

MPC Notes – Farewell Edition December 14, 2012

Well, it's here, my final day of service as your Superintendent/President. On Monday, December 17, Dr. Walter Tribley will begin his tenure in that role. As I near the end of this last day, I want to take a few moments to thank you for the opportunity to serve you.

My tenure in the California community colleges has stretched over about thirty-eight and a half years at four institutions. Of that time, sixteen years were in the classroom, with nearly twenty-three years in administration. As you might imagine, I've experienced a wide variety of conditions, problems, and opportunities. That experience has helped me respond to situations at MPC and has shaped the way that I have approached my duties as Superintendent/President. It has also provided me a base from which to compare MPC to other community colleges. I'm happy to tell you that the comparison is favorable.

Despite the financial difficulties we have experienced, MPC has kept its integrity. I am referring to more than programmatic integrity. I am referring to the integrity of the people who make up this organization. MPC faculty and staff are characterized by a commitment to student learning and an understanding that your actions change lives. You impact our students' lives, advance the economic well-being of our communities, promote appreciation of diversity, and contribute to the overall cultural health of the region. And, you do this with a commitment to the highest quality possible. The teaching and service levels I have witnessed at MPC meet or exceed those of all other institutions I've experienced. Though we do this with a lean staff and have to get creative more often than we wish, the results really do speak for themselves.

MPC is also characterized by a deep-seated respect for people and their right to be heard. We've created systems to try to funnel that input as effectively as possible, and though we do not always agree, we try very hard to respect the various viewpoints and seek a resolution that balances the needs of the many with respect for the rights of the few. Sometimes it seems messy, but it works.

I am very proud to retire as a Lobo. You have impacted my life tremendously, and I hope I have contributed to the achievement of your goals. You are awesome!

Thank you for allowing me to serve you.

Douglas Garrison
President Emeritus

Subject: In appreciation of Mr. Nguyen and Mr. Provost

Dear MPC President and Board Members,

This is a short letter of appreciation to thank you for the high quality of education made available at our beloved Monterey Peninsula College.

I graduated from the Maurine Coburn Church School of Nursing in June of 2010. I recently returned to MPC to finish some undergrad work in order to get into a BSN program.

The classes I took this semester were Math 263 with Tuyen Nguyen and Philosophy 10 (Critical Thinking) with John Provost. I am so appreciative of the high quality teaching available at a community college level.

I would like to add that Mr. Nguyen's class website and smart pen lecture notes were extremely helpful throughout the semester to myself and many other students.

I would also like to thank Mr. Nguyen for his approachable teaching style in the difficult area of mathematics. I credit Mr. Nguyen for giving me the academic confidence to pursue the nursing field, as I had extreme math anxiety prior to starting in the nursing program. My first algebra class with Mr. Nguyen was back in Spring of 2005.

Thank you so much for continuing to maintain the high level academic curriculum at MPC. I am so grateful!

Happy Holidays,

Sheila Johnson, RN

Subject: Happy Holidays from the Monterey Museum of Automotive Arts

If you can't see this message [please use this link](#)

Seasons Greetings Friends, Old and New

As 2012 draws to an end, the Automotive Heritage and Preservation Foundation (AHPF), like many non-profit organizations, must take an accounting of what has been accomplished this year and assess the challenges that lie ahead in 2013.

Retrospective

The defining 2012 accomplishment for AHPF can be summarized with the August announcement of the proposed site for the museum to be located on Monterey Peninsula College (MPC) property. Securing an agreement with MPC to pursue the location as well as a private/public partnership in education was a critically important and timely milestone in our endeavors. The private/public partnership includes working with MPC to further develop their Auto-Tech Program in conjunction with AHPF's Technical School of Automotive Restoration.

Other accomplishments, announcement of location, news report (Monterey Herald), events and digital photo moments (formally "Kodak moments") can be viewed and perused on our website and Facebook page: www.Facebook.com/montereyautomuseum

For 2013

AHPF is currently engaged in the process of completing a formal proposal that will be submitted to MPC for approval. We expect this process to be completed in early 2013 whereupon we will initiate the design competition for the Museum and the launch of capital funding program(s). Throughout the early months we will be announcing further developments and strategic partnerships to our educational programs and the restoration enterprises. We will also elaborate on the organization, opportunities to be actively involved and what the enterprises mean to Monterey, MPC, the surrounding communities and you as an enthusiast and supporter.

We invite you to stay informed by following our progress on the website at:

www.MontereyAutoMuseum.com

One More Thing...

We sincerely appreciate the support of those who have contributed time and financial assistance since our beginning. Without your generosity we would not have reached our goals for 2012.

2013 presents even greater challenges and like all non-profit groups we will need your support to be successful in meeting the goals for the Museum and the Educational Programs. Please consider contributing your time and skills as a volunteer in 2013. Host a Fundraising Event or become a Museum Ambassador for our Outreach Programs. Contact us by email at: AHPF.Info@gmail.com for more information.

In addition, as part of the Holiday Season and the importance of our mission, please consider a financial donation to support the enterprise and on-going-cost of office, printing, events, etc. Check the website to become a "**Starting Line Member**" or contact us regarding the Founders Endowment Fund, Corporate Event Sponsorships, Venue Naming Rights, Members Club and Lifetime Memberships for the Museum.

From the AHPF Staff and myself,
"We Wish You the Happiest of Holiday's, a Prosperous New Year and Hope to See You Soon"

Morris Kindig
Executive Director, AHPF

PROCLAMATION FOR CARLA ROBINSON

WHEREAS CARLA ROBINSON HAS SERVED AS THE EXECUTIVE ASSISTANT TO THE PRESIDENT/SUPERINTENDENT OF THE MONTEREY PENINSULA COMMUNITY COLLEGE DISTRICT AS WELL AS THE ASSISTANT TO THE GOVERNING BOARD OF TRUSTEES FOR THE PAST THREE YEARS, AND

WHEREAS CARLA REPLACED VICTORIA PHILLIPS, WHO HAD BEEN ASSOCIATED WITH THE COLLEGE ESSENTIALLY SINCE ITS INCEPTION AND WHO HERSELF WAS DEARLY LOVED BY ALL, AND

WHEREAS CARLA QUICKLY EMBRACED THE POSITION, FILLING LARGE SHOES REMARKABLY WELL, AND

WHEREAS CARLA HAS HANDLED EVERYTHING THROWN AT HER WITH GRACE AND A SMILE, AND

WHEREAS CARLA'S TENURE HAS COINCIDED WITH MANY OF THE STRONGEST YEARS IN THE TENURE OF PRESIDENT DR. DOUGLAS GARRISON, AND

WHEREAS PSYCHOLOGY TEACHES US THAT THE TRUE CENTER OF POWER IN A COLLEGE LIES NOT WITH THE PRESIDENT BUT WITH THE PERSON WHO CONTROLS THE PRESIDENT'S OFFICE, AND

WHEREAS CARLA IS RETIRING ON DECEMBER 21, 2012 TO MOVE TO FLORIDA;

NOW THEREFORE, BE IT RESOLVED THAT WE ASK CARLA TO RECONSIDER HER DECISION AND, BARRING THAT, WE APPLAUD HER SERVICE TO MPC, AND WISH HER THE BEST IN HER NEW LIFE.

Dear Mr. Walter Trebley,

We are delighted to congratulate you on your selection as one of the Monterey County Business Council's 2013 Economic Vitality Award recipients. The 17th Anniversary Gala and Annual Economic Vitality Awards will take place Saturday, February 2nd at the Hyatt Regency Monterey. The event starts with a 5:30 pm reception, dinner and the award presentation to follow, and ending at approximately 9:30 pm. You and one guest are invited as our guests. An invitation with full details is enclosed. Please return the reply card, listing who will attend the Gala as well as choice of entrée. You will also find 5 additional invitations enclosed with this letter to invite others to celebrate this important event with you.

To assist us in developing the evening's program, we request the following information for use in the printed program as well as your introduction, be emailed to Kim Ha-Wadsworth, our Director of Technology at kwadsworth@mcbc.biz.

- A brief history of your organization in 200 words for inclusion in the printed program
- A list of recent accomplishments
- Five to seven photos for inclusion in the introduction slideshow.

We also ask that you prepare an acceptance speech, not to exceed three minutes and that you arrive by 6:00 pm to allow for formal photography to take place prior to the start of the program.

