior, is stronger than 30 ordinary men — kind of like Superman — and proves himself despite impossible odds against supernatural demons and beasts — kind of like any other modern-day mutant champion, only minus the tights.

"It is like a superhero story. He's the first superhero," said Mickie Mosely, who is directing "Beowulf" for Monterey Peninsula College's 2011 Storybook Theatre.

Moseley is also undergoing some epic battles of her own in mounting the production. Because the theater building at MPC is undergoing important renovations, no plays will be staged there in the next year and a half. Thus, everything must be trucked to satellite locations when MPC puts on a show.

"It's a real challenge for everyone, but it's coming together quite nicely," Mosely said of taking "Beowulf" to the stage at Carmel Middle School, which will be the location for other Storybook Theatre productions; the MPC main stage plays will be moved to Carmel High School's newly

HENRY GUEVARA

Princess Sigrid (Norma Barocio) separates Beowulf (Adan Miguel) and Unferth (Alyx Weill) in MPC Storybook Theatre's "Beowulf," which opens Friday at Carmel Middle School.

THEATER OPENING

- **What:** MPC's Storybook Theatre presents "Beowulf"
- **Where:** Carmel Middle School, 4380 Carmel Valley Road, half-mile east of Highway 1
- **When:** Opens Friday; continues Fridays and Saturdays at 7 p.m., Saturdays and Sundays at 3 p.m., through Sept. 25
- **Tickets:** General admission \$15, young adult (16-21) \$12, children 15 and under \$9. Class rates available for select performances, available at the MPC Box Office and online at www.TicketGuys.com/mpc
- **Information:** www.mpctheatre.com or 646-4213

built performing arts center.

In the meantime, MPC's theater building is being updated with new electrical and plumbing fixtures as well as becoming handicapped-accessible in accordance with Americans with Disabilities Act regulations.

Mosely said that "Beowulf" has been an interesting challenge as a play. She is quite familiar with the epic poem, seeing as she teaches it as part of the curriculum at Alisal High School, where she is an

English and drama instructor.

"Beowulf" is the first thing we teach in senior English," she said.

However, oddly enough, there are few adaptations of "Beowulf" for the stage, and Mosely looked at several that she termed "not very good" from the early 1900s.

Another was better, but was too adult in its themes for the Storybook Theatre, which is aimed at a young audience to get kids excited about plays and drama.

"Beowulf" is thought to

have been written between the eighth and 11th centuries, and is one of the few stories of the medieval period that has survived to present day.

The epic poem mingles real history with fantasy, and is set in the realm of King Hrothgar, which is under attack by the half-human monster Grendel.

The great warrior Beowulf sets sail to aid the ancient king, and defeats Grendel, but then must battle Grendel's mother, who is determined to avenge her offspring's death.

Years later, Beowulf — now king of his own realm — rides into battle once more when a slumbering dragon is accidentally awakened and lays waste to the kingdom.

Taking the role of Beowulf is Adan Miguel, a former student at Hartnell College who is now working with the Western Stage in Salinas.

Longtime local actor

Richard Boynton plays two roles — King Hrothgar and the head of the dragon — and portraying the beautiful Sigrid, daughter of Hrothgar and later Beowulf's bride, is Norma Barocio. Joe D'onofrio takes the role of Grendel.

Of course, in order to look properly ferocious, the monsters have gotten a little help. Mosely brought in artist Lady Hull to design large-scale puppets, such as the dragon, which is operated by three people.

"Trying to portray monsters on stage is a challenge," said Mosely. "But these are really great looking."

Also contributing to the dramatic tension is lighting design by Dennis Randolph, whose work will make the various beasts even more fearsome.

Add to all that a good amount of stage combat, and it's something that adults as well as children will find compelling as an action-adventure saga, rather than a dusty classic.

And, of course, high school seniors are more than welcome to attend, Mosely said. In fact, she recommends it: "It will really get them into reading the text."

Tickets are available at the MPC Box Office and www.TicketGuys.com/mpc, as well as at the on-site box office at Carmel Middle School, which opens 90 minutes prior to each performance.

The MPC Box Office is open 3 to 7 p.m. Wednesdays and 3 to 5 p.m. Thursdays and Fridays on the MPC campus, 980 Fremont St., Monterey.

Tech Gear Rental Program Expands from Cal State Monterey Bay

- By Dian Schaffhauser
- 09/14/11

A digital device rental program at California State University Monterey Bay has just reported student savings of nearly \$120,000 in technology purchase fees. The Technology Rental (or **TechRent**) store at CSU Monterey Bay was started with funds with a \$300,000 two-year grant issued by the United States Department of Education Fund for the Improvement of Post Secondary Education (FIPSE). **Now the program is expanding to two additional local schools as a stipulation of that grant.**

The stated purpose of the TechRent research project is to demonstrate "strategies to effectively integrate diverse technologies across the curriculum, providing accessible course materials for all students no matter what their physical or learning disability--and by extension, accessible to all learning modalities." More practically, however, the program, which is physically located in a campus library behind a Peet's Coffee & Tea stand, supplies equipment to staff and students at a low cost.

Starting this fall students at community college Monterey Peninsula College and the Monterey Institute of International Studies, a graduate school, will be served by TechRent as well. The store operates virtually. Students can place orders for rental products online and arrange to pick them up or have them delivered.

Current rentals are available for Apple iPads, high-definition and pocket video camcorders, 10.1 megapixel high-resolution cameras, projectors, clickers, specialized calculators, notebook computers, and other devices. The iPad rents for \$25 for one week, \$50 for a month, and \$120 for a semester. A TI business calculator is \$15 for a month's use. A MacBook loaded with Adobe Creative Suite 5 and Microsoft Office is \$125 for the semester or \$5 for a day.

The campus community can also purchase the gear on a rent-to-own plan, which applies all rental fees to the purchase price.

According to Arlene Krebs, director of the university's Wireless Education and Technology Center and principal researcher for the project, in the first four days of the fall 2011 semester the store had rented 87 clickers, 11 Macbooks, four iPads, and one digital camera. She added that the store has had about 900 rentals since it initially opened in January 2010, generating income of about \$17,000. In all that time, she noted, there hasn't been a single piece of equipment not returned.

The grant has also assisted faculty members in developing accessible course materials to help students with physical or learning disabilities.

"Now, because of our experience and the store's success at CSU [Monterey Bay], we are ready to take the next steps--expanding the store to our local partners so that their students may benefit from high tech at low rental fees," said Krebs. "Solving operational and logistical issues, loaning equipment to faculty and staff for their assessment, and providing cost-saving tools for students are key components of the project. The ultimate goal is to create a model for other campuses to adopt."

Startup work involved coordinating with campus departments that included student affairs, academic affairs, and administration and finance. The store had to address retail-related issues too, such as credit card processing and getting an employee bonded to allow the store to accept cash and credit cards.

The TechRent team also worked with the university's academic affairs division to develop a library-like lending model, which ties fees for late or unreturned items to a student's academic records. By policy, anything unreturned for three days beyond the due date is reported to the university's police department, and a hold is placed on student records. However, that hasn't been a problem.

"We have high expectations that this pilot at [the other campuses] will generate the same kinds of interest and enthusiasm as it has at CSU [Monterey Bay], and that the campuses will benefit from the store's contributions to campus life," Krebs said.

State Legislative Update

Revised: As of September 9, 2011 *Overview*

The Legislature officially adjourned the 2011 legislative session on September 9, 2011 sending hundreds of bills to the Governor for his signature. The Governor then has until October 9, 2011 to sign or veto bills passed within 12 days of adjournment. If the Governor does not take action on any given bill by October 9, the measure automatically goes in to law.

While the sprint to the end-of-session included the usual 11th-hour dealings on some of the most controversial issues of the year, community college bills were acted upon early and largely spared late session politics. During the last week of session, the Legislature approved the two important BOG sponsored bills that include **AB 743 (Block)** Common Assessment and **AB 1056 (Fong)** Electronic Transcripts. These two measures are part of the community college student success strategy and are now awaiting action by the Governor.

Earlier in the session, a third BOG sponsored bill, **AB 1029 (Lara)**, was signed into law by the Governor (Chapter 112, Statutes of 2011). This new law expedites the process for approving stand-alone community college courses and saves resources for the system office. This new statute requires the Community College Chancellor's Office to report to the Legislature in a year the number and type of stand-alone courses that are approved.

There are also a series of key bills moving through the legislative process that are important to community colleges. **Assembly Bill 194 (Beall)** was approved by both houses of the Legislature; this bill provides enrollment priority for foster youth or emancipated foster youth up to the age of 24 at a community college and a California State University campus. This bill has been sent to the Governor for his signature. Another important bill, **AB 684 (Block)** permits a district to change from at-large to trustee area elections through a new waiver process approved by the Board of Governors. This bill was also sent to the Governor for his signature. This bill has an urgency clause and will go into effect immediately upon being signed into law by the Governor.

Senate Bill 292 (Padilla) was originally a clean-up bill to *SB 1440*, the new transfer guarantee law, but was recently gutted and amended to include entirely new language regarding a Los Angeles sports stadium. The author has identified a new bill, **SB 754**, to use as a vehicle to address any remaining *SB 1440* clean-up issues next January.

The following report highlights and provides a brief analysis of major community college bills introduced this year. The bills are organized by topic. Attached you will also find the latest Community College Chancellor's Office matrix, which can also be found online on the Government Relations webpage: <http://www.cccco.edu/ChancellorsOffice/Divisions/GovRelations/tabid/231/Default.aspx>

STATE OF CALIFORNIA

CALIFORNIA COMMUNITY COLLEGES CHANCELLOR'S OFFICE

Academic Affairs

AB 160 (Portantino) Concurrent Enrollment in Secondary School and Community College

Analysis / Summary: AB 160 allows a school district to enter into a formal partnership with a community college district to determine local concurrent enrollment and priority registration policies. The bill also permits a school district to authorize students, from partnership and non-partnership districts, upon the recommendation of a Career Technical Education (CTE) dean or other appropriate community college administrator, to enroll in CTE courses at the college.

Location: AB 160 passed the Assembly and Senate Committee on Education, was heard in the Senate Committee on Appropriation, and held in the Senate Suspense File.

Position: Support

AB 288 (Fong) Community Colleges: Student Expulsion

Analysis / Summary: AB 288 authorizes a community college governing board to deny, permit, or place conditions on the enrollment of an individual who has been expelled from a community college within the preceding 5 years, or who is undergoing expulsion procedures. The bill grants authority to request pertinent discipline-related information from other collegiate institutions and mandates a response within 5 days. A student who has been expelled from a collegiate institution within the preceding 5 years is required to inform the district at the time of application. The district governing board is required to hold a hearing before taking any action on such an individual.

Location: AB 288 passed the Assembly and Senate and was sent to the Governor for his signature.