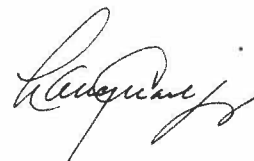

Partnering with the Hyatt, we have obtained a special room rate of \$99.00 (plus tax) for that night should you have out of town guests. Please call (888) 421-1442 and reference "Monterey County Business Council" to arrange.

Thank you for your participation in our 17th Anniversary Gala and for your organization's outstanding contributions to ensuring Monterey County's economy is strong and vital.

Sincerely,

Mary Ann Leffel
President

FOR IMMEDIATE RELEASE:

**MONTEREY PENINSULA COLLEGE
SAYS FAREWELL TO DR. DOUG GARRISON**

MONTEREY, CA – December 14, 2012 - Monterey Peninsula College bids farewell to Dr. Douglas Garrison today as he retires after serving as the Superintendent/President since 2006.

Dr. Garrison has provided Monterey Peninsula College with six years of leadership, service and dedication and has built community relationships with civic leaders, board members, the foundation, students and the general population of Monterey County.

In addition to his Superintendent/President role, Dr. Garrison served the Monterey community as a member of the Monterey County Workforce Investment Board, Monterey County Business Council Higher Education & Research Cluster, United Way Campaign Cabinet, and the Rotary Club of Monterey.

"Doug has been immensely well-respected," said Loren Steck, 2012 Chair of the Board of Trustees at MPC, "both in our local communities on the Monterey Peninsula, and among California Community College administrators. He and his administration were responsible for the renovation of our Monterey campus, the opening of our Education Center in Marina and Seaside, our recent full accreditation, and the growth in the college's appeal among previously underserved minorities. Most importantly, despite the unprecedented decline of funding from the State of California during Doug's tenure, he and his administration have managed to continue to achieve the educational mission of the college through partnership with MPC faculty and staff. Doug has been a star, and he will be greatly missed."

Dr. Garrison has been active in state-wide leadership for the California community colleges and served as the president of the Association of California Community College Administrators. Dr. Garrison holds a Doctor of Education in Education Leadership and a M.A. and B.A. in English.

ABOUT MPC: Monterey Peninsula College is committed to fostering student learning and success by providing excellence in instructional programs, facilities and services to support the goals of students pursuing transfer, career, basic skills, and life-long learning opportunities. Through these efforts MPC seeks to enhance the intellectual, cultural, and economic vitality of our diverse community.

New resources to help ensure the safety of your students and staff

Threats to school safety make it imperative that districts have up-to-date plans for preventing and responding to incidents and events that occur on campus. Recognizing the critical role the governing board plays in ensuring the success of school safety strategies, CSBA has prepared a number of resources to help, accessible from the new [School Safety resource Web page](#).

Besides the recently updated school safety guide, "[Safe Schools: Strategies for Governing Boards to Ensure Student Success](#)," the site contains sample board policies, a checklist for updating your school safety plan, best practices drawn from among Golden Bell Awards winners with exemplary safety programs, CSBA publications and webinars.

"Schools are the center of the community, and all stakeholders from law enforcement to the neighbors who live around school campuses need to work with us to ensure our schools remain safe havens for children," said CSBA Executive Director Vernon M. Billy last month, calling the recent tragedy at a Connecticut school a "call to action for all local communities across the country."

In the weeks and months ahead, CSBA will continue to provide governance resources to school districts to evaluate and hone their site safety plans and procedures. Questions may be directed to the Policy and Programs Department at 800-266-3382.

Visit CSBA's School Safety resource Web page [here](#).

Sent: Wednesday, January 09, 2013 9:50 AM
To: BOT-ALL@LISTSERV.CCCCO.EDU
Subject: NEW CALIFORNIA COMMUNITY COLLEGES VIDEO BLOG - Student Success Initiative - System-wide Priority Registration for Students

Good Morning Colleagues,

The California Community Colleges Board of Governors in September 2012 approved changes that will establish system-wide enrollment priorities designed to ensure classes are available for students seeking job training, degree attainment or transfer and to reward students who make progress toward their educational goals.

New students who have completed college orientation, assessment and developed education plans as well as continuing students in good academic standing who have not exceeded 100 units (not including units in basic English, math or English as a Second Language) will have priority over students who do not meet these criteria. ***Among these students, active-duty military and veterans and current and former foster youth will continue to have first call on courses, followed by students in Extended Opportunity Programs and Services and Disabled Students Programs and Services.***

The regulations, unanimously approved by the board of governors, will be implemented in the ***fall of 2014***. However, colleges/districts should begin to inform current students of the new policy this spring term so those on probation will have an opportunity to seek help to improve their academic standing and those nearing the unit cap can carefully plan their remaining courses.

With that in mind, the Chancellor's Office of Communications has produced a two minute video blog featuring the California Community Colleges Chancellor's Office Dean of Matriculation and Early Assessment Sonia Ortiz-Mercado, who explains some of the changes. The new video blog can be viewed on the Chancellor's Office website at: <http://californiacommunitycolleges.cccco.edu/videoblog.aspx>

Please feel free to share the blog as deemed appropriate with internal and/or external audiences. The Chancellor's Office will provide additional information and student-focused communications on priority registration over the next several months. In the meantime, please do not hesitate to contact us if we can assist you in any way on this topic or lend support on messaging.

Sincerely,

Paige Marlatt Dorr

California Community Colleges Chancellor Brice W. Harris Lauds Gov. Brown's Budget Proposal that Increases Funding, Improves Online Education *Nearly \$200 million in added funding would expand opportunities for students*

SACRAMENTO -- California Community Colleges Chancellor Brice W. Harris today praised Gov. Jerry Brown for including in his proposed 2013-14 budget additional funding for community colleges and for his leadership of an initiative to help more students achieve their academic and career goals through improved online education.

"Governor Brown's leadership in passing Proposition 30 means California community colleges can begin to make room for some of the hundreds of thousands of students who have been shut out of our system due to recent funding cuts," Harris said. "This budget represents a good start toward financial recovery for our system. The governor and voters deserve credit for beginning this overdue reinvestment."

The governor's budget would provide \$197 million more to the college system in 2013-14 and directs the California Community Colleges Board of Governors to determine the best way to allocate the money to districts. The funding increase would allow colleges statewide to add back thousands of classes to serve some of the nearly 500,000 students turned away over the past four years during the state's financial crisis and at the same time continue the system's work to improve student success.

The additional funds, as well as \$179 million to make good on funding commitments that were deferred during the recession, will leave colleges with less debt and better positioned to meet the needs of an economy that increasingly is demanding college-educated workers.

Harris said that the California community college system has already laid the groundwork for the governor's desire to improve online education. Twenty-seven percent of community college students take at least one course online each year, nearly 17 percent of all courses offered are through distance education, and almost half of all classes currently offered involve some online components. The California Community College Online Initiative would improve students' access to courses and increase rates of transfer and degree attainment in the following ways:

- MORE -

- Creation of a centralized “virtual campus” that brings together several existing distance education services into a single hosting system with a 24/7 support center for students. Leveraging the purchasing power of the 112-college system would save money and help students find and take the courses they need through a common on-line course management portal.
- Expanded options for students to obtain college credit by exam. Working with the Academic Senate for California Community Colleges, the Chancellor’s Office will create challenge exams for core courses for Associate Degree for Transfer majors as well as remedial courses. Students would have the option of acquiring the skills and knowledge necessary to pass these exams through Massive Open Online Course (MOOCs) and credits awarded would be transportable California State University and the University of California.

The governor’s budget proposal also recognizes the significant role California’s community colleges play in workforce development, with significantly expanded resources for clean energy job training. The proposal also calls for shifting additional apprenticeship responsibilities to community colleges and shifting adult education responsibilities performed by K-12 to the community colleges. Over decades, uneven approaches to adult education have developed, with K-12 educating some students and community colleges educating others. Recent funding cuts have limited access to these classes, which help adults become economically self-sufficient.

“We view this budget proposal as a vote of confidence in our ability to provide workforce training and basic skills instruction to adult learners, and we look forward to conversations on ways to better serve these populations,” Harris said.

EDITOR’S NOTE: To see more about the California Community Colleges’ distance education program, go to the fact sheet at:

http://californiacommunitycolleges.cccco.edu/Portals/0/DocDownloads/PressReleases/JAN2013/DistanceEducationFactSheet_FINAL_011013.pdf.

The California Community Colleges is the largest system of higher education in the nation. It is composed of 72 districts and 112 colleges serving 2.4 million students per year. Community colleges supply workforce training, basic skills courses in English and math, and prepare students for transfer to four-year colleges and universities. The Chancellor’s Office provides leadership, advocacy and support under the direction of the Board of Governors of the California Community Colleges.

Shawn Anderson

From: Board of Trustees Presidents <BOT-ALL@LISTSERV.CCCCO.EDU> on behalf of Harris, Brice <bharris@CCCCO.EDU>
Sent: Thursday, January 10, 2013 10:11 AM
To: BOT-ALL@LISTSERV.CCCCO.EDU
Subject: Governor Brown's January Budget Proposal

Colleagues,

Earlier today Governor Brown sent a clear message regarding the importance of community colleges in the recovery of California. His proposal for increased investment in our colleges to restore student access, improve student success, enhance technology in our colleges and strengthen workforce education makes it clear he expects California community colleges to play a major role in the new California.

We will soon send more detail on the particulars of the Governor's recommendation, but clearly his proposed nearly \$200 million increase in base apportionment is wonderful news for a financially stressed system. Additionally, his proposals for funding of an online education initiative, increased resources to expand clean and green education, a greater role for community colleges in adult education and apprenticeships and more flexibility in workforce education funding make it clear he believes we can make a positive difference in the future of higher education in California.

The Governor has also made several policy-related proposals that we will want to study carefully. He has suggested we alter our funding to put the focus on student outcomes, limit the number of units students can accumulate, and encourage more students to apply for federal aid. We will continue to keep the administration informed of the progress of the student success initiative which we feel will accomplish many of the same goals. All of these recommendations will require careful study and discussion within the system and with the legislature.

With this budget proposal Governor Brown has honored his pledge to the voters who approved Proposition 30 in November. He has made targeted investments in K-12 and higher education and held the line on the majority of other state expenses. This is just the beginning of a long process leading up to the approval of a final budget later this year, and we will have many opportunities to offer our input in the legislature in coming months. In the meantime we thank the Governor for his support of our system and pledge to work hard to justify his faith in our colleges.

Subject: Welcome Ms. Shawn Anderson to MPC!

Dear MPC,

Please join me in welcoming Ms. Shawn Anderson as the new Executive Assistant to the Superintendent/President and the Governing Board.

Shawn comes to MPC after a highly successful tenure with the Monterey Jazz Festival (MJF) where she served for 13 years. Starting with the MJF as an "office temp," Ms. Anderson was subsequently promoted to Administrative Assistant and then Administrative Coordinator. While with the MJF, Ms. Anderson was the project manager and editor for the coffee table book, *The Art of Jazz: Monterey Jazz Festival/50 Years*. (Here's the link to that work, if you're interested: <http://www.montereyjazzfestival.org/2012/store/books.>)

Ms. Anderson graduated from UC Santa Cruz with a BA in Art History.

We are thrilled to add Ms. Anderson to our fabulous team of administrative assistants. Stop by and say hi when you can!

Monterey Bay PTAC delivers contracting presentation

The Salinas Valley Chamber of Commerce hosted the Monterey Bay Procurement Technical Assistance Center (PTAC) during a Dec. 19 “Lunch & Learn” event. Ten individuals representing Monterey area businesses, two of whom are now PTAC clients, enjoyed the presentation led by PTAC’s Procurement Specialist/Counselor Jeff Cuskey.

Cuskey’s presentation was titled “Government Contracting Opportunities for Small Business” and covered the mission of the PTAC; an overview of

the PTAC’s services; understanding the government marketplace; government contract opportunities for small business; getting ready to pursue government contract opportunities; and business development and government contracting resources.

for airport customers and anyone visiting the Peninsula. These airport location add to a growing regional network for EV drivers. The airport's EV chargers are strategically designed to relieve potential "range anxiety" that EV owners may experience and to spur the adoption of electric vehicles.

There is no fee to "plug-in" to one of the charging stations, which work with any electric vehicle or plug-in hybrid on the market.

Partial funding for the charging stations was made possible through a grant awarded by the California Energy Commission. The installation was accomplished through a cooperative effort: Monterey Regional Airport, Ecology Action, Clean Fuel Connection, Monterey Bay Electric Vehicle Alliance, and Association of Bay Area Governments (BCM). The airport funded the balance of the installation.

MPC welcomes Dr. Walter Tribley

Dr. Walter Tribley officially became Monterey Peninsula College's (BCM) 12th superintendent/president on Dec. 17.

Previously vice president of instruction/chief academic officer of Wenatchee Valley College and chief administrative officer of the Wenatchee Valley College/Omak Campus in central Washington, he holds a PhD from Washington State University in Biochemistry and Biophysics and has over 15 years of experience in higher education including holding a faculty position in the biological sciences at Seminole Community College in Florida. Prior to returning to higher education, he worked as a scientist in the biotechnology industry for a company in Irvine.

"Monterey Peninsula College is obviously a priceless asset to the communities it serves," said Tribley. "Under Dr. Garrison's steady and capable leadership, the college has built strong community relations and a healthy campus culture. I am honored to serve as the next president of MPC and to further ensure the fulfillment of its mission and role in the community." He continues by stating: "Together with the support of our faculty and staff, MPC will continue to grow and serve our students and communities with distinction."

Tribley replaces Dr. Douglas Garrison, who retires after serving in that leadership role since 2006. He served the Monterey community as a member of the Monterey

County Workforce Investment Board, Monterey County Business Council Higher Education & Research Cluster, United Way Campaign Cabinet, and the Rotary Club of Monterey. Dr. Garrison has been active in statewide leadership for the California community colleges and served as the president of the Association of California Community College Administrators.

Sara Jean Blakely (March 2, 1988 - December 2, 2012)

Sara Jean Blakely

aka Sara Rowe

March 2, 1988 ~ December 2, 2012

MONTEREY - Those who knew Sara will remember this beautiful young woman who refused to let go of her inner child. She enjoyed life, new experiences, photography, dancing and hosting dinner for friends. She will be remembered through her stories, her antics, and her love for life. Sara left us much too soon after a valiant battle against Crohn's disease and complications resulting in liver failure. Even when she was in pain, Sara would be there for a friend.

Sara is survived by her father, Mike; Grandma Jean; her sister, Dawn; and many, many aunts, uncles, cousins, nieces, nephews; and her dog, Tobie.

While we say goodbye to a beautiful and caring person, the Lord has gained an angel.

Viewing is Monday, December 17 from 9:00-11:00am at Mission Mortuary with burial to follow at San Carlos Cemetery in Monterey.

Visit www.missionmortuary.com to offer online condolences.

MPC's Doug Garrison nominated for a statewide award

If you read the profile I [wrote](#) about Doug Garrison, who just retired from leading the Monterey Peninsula College for six years, you'll notice no mention about his nomination for the 2013 Harry Buttimer award.

My bad. There was just so much material I had to leave out a lot. But this tid bid is important.

The award, given by the Association of California Community College Administrators, will be given in February and it honors those who excel in their administrative duties.

"Over the years this award has come to represent the highest level of excellence in administration," writes Susan Bray, executive director of the association, in a letter notifying Garrison of the recognition.

"Integrity, principle, compassion, strength in leadership, contributions to colleagues and the profession, contributions to the college and the community..." are some of the criteria that each of our outstanding nominees have possessed, and the same qualities that were outlined and detailed extensively in the many letters of nomination we've now received on your behalf."

Congratulations, Dr. Garrison. Your nomination speaks to the many qualities widely attributed to your leadership.

Peter Stuber

1929 ~ 2012

MONTEREY - Peter, 83, was born into a family of wealthy hoteliers/restaurateurs in Berlin, Germany. His father died of cancer when he was five and left him alone with his mother and a five year-old brother, Bernard. He was educated in the European manner until he was 10 years old and his brother, Bernard, was sent off to war, never to be heard from again. The government then confiscated all his family's financial holdings for the war effort

and Peter was conscripted into the Army at 14 and became a Russian prisoner of war when he was 15. He escaped with several others and made it alive to Czechoslovakia where he was nursed back to health. He made it back to Berlin after the war in search of his mother who had since remarried. He learned the rudiments of cooking as an apprentice and immigrated to Canada, working as Chef de Rang at the Le Chateau Frontenac in Quebec. A year later, he worked at the Elbow Beach Hotel in Bermuda and at the Bermudiana Hotel as Maitre d'Hotel.