Position: Support

AB 851 (Nestande) Distance Learning

Analysis / Summary: AB 851 defines distance learning as a course where a majority of the instruction is delivered through technology and where the student and instructor are in different locations for the purposes of data collection and reporting. It also requires the Chancellor's Office to report to the Legislature on workload and performance data for distance learning courses every two years beginning January 1, 2014. Finally, the bill requires the LAO to convene a work group composed of the LAO, legislative staff, and the Department of Finance (with input from CCC, CSU, and UC) to evaluate the establishment of a California Western Governors University.

Location: AB 851 passed the Assembly and Senate Committee on Education, was heard in the Senate Appropriations Committee, and held in the Senate Suspense File.

AB 1029 (Lara) Stand Alone Course Approval

Analysis / Summary: As amended, this bill will extend the authority provided to community college districts to approve instructional courses that are not a part of established educational programs by one year. These courses are known as "stand-alone" courses because they fall outside of the traditional groupings of credit courses that culminate in degrees. The courses are part of a new sequence that are not yet part of the academic program but could be included in the future.

Location: AB 1029 was signed by the Governor, Chapter 112, Statutes of 2011.

Position: Sponsor/Support

Accountability / Intersegmental / Coordination and Efficiency

AB 2 (Portantino) Postsecondary Education: Accountability

Analysis / Summary: AB 2 would establish a new statewide postsecondary accountability framework to biennially assess and report on the state's system of higher education in meeting certain educational and economic goals. The framework would include 6 statewide policy questions to measure postsecondary performance.

Location: AB 2 passed the Assembly, was heard in the Senate Committee on Appropriations, and held in the Senate Suspense File.

Position: Support

AB 743 (Block) Common Assessment

Analysis / Summary: AB 743 establishes a statewide common assessment system to place community college students in English, Mathematics, and English as a Second Language courses, and creates a pre-test application where students can take practice tests so that they are better prepared for their assessments and can consequently take transfer level courses sooner. Recent amendments also state that the provisions are contingent upon receipt of state, federal or philanthropic funding.

Comments: AB 743 avoids duplication of assessments at different campuses and allows students to take their test scores with them to any California Community College. The bill makes the purchase of tests more efficient by centralizing and therefore leveraging the state's purchasing power to negotiate a lower per unit test cost.

Location: AB 743 passed the Assembly and Senate, and was sent to the Governor for his signature.

Position: Sponsor/Support

SB 885 (Simitian) Public Education Accountability

Analysis / Summary: SB 885 authorizes the Community College Chancellor's Office, CSU, UC, the Department of Education, State Board of Education, Commission on Teacher Credentialing, Employment Development Department, and CA School Information Services to enter into a Joint Powers Authority to develop a comprehensive data base for students from preschool through higher education (P-20).

Location: SB 885 passed the Senate and the Assembly Committee on Appropriations, and was sent to the Assembly Floor.

Position: Support

Budget / Finance / Facilities

AB 216 (Swanson) Inmate Education Programs

Analysis / Summary: AB 216 would allow community colleges to receive full funding for credit courses offered in correctional institutions. Specifically, it would waive "open course" provisions for community college courses offered in state correctional facilities and would allow attendance hours generated by credit courses at all correctional facilities to be funded at the full credit rate.

Location: AB 216 passed the Assembly, was heard in the Senate Committee on Appropriations, and held in the Senate Suspense File.

Position: Support

AB 285 (Furutani) Community Colleges: Property Tax Backfill

Analysis / Summary: AB 285 provides community colleges with an automatic funding backfill of property taxes, similar to the one currently in place for K-12 school districts. AB 285 removes funding uncertainty and avoids mid-year cuts to base programs when property tax revenues come in lower than the estimate provided for community colleges in the budget.

Location: AB 285 passed the Assembly Committee on Education, was heard in the Assembly Committee on Appropriations, and held in the Suspense File.

Position: Sponsor/Support

AB 478 (Hernandez) Community Colleges: Funding

Analysis / Summary: AB 478 would amend existing law that requires the Board of Governors to develop criteria for their annual budget request that is based on specified criteria, including the positive difference between the state unemployment rate and a rate of 5%. The bill would increase the community colleges annual statutory growth rate calculation by removing the 2% cap.

Location: AB 478 passed the Assembly and Senate Committee on Education, was heard in the Senate Committee on Appropriations, and held in the Assembly Suspense File.

Position: Support

AB 900 (Buchanan) Jobs and Economic Improvement Through Environmental Leadership Act of 2011: Expedited CEQA compliance

Analysis / Summary: AB 900 enacts the Jobs and Economic Improvement through Environmental Leadership Act of 2011. This bill establishes an expedited California Environmental Quality Act (CEQA) review for environmental impact reports and approvals for certain projects which could include community college facilities projects.

Comments: AB 900 is a "gut and amend" measure authored by Assemblymember Buchanan and supported by Senator Steinberg. It is modeled after the amended version of SB 292 (Padilla) on the Los Angeles NFL stadium. According to capitol staff, community college projects could be eligible if the projects meet the Leadership in Energy and Environmental Design (LEED) standards at a high level. Legislators acknowledged that the bill was put together quickly and stated that "cleanup" legislation will be developed during the fall.

Location: AB 900 passed the Assembly and the Senate and was sent to the Assembly for concurrence with Senate amendments.

ABX1 32 (Blumenfield) Education Finance

Analysis / Summary: ABX1 32 is one of four bills from the first extraordinary session on the budget that is being reviewed by the Legislature in the final days of the 2011 session to address technical issues related to the potential additional cuts triggered by lower than expected revenues. For community colleges, ABX1 delays implementing the \$10 per unit student fee increase from winter term to the summer term of the 2011-12 academic year. ABX1 32 states that college districts should, to the extent possible, make every effort to implement reductions in a manner that will minimize the impact on course offerings and programs needed by students to achieve their basic skills, workforce training, or transfer goals.

Comments: The other special session bills include ABX1 20, SBX1 6 and SBX1 18. ABX1 32 appears to be the most likely bill to be sent to the Governor. SBX1 6 and ABX1 20 include language opposed by the Department of Finance. Special session bills do not follow the deadlines for the regular session bills, but we expect ABX1 32 to pass the Legislature before adjournment, and because the ABX1 32 affects appropriations from the Budget Act, it will take effect immediately upon signature.

Location: ABX1 32 passed the Senate and the Assembly and was sent to the Governor for his signature.

SCA 5 (Simitian) Taxation: Educational Entities: Parcel Tax

Analysis / Summary: SCA 5 authorizes school districts, community college districts, or county offices of education to impose a parcel tax on real property by a 55% vote of the voters in the district or county. It defines "parcel tax" as a special tax imposed upon real property at a rate determined without regard to the property's value.

Location: SCA 5 passed the Senate Government and Finance Committee, referred to the Senate Committee on Elections and Constitutional Amendments, and held in Committee.

Position: Support

Campus Safety

AB 620 (Block) Nondiscrimination and Training, Sexual Orientation and Gender Identity

Analysis / Summary: AB 620 adds the attributes of sexual orientation, gender identity, and gender expression to existing nondiscrimination laws affecting postsecondary educational institutions, programs, and requirements. AB 620 requests that the CSU and UC Regents and community college districts establish policies on harassment, intimidation, and bullying to be included in the rules of student conduct related to gender identity, gender expression, and sexual orientation. The LAO is encouraged to conduct an assessment of the campuses, develop recommendations, and publish their recommendations on their web site.

Location: AB 620 passed the Assembly and Senate, and was sent to the Governor for his signature.

Position: Support

AB 795 (Block) Smoke-free Campuses

Analysis / Summary: AB 795 expands language to mandate that the California Community Colleges post signs denoting where smoking tobacco is prohibited and where it is permitted. AB 795 also grants the governing boards of the CCC's the authority to enact enforcement procedures, impose a fine for a first, second, or third offense and those that may occur thereafter and permits that students and staff be informed of smoking related policies. Finally, AB 795 makes it illegal to sell tobacco products on the campuses of a community college.

Location: AB 795 passed the Assembly and Senate, and was sent to the Governor for his signature.

CTE / Green Jobs / Energy / Workforce Preparation

AB 554 (Atkins) Employment: Workforce Services

Analysis / Summary: This bill directs the California Workforce Investment Board and its local boards to develop a policy that establishes collaboration with community colleges to develop pre-apprenticeship

and apprenticeship programs in the geographic area.

Location: AB 554 passed the Assembly and Senate and was sent to the Governor for signature.

AB 848 (Campos) Apprenticeships

Analysis / Summary: AB 848 would require the Chancellor's Office to collect data on credits attained by apprentices. This requirement would only apply to building and construction trades programs that receive Reimbursement for Supplies and Instruction funds.

Location: AB 848 passed the Assembly, was heard in the Senate Committee on Appropriations, and held in the Senate Suspense File.

AB 1310 (Furutani) State Strategic Plan: Career Technical Education and Workforce Development

Analysis / Summary: This bill would require the Secretary of Labor and Workforce Development to collaborate with the Chancellor's Office, California Workforce Investment Board, CSU, UC, CDE and other agencies on the development of a strategic plan for connecting education and workforce development.

Location: AB 1310 passed the Assembly and Senate, and was sent to the Governor for his signature.

AB 1330 (Furutani) CTE Course Requirements

Analysis / Summary: This bill gives high school students the option of using a career technical education course to fulfill the existing high school requirement to take a course in visual or performing arts or foreign language, as specified.

Location: AB 1330 passed the Assembly and Senate Committee on Appropriations, and was sent to the Governor for his signature.

SB 698 (Lieu) Workforce Development: High Performance Boards

Analysis / Summary: This bill would require the Governor to establish, through the CA Workforce Investment Board, a process by which to identify high performing local boards. Only designated high performing boards would be eligible to receive state discretionary funds and grants. High performing local boards shall, among other things, demonstrate that the local planning process take into account the entire work force training pipeline for the local economy, including the local community college system.

Location: SB 698 passed the Senate and Assembly Committee on Appropriations, and was sent to the Governor for his signature.

Dream Act / Immigration Issues/Registration Requirements

AB 130 (Cedillo) Student Financial Aid: Eligibility: California Dream Act of 2011

Analysis/Summary: This bill would provide persons who are exempt from paying nonresident tuition eligibility for student financial aid.

Location: AB 130 was signed by the Governor, Chapter 93, Statutes of 2011.

Position: Support

AB 131 (Cedillo) Student Financial Aid

Analysis/Summary: This bill changes existing law to require the establishment of procedures and forms that enable persons who are exempt from paying nonresident tuition to apply for, and participate in, all student financial aid programs administered by the State of California and higher education segments to the full extent permitted by federal law, except for Competitive Cal Grant A and B Awards unless funding remains available after all eligible California students who are not exempt receive Competitive Cal Grant A and B Awards.