He moved to San Francisco, because it was always his dream to live in California. At a chance meeting, he met Mark Thomas and in 1958 he began working for Mark Thomas Enterprises as General Manager, Mark Thomas Hearthstone; Food and Beverage Director, Mark Thomas Inn (now the Hyatt,); and General Manager for the Mark Thomas Catering Company which had the catering contract at the Monterey Fairgrounds. In 1969 he was appointed C.E.O., vice-president and became part-owner of Rigout, Inc., which operated the Mark Thomas Outrigger Restaurant, Oysters and Company on Cannery Row and the Mark Thomas Catering Company. In the late 70s he purchased the Mark Thomas Hearthstone in partnership and re-opened it as The Pump House Restaurant. He sold his interest in Rigout, Inc. in 1983 and opened Latitude 36 Restaurant in Carmel. He was also an instructor at Monterey Peninsula College and was offered the position of instructor in computer applications in the hotel/restaurant industry for Golden Gate University. In 1989 he was General Manager of the Los Laureles Restaurant, located in Carmel Valley's Los Laureles Lodge and in January 1990 he was Chef/Proprietor of Café Berlin in Carmel for 10 years and retired to Redding in 2001. He and his wife, Lisa, returned to the Monterey Peninsula in January, 2012.

Peter's civic service included: President, Monterey Peninsula Sports Car Club; Commodore of the Monterey Peninsula Yacht Club; President, Monterey Bay Yacht Racing Association; President, Monterey Peninsula Visitors and Convention Bureau; President, Monterey Peninsula Chamber of Commerce and President, Monterey Peninsula Hotel and Restaurant Association. He was a member of Rotary International, Carmel Club and was a Trustee of the Monterey Culinary Insurance and Pension Fund and Co-Founder, Director, and Secretary/Treasurer of the California Wine Festival.

He is survived by his wife, Lisa; his daughters, Monique (Chuck) Coleman, Christianna (Ron), Artana (De Carlo); his grandchildren, Madison and McKenna Coleman and his guide dog, Molly. Services will be at 2:00 p.m. Saturday, January 5, 2013 at Mission Mortuary, 450 Camino El Estero, Monterey.

Visit www.missionmortuary.com to offer online condolences.

Accolades for Hartnell, MPC football

Herald Staff Report

Five members of co-Coast Conference champion Hartnell College and four from co-champ Monterey Peninsula College were named to the Region III All-California football first team.

MPC's Deandre Mann was chosen as a tailback after rushing for over 1,000 yards. Joining Mann was defensive lineman Anthony Rice, linebacker Robert Foy, defensive back Devante Thomas and defensive back Carroll Washington. Chosen from MPC were linebacker Kyle Todd, defensive back Shane Larson, punter/kicker Stephan Rock and offensive lineman Azim Leeks.

BOYS BASKETBALL

Palma 54, Capuchino 32

Jack Tardieu dropped in 15 points as the Chieftains improved to 9-1. Peter Lucas and Jacob Taylor each had nine for Palma, who will open its Gabilan Division season on Wednesday, hosting Alvarez.

North County 79, North Salinas 76

Andrew Galope hit a 3-pointer at the buzzer to tie the game and the Condors went on to top the host Vikings. Galope led North County with 27 points and Daniel Valle scored 26 points, including seven 3-pointers.

Monte Vista 74, Alisal 46

The Mustangs topped the Trojans in the MBL Pacific Division opener for both teams.

WOMEN'S

BASKETBALL

CSUMB 78, Dominguez Hills 66

The Otters showed little rust after playing for the first time since Dec. 8 as they earned a double-digit win in Southern California.

Senior guard Danielle Padilla scored a career-high 14 points to lead the Otters. CSUMB (6-1, 3-1) faces Cal State L.A. on Saturday.

Cuesta 64 MPC 42

The visiting Cuesta College Cougars pulled away in the second half to top the Lobos on Friday.

Kelsey Robledo led MPC with 10 points and Alexis Warne added eight. The Lobos (8-6) open up Coast Conference-South play on Wednesday when MPC hosts Ohlone at 5 p.m.

MEN'S BASKETBALL

CSUMB 75, Dominguez Hills 72

Brandon Ward scored 15 points to lead the Otters to their third win in a row.

BOYS SOCCER

Marina 2, York 1

The Mariners came back with goals from Erik Vasquez and Emmanuel Quinones in the second half to top the host Falcons 2-1 in Mission Trail Athletic League action.

Josh Rhee's first-half goal gave York a lead at halftime.

Carmel 2, Greenfield 1

Hernan Paz and Trey Copping scored as the Padres topped the visiting Bruins to open up the MTAL season. Goalie Bryan Palafox had seven saves for the Carmel.

MPC president sets his course

TRIBLEY WANTS A MORE WIRED CAMPUS

By CLAUDIA MELÉNDEZ SALINAS
Herald Staff Writer

Less than two weeks into the presidency of Monterey Peninsula College, Walter Tribley already has confirmed one of the first impressions he had of the college.

Campus relations are

good, a tribute to the leadership of his predecessor, Doug Garrison.

"He's been very mindful and deliberate in the way he led here," Tribley said Friday. "He always had an eye on doing the right thing for students and all the faculty and staff in an incredibly difficult financial time."

Tribley, 53, could have been talking about himself. At Wenatchee Valley College in Washington state, where he was vice president of

See our website for a video from this event.

instruction, Tribley built a reputation for being thoughtful and fair.

"He worked hard to find the facts before he'd make a decision and would make a decision given the best info available," said Rick Underbakke, dean of liberal

arts and sciences at Wenatchee. "He's well thought-out."

Tribley's also focused on students, their access to the college and their success, Underbakke said.

"These two (issues) factored in many of his decisions, as to the type of classes offered and locations, so we could give students the access to the degrees from a variety of places that

Please see Tribley page A9

DAVID ROYAL/The Herald

Walter Tribley, new Monterey Peninsula College president, has been on the job for two weeks. He came from Wenatchee Valley College in Washington state.

Tribley

From page A1

(were) convenient to students.”

Raised in New York, Tribley wanted to be a forester early in his student career, but he realized he was more interested in the biology of trees than their harvesting. So he switched his major to biology. At the University of Idaho, he also earned a degree in education and a master's of natural science.

“It's a degree in biology for those who want to teach biology,” he said. “At that time I wanted to be a biology teacher.”

Tribley taught biology at Seminole State College of Florida for three years, then he worked for the Interdisciplinary Center of Biotechnology Research at the University of Florida. His job was to organize workshops and training sessions on how to use the tools of biotechnology for a wide variety of research.

“In the early 1990s, so many professors in major universities did not have the training on DNA (synthesis and sequencing), fingerprinting, gene cloning — those were new technologies,” he said. “Then I fell in love with learning more about gene cloning, molecular biology, so I went back for my PhD.”

After earning a doctorate in biochemistry and biophysics from Washington State University, Tribley got a post-doctorate fellowship for Atairgin Technologies, a health care technology

“What Proposition 30 indicated is a strong support for our educational system, and that's very much appreciated. But it just stopped the bleeding. ... We have to find new ways to bring new revenue. Funding is one of the major hurdles and concerns.”

Walter Tribley
MPC president

company then based in Washington. He followed with a three-year stint for the company, now based in Irvine, as head of a research and development team looking for biomarkers for ovarian and breast cancer.

Seeking to return to education and to Washington state, Tribley was hired as allied health director for Wenatchee Valley College, where he moved up the administrative ladder.

As a result of Garrison's efforts, Tribley senses a healthy workplace at MPC, something that will help its different constituencies as they confront changes that lie ahead.

The work will start with “something that MPC has been tackling and that's funding,” he said.

“What Proposition 30 indicated is a strong support for our educational system, and that's very much appreciated. But it just stopped the bleeding in

the dramatic loss of funding, but it did not restore the base,” he said. “We have to find new ways to bring new revenue. Funding is one of the major hurdles and concerns.”

Proposition 30 is a half-cent tax California voters overwhelmingly approved in November. The new source of revenue avoids further budget cuts, but doesn't restore funding lost since the budget crisis of 2008.