Location: AB 131 passed the Senate and Assembly, and was sent to the Governor for his signature.

Position: Support

AB 844 (Lara) Student Government: Students Qualifying for Exemption from Nonresident Tuition

Analysis /Summary: This bill would add a provision to the Donahue Higher Education Act that would provide that a student exempt from paying nonresident tuition is eligible to serve in any capacity in student government at the California State University or the California Community Colleges and to receive any compensation, as defined, that is connected with that service to the full extent consistent with federal law.

Location: AB 844 passed the Assembly and Senate, and was sent to the Governor for his signature.

Local Administration

SB 46 (Correa) Compensation Disclosure

Analysis / Summary: SB 46 requires local government officers and employees who file economic interest statements to annually file a compensation disclosure form which includes the following items: annual salary or stipend; local agency payments to the filer's deferred compensation or defined benefit plans; automobile and equipment allowances; supplemental incentive and bonus payments; and any local agency payments to the filer that are in excess of standard benefits for other employees. SB 46 would include, among others, elected or appointed officers of community college districts, community college presidents, community college vice presidents, and community college deputy vice presidents.

Location: SB 46 passed the Senate and was sent to the Assembly for assignment.

Pensions

SB 27 (Simitian) Public Retirement: Final Compensation: Computation: Retirees

Analysis / Summary: This bill would prohibit members of Public Employees' Retirement System (PERS) or State Teachers' Retirement System (STRS) who retire after January 1, 2013 from working (including part-time or under contract) for a PERS/STRS employer for 6 months after retirement. This bill specifies that if a STRS retiree earns compensation in violation of this requirement, his or her retirement allowance will be reduced by the amount of compensation earned in the prohibited period. This bill becomes operative for all active and future members of the retirement systems beginning July 1, 2012.

Location: SB 27 passed the Senate, was heard in the Assembly Committee on Appropriations, and held in the Assembly Suspense File.

STATE OF CALIFORNIA

CALIFORNIA COMMUNITY COLLEGES CHANCELLOR'S OFFICE

1102 Q STREET | SACRAMENTO, CA | 95811-6549 | (916) 445-4434 | [HTTP://WWW.CCCCO.EDU](http://www.cccco.edu)

SB 827 (Simitian) Public Employee Pension Reform: Conference Committee

Analysis / Summary: SB 827 states the Legislature's intent to form a conference committee for the purposes of developing responsible, comprehensive legislation to reform state and local pension systems.

Comments: AB 340 (Furutani) has the same language as SB 827. These bills appear to support Governor Brown's statement on a comprehensive approach to pension reform.

Location: SB 827 is on the Senate Floor for concurrence.

Other

AB 684 (Block) Community College Districts: Trustee Elections

Analysis/ Summary: This bill authorizes a community college district to change to a trustee area election system through a waiver process. The bill requires a district to secure a board resolution supporting the change and approval of the Board of Governors of the California Community Colleges. The bill includes a legislative mandate that the Grossmont-Cuyamaca CCD implement a trustee area election.

Comments: The State Board of Education already approves similar waivers for K-12 districts. The waiver process allows a community college district to avoid the cost of an extra election cycle, because typically the districts are required to secure voter approval to change to the election system. The waiver offers districts a cost effective way to avoid expensive law suits stemming from non-compliance with the California Voting Rights Act (CVRA) of 2001. CVRA provisions make it difficult for a district to maintain at-large elections without the threat of legal challenges. While the other provisions of AB 684 are permissive for community college districts, the requirement to implement trustee area elections applies exclusively to the Grossmont-Cuyamaca CCD and is a mandate. The mandate is not reimbursable because it is being proposed at the request of the local governing body upon which it would be imposed. Grossmont-Cuyamaca CCD sent the Senate Appropriations Committee a letter indicating that it requested the introduction of AB 684's provisions regarding its CCD and acknowledged that it will bear all costs related to changing to a trustee area election system as specified in the legislation.

Location: AB 684 passed the Assembly and Senate, and was sent to the Governor for his signature.

Position: Support

SB 8 (Yee) Public Records State Agency: Auxiliary Organizations

Analysis / Summary: SB 8 would apply provisions of the California Public Records Act (CPRA) to auxiliary organizations of the University of California and the California State University, as well local CCD aux Colleges.

Location: SB 8 was signed by the Governor, Chapter 247, Statutes of 2011.

Position: Support

Student Fees and Affordability

AB 91 (Portantino) Community Colleges: Student Financial Aid

Summary / Analysis: This bill requires the Office of the Chancellor of the California Community Colleges programs. It also requires the Chancellor to provide information to the Legislative Analyst's Office (LAO). The LAO would be required to report to the Legislature on the results of the program, and make recommendations for statewide expansion of the pilot program.

Location: AB 91 passed the Assembly and Senate, and was sent to the Governor for his signature.

Position: Support

SB 451 (Price) Student Financial Aid: Cal Grant C Awards

Analysis / Summary: SB 451 requires the California Student Aid Commission (Commission) to develop areas of occupational and technical training for which students may use Cal Grant C awards. The

that meet two of the three following criteria: high employment need, high salary or wage projections, or

report to the Governor and Legislature on the outcomes of the Cal Grant C program every other year beginning April 1, 2015.

Location: SB 451 passed the Senate and Assembly and was sent to the Governor for his signature.

SB 760 (Alquist) Postsecondary Education: The Cal Grant Program

Analysis / Summary: SB 760 authorizes the California Student Aid Commission (CSAC) to clarify reporting requirements adopted in the education trailer bill earlier this year, SB 70, Chapter 7, Statutes of 2011, through the CSAC regulatory process. Higher education institutions participating in the Cal Grant and Pell Grant programs are now required to provide student specific data regarding enrollment, persistence, and graduation for students, as well as job placement and wage data on graduates.

Location: SB 760 passed the Senate and Assembly, was sent to the Assembly Floor, and placed on the Assembly Inactive File.

Position: Support

Student Success and Transfer

AB 194 (Beall) Public Postsecondary Education: Priority Enrollment: Foster Youth

Analysis / Summary: This bill would require the California State University and California Community

foster youth or former foster youth. The bill defines foster youth as any person currently in foster youth care and former or emancipated foster youth up to age 24.

Location: AB 194 passed the Assembly and Senate, and was sent to the Governor for his signature.

Position: Support

AB 1056 (Fong) Electronic Transcripts

Analysis / Summary: This bill would create an incentive for community colleges to utilize electronic transcripts by December 2012. AB 1056 expedites the process of converting from paper-based transcripts to an electronic based system by leveraging one-time external funding to support initial start-up costs. Implementation of this bill is contingent upon receipt of federal funds or outside philanthropic grants.

Comments: Mailing paper-based transcripts is neither timely nor cost-effective. Paper-based transcripts often take weeks to be delivered and delay a student's enrollment in classes. Converting from a paper-based transcript to an electronic transcript system can save a college \$4 to \$10 per transcript by reducing paper consumption, operating costs, and postage. An electronic system would also give students the option to view their transcripts online. Recent amendments to the bill add a sunset date of 2015 to secure sufficient funding for e-Transcripts, and identify the Chancellor's Office as the designee for the disbursement of funds.

Location: AB 1056 passed the Assembly and Senate and was sent to the Governor for his signature.

Position: Sponsor/Support

SB 292 (Padilla) Community Colleges: Transfers

Analysis / Summary: SB 292 language was completely removed and amended with new language regarding a Los Angeles sports stadium.

SB 940 (Senate Education Committee) Omnibus Education Bill

Analysis / Summary: SB 940 includes an amendment to SB 1440 (Padilla), Chapter 428, Statutes of 2010, clarifying that veteran students continue to have priority enrollment.

Location: SB 940 passed the Senate and Assembly and was sent to the Governor for signature.

Veterans Issues

AB 372 (Hernandez) Public Postsecondary Education

Analysis / Summary: AB 372 requires the community colleges, as part of the matriculation process, to provide academic credit for prior college-level learning gained through military training. The bill requires prior learning assessment be determined by relevant faculty and related equivalent educational credit awarded that meets the standards of the American Council on Education (ACE), Council for Adult and Experiential Learning, or other equivalent standards for awarding academic credit. The colleges are required to implement these provisions only to the extent that reimbursement for the assessment is provided by the federal Department of Veterans Affairs or any other federal act establishing veteran's education benefits.

Location: AB 372 passed the Assembly, was heard in the Senate Committee on Appropriations, and held in the Senate Suspense File.

Position: Support, if amended

AB 636 (Knight) Military Service: Veterans Benefits

Analysis / Summary: AB 636 would eliminate the requirement in Section 824 of the Military and Veterans Code that requires that a student withdraw by a specified date in order to receive a refund of fees paid in the event that the student is called to services. AB 636 also requires that any credit toward a

subsequent academic term must be equal to 100% of the cost of the subsequent tuition and fees paid to the institution for the current academic term.

Location: AB 636 passed the Assembly and Senate and was sent to the Governor for signature.

Position: Support

AB 882 (Cook and Blumenfield) Priority Enrollment for Veterans

Analysis / Summary: AB 882 was recently amended to include language from AB 853 (Blumenfield), a bill that was supported by Chancellor's Office. Provisions from AB 853, now in AB 882 are designed to bring California into compliance with federal law, which requires that a member of the armed forces and their dependants are entitled to resident classification for the purposes of calculating tuition and fees for the duration of their enrollment in a public institution of higher education. AB 882 would also establish a

boards and participating county governments.

Location: AB 882 passed the Assembly and Senate and was sent to the Governor for his signature.

Position: Support

SB 813 (Veterans Affairs Committee) Priority Enrollment for Veterans

Analysis / Summary: SB 813 amends statute to increase the total time period for a veteran student to receive priority registration from two years to four years after leaving active duty.

Location: SB 813 passed the Senate and Assembly, and was sent to the Governor for his signature.