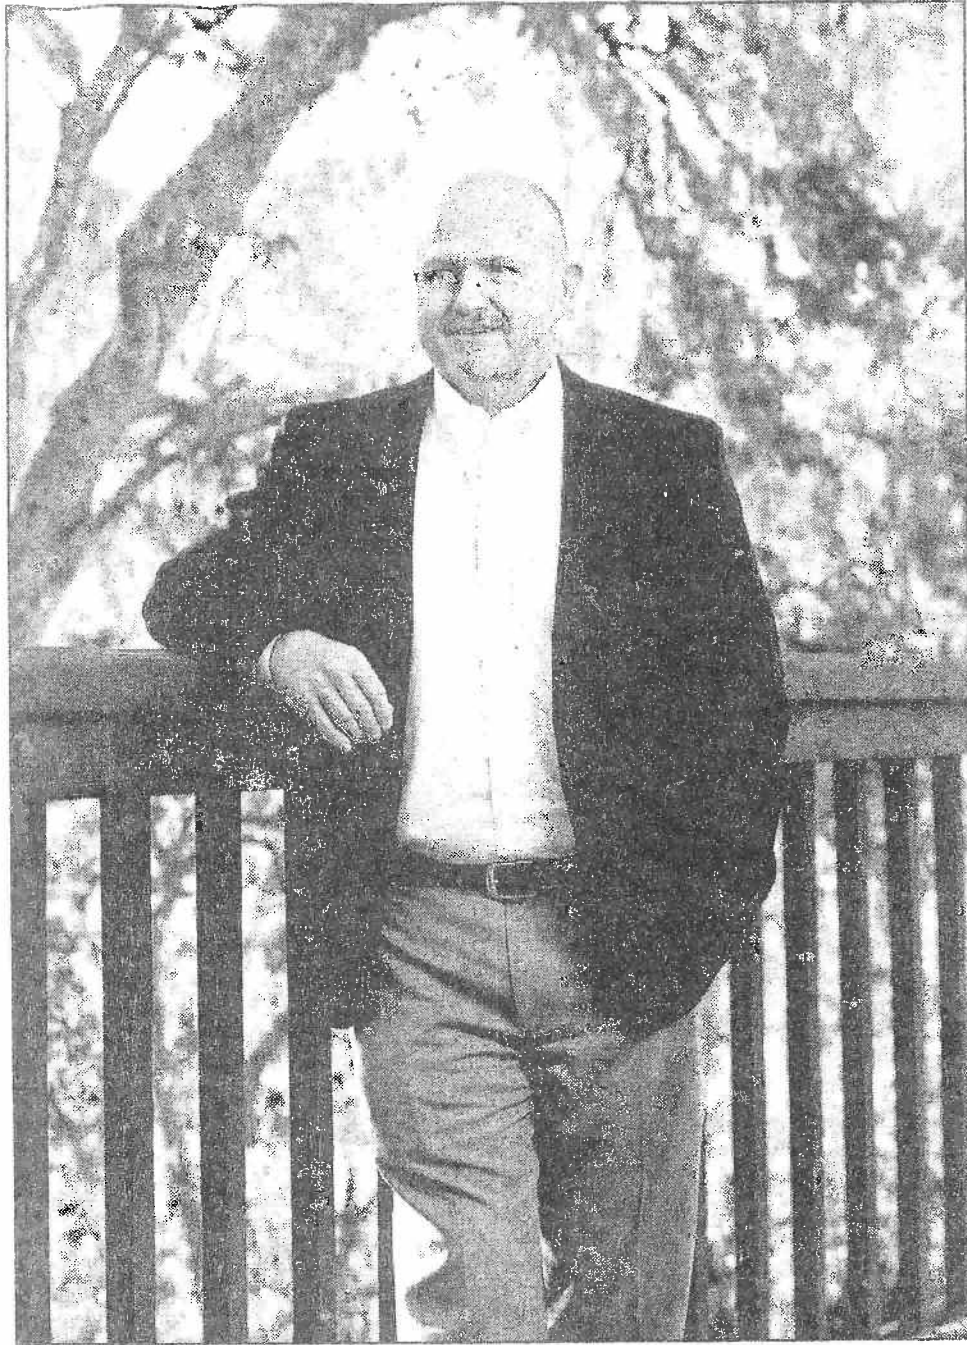

Money for the state Community College System has shrunk by \$809 million — or 12 percent — since 2009. Proposition 30 allocated an extra \$210 million for the entire system.

Other major issues on Tribley's mind are implementation of the “Student Success Task Force” recommendations, a series of state directives to help increase graduation rates and student success.

Along those lines, Tribley would like to see Monterey Peninsula College become a more wired campus, one that offers more access to everyone in the community by taking advantage of what technology has to offer.

“This is not just about being more accessible online, it's also about recruiting students and present(ing) the many good things already occurring at MPC,” he said. “Just to be more wired in all of our operations, I'm very excited about that.”

MPC women win conference opener

The Monterey Peninsula College women's basketball team opened up its Coast Conference South Division season on Wednesday with a 59-52 win over the visiting Ohlone College Renegades. Ohlone came into the conference opener having won the last four conference titles.

Salinas High alumna Alexis Warne led the way for the Lobos with 15 points and five steals. CarrieAnne Allegri added 13 points. MPC continues conference play on Friday when the Lobos travel to Cupertino to face De Anza College.

GIRLS BASKETBALL

Stevenson 34, York 24

Junior Nicole Trenka had 15 points, five rebounds and three steals as the Pirates topped the Falcons to earn their first Mission Trail Athletic League win of the season.

Emma Bhaskar added nine points and 10 rebounds for Stevenson, while Emma Carr had eight points for York.

Pacific Collegiate 55, Pacific Grove 34

Sabrina Riffle scored 14 points and Jessica Matthews added 11, but the Breakers fell to the host Pumas.

Morgan Green led Pacific Collegiate with 24 points.

King City 55, Soledad 42

The Mustangs snapped a three-game losing streak and earned their first MTAL win of the season by topping the host Aztecs.

Jessica Davis scored a game-high 23 points for King City and Sarah Shepherd added 22. Laura Dominguez was a defensive standout for

the Mustangs.

Felicia Villarruel led Soledad with 21 points.

Santa Catalina 30, Carmel 22

Kylie Moses had 10 points and 10 rebounds as the Cougars topped the Padres. Maddie Bennett also had 10 points for Santa Catalina.

Kayce Stachelek had an all-around strong game for Carmel with 12 points, 16 rebounds, three steals and five blocks.

BOYS BASKETBALL

Alisal 64, Gilroy 41

Adam Hernandez and Jonathan Fausto both scored 14 points as the Trojans earned their first Monterey Bay League Pacific Division win.

Anthony Martinez added 10 for Alisal (1-1, 7-7), which plays at Watsonville on Friday.

Pacific Grove 49, Pacific Collegiate 32

Luke Lowell hit three 3-pointers and ended with 11 points to lead the Breakers past the visiting Pumas.

Kevin Russo chipped in seven for Pacific Grove, which moves to 1-1 in MTAL play. The Breakers play at Stevenson on Friday.

Carmel 42, Marina 33

The Padres rallied back from a five-point deficit at halftime to top the visiting Mariners.

Corey Castillo had 14 points and six assists for Marina, Isaiah Santos added 10 points and Nick Drinovskiy had 16 rebounds and nine blocks.

Carmel's Thomas Spanos led all scorers with 16 points

and John Stivers added seven.

San Benito 43, Salinas 26

Hiram Miskim and Jacob Tonascia combined for 35 points as the Balers (2-0) knocked off a struggling Salinas offense.

Josef Delk's eight points lead Salinas while Brian Amiya. Salinas (0-2) will host Monterey on Friday.

Palma 56, Alvarez 28

Jacob Taylor scored 18 points as the Chieftains improved to 10-1 overall and 2-0 in the Gabilan Division.

Peter Lucas and Jack Tardieu each had 10 points for Palma, whose defense held Alvarez (10-4) to a season low 28 points. Mitchell Wood led the Eagles with 12 points — all in the second half.

Stevenson 65, York 18

Freshman Marco Giangiorgi scored 13 points and fellow freshman Ian Rice added 11 as the Pirates cruised past the visiting Falcons.

Ben Scott scored six points to lead York.

MEN'S BASKETBALL

MPC 64, Gavilan 51

The Lobos got 18 points and four rebounds from Monterey High alumnus Stephen Dorsey en route to a win in their Coast Conference opener.

MPC (1-0, 6-9) travels to Cupertino to face De Anza on Friday.

Hartnell 69, De Anza 62

The Panthers opened up their Coast Conference season by coming back to beat the visiting Dons.

Hartnell trailed by four at halftime but took the lead with 6:03 left in the second half. Kyle Baird led the Panthers with 20 points, Billy Giles added 16 and Michael Salazar added 10.

Hartnell plays at MPC on Wednesday, Jan. 16 at 7 p.m.

BOYS SOCCER

Pacific Grove 4, Stevenson 2

Jordan Jones scored two goals, both assisted by Shawn Christopher, and the Breakers topped the host Pirates.