Position: Support

**HIGHLIGHTS OF
REGULAR BOARD MEETING
August 18, 2011**

1. *John Adams, Program Officer for the Family Service Centers, gave a "work in progress" report on the SuperKids/SuperTeens programs. The programs provide in-school counseling services to at-risk and emotionally troubled youth throughout Monterey County. Services are provided free of charge through contracts with various Monterey County schools.*
2. *Annette Yee Steck, Finance Committee Chair, reported that the committee met earlier in the day. The year-end financials were presented. Due to an outstanding invoice from FY 2009-10, the agency income statement shows a negative balance of \$36,561.52 for the month of August 2011. However, financials show year-end positive balance for the agency and we are current on payables. Balances of all accounts look good and accounts receivables are fairly low. County contract status good and there is a possibility of an increase in contract funding. A program fiscal analysis will be done next month.*
3. *Craig Paoli, Genesis House Program Director, gave the Genesis House Quarterly Report. He reported that contract dollars were fully utilized in FY 2010-11 and that Genesis House over-performed in budgeted projection for private pay beds. Genesis House operated at 78% of capacity for the quarter. He also gave an overview of the six-month follow-up evaluation which showed very favorable results.*
4. *The Board approved the slate of officers for FY 2011/12. Harvey Kuffner from Monterey County Office of Education will be Chair; Loren Steck from Monterey Peninsula College will be Vice-Chair and Annette Yee Steck of Carmel Unified School District will be Finance Committee Chair. Thanks to all for your dedication to our agency!*
5. *Robin McCrae, CEO, presented the 5-Year Strategic Plan, a product of the Strategic Plan Committee and management team, outlining the goals and objectives through fiscal year 2015/16. Loren Steck, Committee Chair, will meet with the Strategic Planning Committee to evaluate progress and report periodically to the board. Staff will be assigned to create work plans which will be presented to the board as an information item in October.*
6. *Distribution of the fiscal-year 2010-11 surplus was discussed. The board approved hiring the new CPO one month before the Deputy Director retires for a smoother transition, as well as the reinstatement of a half-day furlough for employees. The cost of both actions is not to exceed \$25,000.*
7. *The FY 2010-11 year-end summary of services was briefly discussed. The Agency served more individuals than the previous year despite funding cuts and furlough days. The Staff was congratulated.*
8. *Robin McCrae, CEO, Craig Paoli, Geneses House Program Director, and board member, Mary Mitchell met with Seaside mayor and city manager to discuss the discontinuation of Genesis House carwashes and our desire to resume them. The mayor and city manager were supportive and will seek an administrative remedy or advise on next steps.*

The next board meeting is scheduled for Thursday, September 15, 2011 and will be held at Sand City City Hall, One Sylvan Park, Sand City, CA 93955.

AUG 29 2011

MPC
Active Bond/Facility Projects Update
September 14, 2011

MPC Education Center (at Marina) Permanent Buildings – Grand Opening is September 23, 2011.

Infrastructure – Site work (lighting, parking lots, sidewalks) will be ongoing for the next few years. Phase II signage (kiosks) has been completed. Parking lot B has been completed.

Swing Space – The “Swing Space Village” is located adjacent to and south of the Theatre and classes are being conducted in the building. The General Classrooms Building has been modified to accommodate Life Science and Physical Science programs. Work included modifying 6 existing classrooms into 4 science classrooms, 6 offices and 5 lab preparation rooms. Swing Space will be ready for Fall semester of 2011.

Facilities Committee – The Committee is scheduled to meet September 23, 2011.

Humanities / Old Student Services / Business Humanities – The project is receiving State matching funds. Phase 1 (Old Student Services Building) hazmat abatement and demolition of interior/exterior walls has been completed and interior framing is 75% complete.

Theatre – Bids were received August 16, 2011. Abatement and demolition work has been completed. Main construction commences in late September 2011. The project is expected to be completed in Spring of 2013.

Life Science / Physical Science Buildings – Abatement and demolition work has been completed. Main construction has commenced. There are two phases in this project with the First Phase being the Life Science building, and once it is completed the renovation of Physical Science will commence (the project is phased to minimize the cost and need for additional Swing Space).

Gym First Floor – Bids are due October 11, 2011, and the bid award will be on the October Board Meeting Agenda for approval. The Gym first floor work has to be completed before work on the pool and tennis courts can be done. The Swing Space needs are being accommodated.

Pool/ Tennis Courts – Work will begin after the gym first floor is complete.

Music Buildings – The Architect (HGA) has prepared schematic drawings with different design options, and the Facilities Committee is reviewing the options and the budgets for the different alternatives.

Student Center – The Architect (HGHB) has prepared schematic drawings for available space options. Planning meetings have involved student representatives.

Cost Control Report

9/14/2011

Old Student Services / Humanities / Business

	Budget	Current Projection	Variance	Comments
Design Phase	\$ 1,280,000	\$ 1,100,000	\$ 180,000	Design includes Architect, DSA fees, printing, etc.
Constructn bid	\$ 4,780,000	\$ 4,110,000	\$ 670,000	Actual bid amount.
C.O. Contngcy.	\$ 478,000	\$ 411,000	\$ 67,000	
Test & Inspect.	\$ 240,000	\$ 231,000	\$ 9,000	
Cnstr Mgmt Fee	\$ 383,000	\$ 330,000	\$ 53,000	
Equipment	\$ 132,000	\$ 132,000	\$ -	Equipment partially State funded
Other	\$ 397,000	\$ 300,000	\$ 97,000	Includes hazmat, demolition and IT
Total	\$ 7,690,000	\$ 6,614,000	\$ 1,076,000	

Summary: It is important to recognize that this is a State "match" funded project (State will fund \$3,318,000 and MPC will fund \$3,296,000). The original budget of \$3,845,000 that MPC was to contribute has now been reduced to \$3,296,000 due to the bids coming in lower than the budget. This results in a potential savings to the MPC bond budget of \$549,000 which may be allocated in the future to a contingency fund.

Life Science / Physical Science

	Budget	Current Projection	Variance	Comments
Design Phase	\$ 2,600,000	\$ 2,500,000	\$ 100,000	Design includes Architect, DSA fees, printing, etc.
Constructn bid	\$ 9,400,000	\$ 7,352,350	\$ 2,047,650	Actual bid amount.
C.O. Contngcy.	\$ 940,000	\$ 735,000	\$ 205,000	
Test & Inspect.	\$ 350,000	\$ 350,000	\$ -	
Cnstr Mgmt Fee	\$ 650,000	\$ 624,250	\$ 25,750	
Equipment	\$ -	\$ -	\$ -	Furniture and Equipment will be from a separate fund.
Other	\$ 560,000	\$ 938,400	\$ (378,400)	Includes hazmat, demolition, IT and future allowance.
Total	\$ 14,500,000	\$ 12,500,000	\$ 2,000,000	

Summary: The current projection anticipates a \$2,000,000 savings to the budget as a result of the bids being substantially lower than the bid budget. The savings may be allocated in the future to the contingency fund.

Theatre

	Budget	Current Projection	Variance	Comments
Design Phase	\$ 880,016	\$ 995,400	\$ (115,384)	Design includes Architect, DSA fees, printing, etc.
Constructn bid	\$ 6,900,000	\$ 7,783,055	\$ (883,055)	Actual bid amount.
C.O. Contngcy.	\$ 690,000	\$ 778,000	\$ (88,000)	
Test & Inspect.	\$ 250,000	\$ 250,000	\$ -	
Cnstr Mgmt Fee	\$ 385,000	\$ 385,000	\$ -	
Equipment	\$ -	\$ -	\$ -	Furniture and Equipment will be from a separate fund.
Other	\$ 200,000	\$ 200,000	\$ -	Includes hazmat, demolition and IT
Total	\$ 9,305,016	\$ 10,391,455	\$ (1,086,439)	

Summary: The current projection anticipates an overage of \$1,086,439 (largely due to the low bid being \$883,055 over the bid budget). This shortfall may be mitigated by using funds saved from the projected savings of the Old Student Services / Humanities / Business and the Life Science / Physical Science projects.

MPC Education Center at Marina

	Budget	Current Projection	Variance	Comments

Design Phase	\$ 1,044,000	\$ 1,044,000	\$ -	Includes Architect, DSA fees, etc. for permanent facilities
CEQA/Design	\$ 286,500	\$ 286,500	\$ -	Temporary facilities design and environmental services
Constructn bid	\$ 4,309,949	\$ 4,309,949	\$ -	Actual bid amount for permanent buildings
C.O. Contngcy.	\$ 430,994	\$ 430,994	\$ -	At this time the forecasted change order contingency appears adequate
Test & Inspect.	\$ 275,000	\$ 275,000	\$ -	
Cnstr Mgmt Fee	\$ 288,000	\$ 288,000	\$ -	
Equipment	\$ 366,000	\$ 366,000	\$ -	Furniture and equipment
Site demo	\$ 782,800	\$ 782,800	\$ -	Includes hazmat, demolition and haul-off of six existing buildings
Utility Services	\$ 725,000	\$ 725,000	\$ -	Also included are contingencies for MCWD, PG&E and AT&T
Site work	\$ 287,000	\$ 287,000	\$ -	Includes parking lot
Temp Facilities	\$ 304,757	\$ 304,757	\$ -	Relocatable buildings used during construction
Other	\$ -	\$ -	\$ -	
Total	\$ 9,100,000	\$ 9,100,000	\$ -	

Summary: The project is currently under budget. Work is completed. The past projection anticipated a \$1,900,000 savings to the budget (the original budget was \$11,000,000). The savings have been transferred to a Contingency line item in the Master Budget. The budget of \$9,100,000 appears to be more than adequate as the costs are becoming more defined as the project is completed summer 2011. Additional savings will be transferred to a contingency once all costs are compiled.

New Student Services Building				
	Budget	Current Projection	Variance	Comments
Design Phase	\$ 1,223,000	\$ 1,223,000	\$ -	Design includes Architect, DSA fees, printing, etc.
Constructn bid	\$ 7,099,000	\$ 7,099,000	\$ -	Actual bid amount.
C.O. Contngcy.	\$ 567,000	\$ 567,000	\$ -	The change order contingency will need to be increased.
Test & Inspect.	\$ 228,000	\$ 228,000	\$ -	
Cnstr Mgmt Fee	\$ 383,000	\$ 383,000	\$ -	
Equipment	\$ -	\$ -	\$ -	Furniture and equipment will be from a separate fund.
Other	\$ -	\$ -	\$ -	
Total	\$ 9,500,000	\$ 9,500,000	\$ -	

Summary: Final costs are being compiled, and it appears that the testing and inspection budget and the change order contingency will need to be increased. This project had an initial budget of \$11,000,000. After the bid, \$1,500,000 was transferred to a contingency. It appears the \$9,500,000 budget will not be adequate (testing and inspection budgets were substantially over original forecast) and the budget will need to be increased from the contingency. Final costs are being determined.

Infrastructure Phase III / Miscellaneous				
	Budget	Current Projection	Variance	Comments
Design Phase	\$ 386,000	\$ 386,000	\$ -	Design includes Architect, Const. Mgmt., DSA fees, printing, etc.
Constructn bid	\$ 5,400,000	\$ 5,400,000	\$ -	Projected.
C.O. Contngcy.	\$ 540,000	\$ 540,000	\$ -	
Test & Inspect.	\$ 140,000	\$ 140,000	\$ -	
Equipment	\$ -	\$ -	\$ -	Furniture and equipment will be from a separate fund.
Other	\$ -	\$ -	\$ -	
Total	\$ 6,466,000	\$ 6,466,000	\$ -	

Summary: Infrastructure Phase III includes Parking Lot J, the PE Elevator, Greenhouse, data cabling, parking lots B & C and other site work (sidewalks & lighting, etc.)