Christopher and Rutger Sperry also scored for Pacific Grove, which is now 1-1-0 in the MTAL and 1-2-3 overall. Outside defender Martin San German also was a standout for the Breakers.

Greenfield 7, York 1

After a 3-1 lead at halftime, the Bruins added four second-half goals to pull away and top the Falcons.

Ryan Ixtlahuac had the lone goal for York and goalie Nick Newman had eight saves for the Falcons.

King City 3, Trinity Christian 0

Luis Mendoza, Juan Aguilar and Rafael Mosqueda all scored as the Mustangs topped the Warriors.

WRESTLING

Palma 47, Monterey 30

Andreas Dorio (113 pounds), Brandon Watson (132) and Jorge Bocanegra (170) all pinned their opponents, while Jacob Golden (182) and Blake Flores (195) won by decision for the host Toreadores in a losing effort.

Musical panache

Happy New Year everyone! January 2013 begins with musical panache. At Sunset Center this Sunday, the Carmel Music Society presents Philharmonia Baroque Orchestra playing a terrific program on historic instruments.

Chamber Music Monterey Bay brings to Sunset Tim Fain's critically acclaimed "Portals: Multimedia Exploration of Longing in a Digital Age."

Our own Ensemble Monterey Chamber Orchestra delivers a splendid Mozart immersion concert called "Young Mozart" with performances at MPC and Cabrillo College.

Philharmonia Baroque!

The fabulous world-class Philharmonia Baroque Orchestra conducted by

Nicholas McGegan and showcasing acclaimed violinist Elizabeth Blumenstock marks a high point of the 2012-2013 music season Sunday afternoon at the Sunset Center in Carmel.

This beloved San Francisco Bay Area ensemble presents a sumptuous Italian Baroque program of music by master composers Arcangelo Corelli, Giovanni Battista Pergolesi, Antonio Vivaldi, Pietro Locatelli and Francesco Durante.

The musicians of this orchestra perform on the period instruments for which the music was composed. Vivaldi's famous "Four Seasons," as the centerpiece of this program, features the dazzling artistry of Blumentstock playing a prized Andrea Guarneri violin built in 1660.

McGegan is adored by audiences and performers

Fain is a dynamic and adventurous artist and mesmerizing to watch. Tickets at 625-2212 or online at www.chambermusicmontereybay.org.

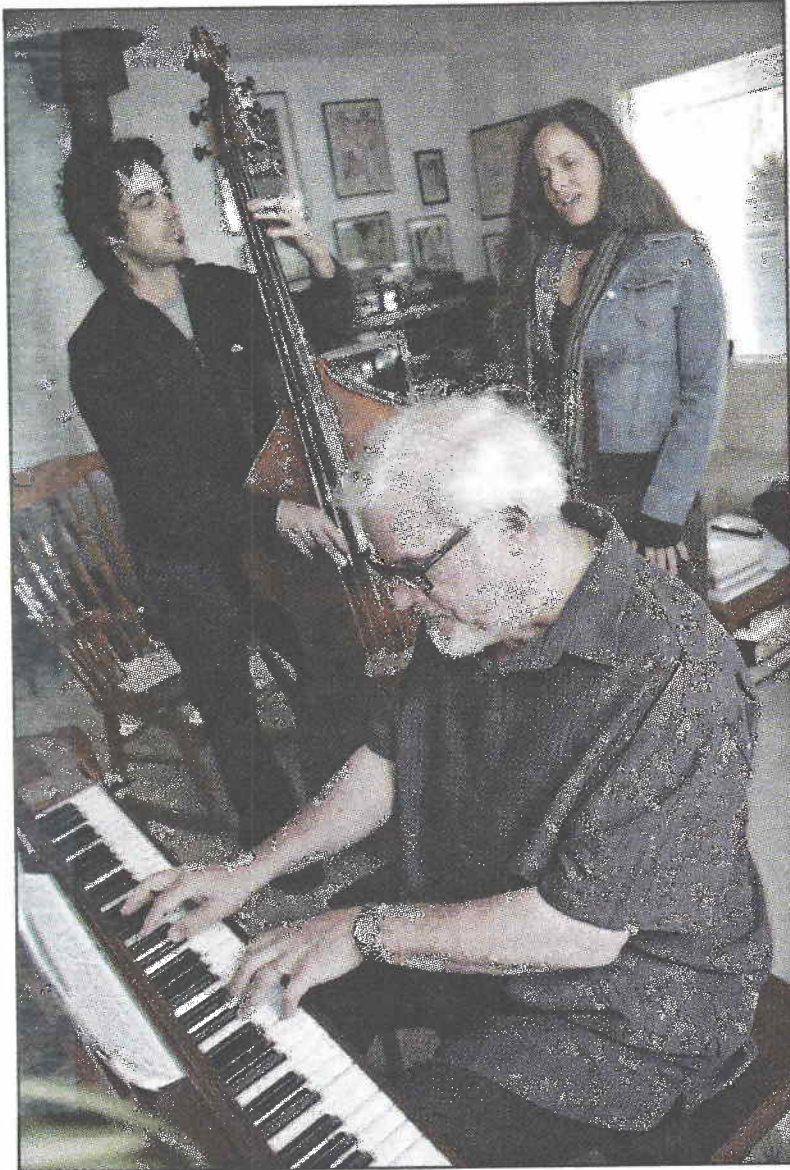

Teenage Mozart

Ensemble Monterey, conducted by John Anderson, will present three masterpieces by Mozart as a young man. His genius shines powerfully even as a teen composer.

"Young Mozart" audiences will enjoy his Symphony Number 29, Piano Concerto No. 9, written for a traveling female virtuoso and the "Overture to La Finta Giardiniera," a short but spectacular piece written when he was only 18.

Soloist for the Piano Concerto No. 9 will be Leah Parker of Santa Cruz. She serves as the accompanist at Cabrillo College for Cantiamo! and the children's youth choruses. Parker holds a master's degree in music from UC Santa Cruz, where she also worked extensively as a teaching assistant.

Tickets at 333-1283 or online at www.ensemblemonterey.com.

DAVID ROYAL/The Herald

Musician and writer Bill Minor, foreground, on piano, will perform with bassist Heath Proskin and singer Jaqui Hope Friday night to celebrate the release of his memoir, "The Inherited Heart: An American Memoir."

History from the heart

LOCAL AUTHOR, ARTIST, MUSICIAN BILL MINOR DELVES INTO HIS FAMILY HISTORY IN THE MEMOIR 'THE INHERITED HEART'

By KATHRYN PETRUCCELLI
Herald Correspondent

Ain't nothing like family,' my father used to say." This line comes from "The Inherited Heart: An American Memoir" by Pacific Grove writer, Bill Minor.

Minor's father said many other things as well. When they were meant to stick, young Billy knew it, and knew, very early on, that he was the one designated to preserve the family story.

A book launch party for "The Inherited Heart" will happen tomorrow at 7:30 p.m. at The Works. The program is infused with a live soundtrack carefully chosen to represent the 1940s and '50s — a

time Minor says carried a "romantic sense of life, that anything was possible."

Harold Arlen's "It's Only a Paper Moon," Thad Jones' "A Child is Born" and "The Nearness of You" by Hoagy Carmichael are part of the set, along with a few original pieces. Minor will be on keyboards, with Heath Proskin on bass and Jaqui Hope providing vocals.

Born in Detroit and bred by his "Yankee" mother and Arkansas father, Minor began playing music professionally at age 16, and was trained as a visual artist before turning to poetry. He has authored three books of non-fiction on jazz.

Prior to his current book, his most recent project involved a commissioned score to

MainEvent

accompany the dramatic readings of "Love Letters of Lynchburg" — Civil War correspondence between Susan Leigh Colston Blackford and Charles Minor Blackford — Minor's distant relations and just two in the cast of stars who brighten "The Inherited Heart."

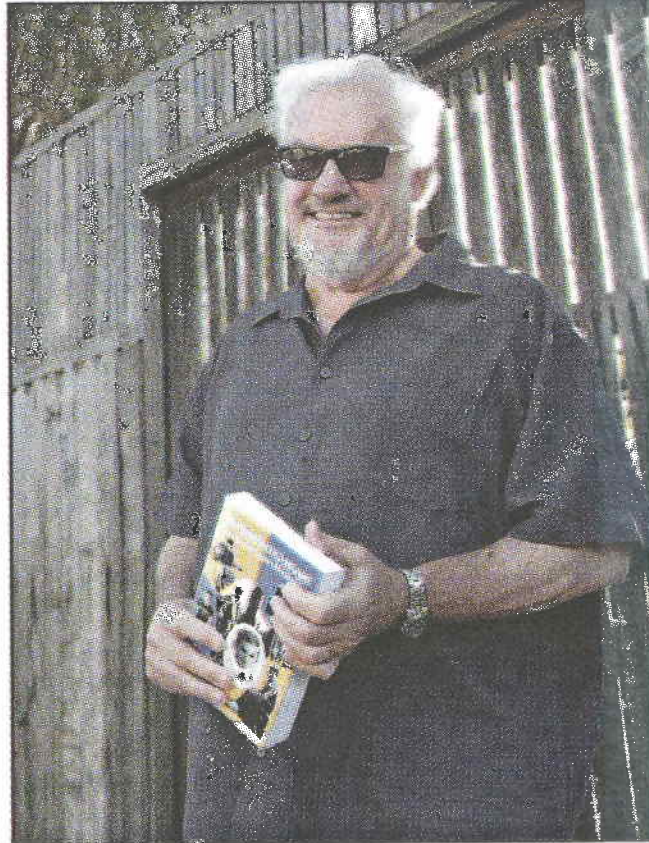

The book includes an 18-page spread of photographs, some of which even play key roles in the story.

"I longed to be truly alone, at peace, sick." Minor writes in the chapter "The Runaway." At home ill, Minor is waiting for everyone to leave so he can be just that. After his brother, protesting him as a fake, goes to school, his father, advising him to "plant the hillside in corn" exits for work, and his mother is off on an errand, he retires gratefully to the bathroom with a book of poetry.

But alone he is not meant to be. A neighbor, Jean MacDonald, bursts in on a quest to discover who's home.

"The world is not a private place," the 11-year-old heart of the author intones wisely.

Packing "provisions," he climbs out onto the porch roof from his parents' window. But already by age 11, Minor felt the weight of his roots. Nearly stopping him in his tracks are stoic and gentle faces from both

DAVID ROYAL/The Herald

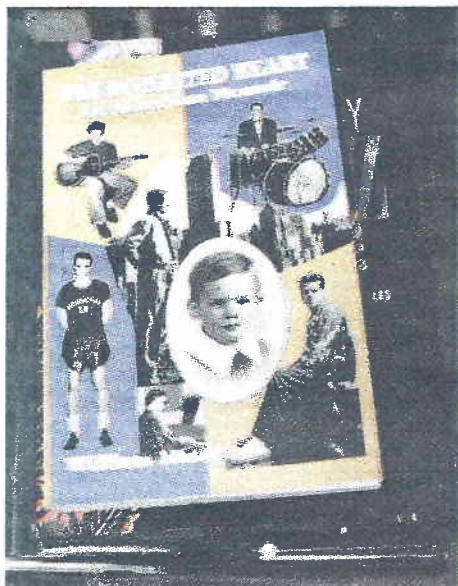

Musician and writer Bill Minor holds his new book outside his home in Pacific Grove. Minor has written 10 books, including his new book, "The Inherited Heart: An American Memoir"

sides of the family framed and hanging on the wall.

Though MacDonald was quite real, ("She was the nosiest person, but she was delightful," said Minor.) We discover in a recap following "The Runaway" that not all the story holds up to fact.

Minor lays bare his motivations, hesitations and best of intentions throughout the book, speaking directly to readers about his process and content.

Interspersed within the text are passages from a book "Extremities" he

Pacific Grove writer Bill Minor's "The Inherited Heart: An American Memoir," which will be launched Friday in Pacific Grove.

LITERARY EVENT

- **What:** Book Release party and concert for Bill Minor's "The Inherited Heart: An American Memoir"
- **Where:** The Works, 667 Lighthouse Ave., Pacific Grove
- **When:** 7:30 p.m., Friday, Jan 11
- **Tickets:** \$15 at the door
- **Information:** 372-2242, www.bminor.org

Completed in the '80s, Minor is teaching American humor and Comedy at Monterey Peninsula College the time (where he taught three decades). A long-standing student of Currier and Twain, he thought, "I'm just going to have fun with my life." It didn't last. "I got dissatisfied with that," said Minor. "I thought, 'No, I want get as close to the so-called

truth (as I can).'"

It wasn't long before the author began to ask pertinent questions like, "What the heck is the 'so-called truth?'" Take the four-plus versions of his grandfather's almost-death.

"We have a whole lot of ambivalence in our lives," concluded Minor, "and you're not going to get around it, you just have to live with it."

Ambivalence and complexity. Minor relates the shock he feels at discovering a ledger of his great-grandfather's — a revered doctor and intellectual — listing his 20 slaves.

His own father's views on race are another matter he confronts on more than one occasion in "The Inherited Heart," and the fact that the music he is enthralled with is belittled as "black music."

From before that 11-year-old tried to climb out the window under the eyes of his ancestors, Minor has been destined to write this story. "I had to deal with what it was in me that made me hold off for so long," he said.

Despite an older brother and a younger sister, there was never a question it was the Minors' middle child who would carry their history. "It was kind of a burden," Minor understated. "I just wanted to be a kid."

"It's my job to make these people come alive," Minor said. "They are characters in a novel, and at the same time, they are you."

In the end, he learned he couldn't run from himself, nor did he need to: "My God, I've got good genes for a writer!"

Big change in school funding

BROWN'S BUDGET CALLS FOR MORE MONEY FOR POOR AREAS

By CHRISTINA HOAG
Associated Press

LOS ANGELES — Gov. Jerry Brown on Thursday proposed a sweeping overhaul of K-12 education financing that would provide more money for low-income schools and give districts more control over how they can spend state funds.

Fresh off voter-approved hikes in the state sales tax and income taxes on the wealthy, the Democratic governor's newly unveiled budget plan allocates \$2.7 billion more for elementary and secondary education and community colleges for the next fiscal year.

Spending on K-12 and two-year colleges would total \$56.2 billion for 2013-14. That figure would return the state to nearly prerecession funding after a series of spending

cuts. Of the additional amount allocated for the fiscal year starting July 1, the governor wants to use \$1.8 billion to pay school districts what the state already owes them in late payments for previous years.

Besides restoring funds, Brown wants to drastically change the way the state distributes money to schools.

The proposal retains the current system's feature of awarding money based on attendance, but it would add up to 35 percent more based on the proportion of English learners, foster children and low-income students in each district.

Districts with more than half of their student population classifying as

Please see Budget page A11

Budget

From page A1

low-income, as measured by free or reduced price lunch participants, would receive additional funds in a poverty "concentration" grant.

The shift is sure to cause an outcry among wealthier school districts, but Brown framed it as an obligation to provide more help to low-income districts.

Compton not like Los Gatos

"Growing up in Compton or Richmond is not like it is to grow up in Los Gatos or Beverly Hills or Piedmont," he said. "It is controversial, but it is right and it's fair."

Senate Minority Leader Bob Huff, a Republican from Diamond Bar, said Brown's proposal was generally sound, but he wanted to ensure that suburban districts would not lose funding.

"If the money is going more to the inner cities, which is where you have the higher English-language learners, where you have the higher poverty where the governor's formula will send it, what does that do? What is the effect of that then in the suburban areas? So that's certainly a discussion we have to have — to see the winners and the losers, and is there a way to mitigate that?" Huff said.

Many education watchers applauded the plan.

"It's been way too long to address this totally irrational financing system we've had," said Ted Lempert, president of advocacy group Children Now. "This is rational and equitable."

Los Angeles Unified Superintendent John Deasy said in a statement that the proposal looked promising for the state's largest school district, but the additional revenue would probably be just enough to avoid future furloughs and staff cuts, not launch new programs.

In a second major shift, the governor wants to eliminate most "categorical" programs, which are funds that can only be used for a specific purpose. Instead, the money would be given to districts with no strings attached, allowing them to spend the funds as they see fit.

Critics say districts would simply eliminate valuable programs for groups of student populations that categorical status is meant to protect. The state has some 50 programs that range from classroom size reduction to career-technical.

"We like a lot of these earmarked reasons. They serve a diverse educational need," said Jeffery Freitas, secretary-treasurer of the California Federation of Teachers.

Freitas said the teachers

union was heartened that Brown emphasized designating money to keep K-3 classes to a maximum of 24 pupils, although he said that is still a large number of students and districts are not mandated to use the funds for that purpose.

Huff said he liked the idea of more local control, but would like to see more accountability if school districts were going to have more control over funds.

"Unless we have some more accountability built into the educational system, our experience and even the experts will say it would be wasted money to give schools more money without some expectations of performance to go with that. We didn't see anything about that," he said.

David Plank, executive director of Policy Analysis for California Education, predicted that the categorical elimination could be the area lawmakers meddle with most as special interest groups start lobbying for carve-outs.

"Each of those categorical funds has a constituency behind it," Plank said. "That's where the fight is going to be. But if the governor can hold the line, it will be good for California."

Brown has proposed keeping a few categorical funds, including child nutrition, after-school programs and special education.

Special programs

The proposal also allows districts to keep funds for two special programs if they want: busing, which mostly benefits rural school districts, and funds for court-ordered desegregation, which mostly benefits Los Angeles and San Francisco unified school districts.

The budget proposal also would change several other aspects of education funding. Responsibility for adult education, for example, would switch to community colleges, instead of K-12 districts, along with a \$300 million funding shift.

State Superintendent of Public Instruction Tom Torlakson said in a statement that the change could cut access to classes that encompass English as a second language and high school equivalency diplomas.

"I am concerned that severing the longstanding ties these programs have with K-12 districts could diminish access to classes that play a vital role in helping Californians receive the basic education they need to become productive citizens," he said.

Freitas said the teachers union shared those concerns.

The budget also allocates \$450 million of revenue from a corporate tax increase to a special fund for school energy efficiency initiatives.

Ron James

1938 ~ 2013

MONTEREY - Prominent Peninsula photographer and audiophile, Ron James, died at his home January 3, 2013 of an apparent heart attack just short of his 75th birthday. He taught photography at MPC from 1969-1989, inspiring hundreds of new photographers, and his quiet, candid approach to wedding photography delighted countless Peninsula couples. His black and white abstract nature prints stand in the company of the best Monterey-area photographic artists.

He was a kind, helpful friend, always ready to share his knowledge of photography and audio. He is survived by his sister, Sharon in Michigan; ex-wives, Bonnie and Toni in California and Montana; and many dear friends. A memorial is pending.

GENTRAIN SOCIETY LECTURE

Following Papyrus: Studying Trade Networks in the Ancient Mediterranean World and Beyond

Elizabeth Dilkes Mullins, Instructor of History at MPC and the Gentrain Program, will talk about the history of papyrus as a crucial mass-produced product of the ancient world. Over four thousand years ago Ancient Egyptians cultivated the wild reed, *Cyperus papyrus* L., to produce the first paper like sheets on which business records, mathematical lessons, wills, stories, legal documents and ancient religious texts were recorded. By tracing the rise of papyrus, its production, and trade, we can study the connections between the world's first empires and what they left behind for us to construct history.

Just a Thought

*YOUNG GETS PLAYING TIME FOR A&M

Andrew Young has played in all 13 games this winter for the Texas A&M men's basketball team.

The 6-foot-9 Young, who prepped at Monterey and earned All-America honors at Monterey Peninsula College, is averaging 3.9 points and 3.8 rebounds a game for the 10-3 Aggies.

The junior forward is averaging 14.8 minutes a game, while shooting 43 percent from the field.

President's Report

1. Work with the MPC Foundation
 - a. Met often with Executive Director Ms. Sharon Crino regarding the work she and the MPCF office staff have completed including drafts of the following: 1) the MPCF operational development plan; 2) MPCF fund development plan; and 3) MPCF donor stewardship plan. Sharon will present these to the MPCF President and Board
 - b. Met with MPCF President Nolan Kennedy
 - c. Met with MPCF Foundation Executive Committee
 - d. Met with MPCF Executive Director Crino and Mr. John Mahoney regarding updates on fund development
2. Work with the MPC Alumni Association
 - a. Met with the association
3. Met with Gentrain Board
4. Additional Community Connections
 - a. Attended the Rotary Club of Monterey with Trustee Gustafson and President Emeritus Garrison
 - b. Met with Ms. Mary Ann Leffel regarding the Monterey County Business Council's sub-committee on higher education
 - c. Received notification that MPC will be honored on February 2, 2013 by the Monterey County Business Council in the category of economic development related to education and research.
 - d. Attending the CHOMP annual meeting on January 17
5. Worked with Ms. Carla Robinson to introduce me to the MPC S/P office operations.
6. Met with Mr. Art St. Laurent, Director of Security regarding his summary of MPC's security and disaster preparedness
7. Met with Mr. Michael Midkiff, Director of IT regarding MPC's IT status
8. Met weekly with the vice presidents and Associate Dean of HR in President's Cabinet meetings and individually regarding operational concerns. Met weekly with Dr. Rosaleen Ryan regarding institutional research-related issues including changes to reporting requirements. Met more than once per week with Ms. Vicki Nakamura regarding MPC and the Fort Ord Reuse Authority and related opportunities for future MPC on the former base and MPC operations.
9. Represented MPC at the Fort Ord Reuse Authority Board meeting on January 11, 2013.
10. Met with MPC President Emeritus, Dr. Doug Garrison
11. Wrote a recommendation for Dr. Garrison to support his nomination for the ACCCA Harry Buttimer Distinguished Administrator Award. Dr. Garrison was originally nominated by Mr. Carsbia Anderson for this award.
12. Met with MPC Board Chair, Mr. Charlie Brown
13. Reviewed MPC's ACCJC Accreditation Mid-Term Report
14. Toured our sites in Seaside and Marina with Mr. Steve Ma
15. Toured our construction projects with Mr. Ma, Joe Demko (Bond Program Manager, Kitchell), Mr. Mike Carson (Kitchell), Mr. Dustin Conner (Kitchell), Mr. Ken Scates (architect), Mr. David

Foord (Inspector of Record), Mr. Pete Olsen (MPC Maintenance / Grounds Supervisor), Mr. Ron Chesshire (Otto construction Inc.), and Mr. Chris Van Tiem (West Bay Builders)

16. Offered the position of Executive Assistant to the Superintendent/President and Governing Board to Ms. Shawn Anderson.
17. Approved press release related to refinancing our bond (January 14, 2013).

MPC
Active Bond/Facility Projects Update
January 7, 2013

Humanities / Old Student Services / Business Humanities – The project is receiving State matching funds. Phase 1 (Old Student Services Building) construction has been completed. Construction on Phase 2 (Humanities Building) has begun with completion scheduled for November of 2013. Swing Space has been provided to accommodate those relocated from the Humanities building.

Theatre – Work is progressing as scheduled and completion is still scheduled for the spring of 2013. Cabinets and countertops have been installed. The elevator has been delivered and installation has begun. The bathrooms have been completed, and interior painting is almost finished. The rigging work continues, and work on the audio systems has begun. Auditorium carpeting is scheduled for January 2013, and then the seats will be installed.

Life Science / Physical Science Buildings – There are two phases in this project with the First Phase being the Life Science building which has been completed. New energy efficient windows have been installed. The building was made weathertight in early November which enabled interior work to continue without interruption. The metal stud framing has been completed. Electrical and plumbing rough-in work is nearing completion. The Physical Science building is expected to be completed in the summer of 2013.

Gym First Floor – Construction is complete and the Athletic Department has occupied the building.

Swing Space – The “Swing Space Village” is located adjacent to and south of the Theatre, and classes are being conducted in the building. The General Classrooms Building has been modified and is accommodating the Physical Science department. The Swing Space that the Athletic department has vacated has been converted to classrooms for Humanities. Planning continues on Swing Space to accommodate the Student Center and the Art Complex.

Infrastructure – Site work (lighting, parking lots, sidewalks) will be ongoing for the next few years.

Pool/ Tennis Courts – The Architect has finished the construction drawings and specifications which will be submitted to DSA in February of 2013.

Student Center – The Architect has completed construction drawings and submitted them to DSA in December of 2012. It is anticipated the project will bid in the spring of 2013 with construction commencing in June of 2013. Completion is scheduled for the summer of 2014.

Arts Complex – The Arts Complex project is comprised of the major renovation of the Art Studio and Art Ceramics Buildings and minor modifications to the Art Dimensional Building. Construction drawings have been submitted to DSA for review and approval. It is anticipated this project will bid in the spring of 2013.

Music Building – At the September Board meeting, the Architect presented a proposed plan that included construction of a new Music building. MPC is also applying for matching State funding for the renovation of some of the existing Music buildings.

Facilities Committee – The Committee meets on a regular basis to review project budgets and schedules.

Cost Control Report

1/7/2013

Life Science / Physical Science

	Budget	Current Projection	Variance	Comments
Design Phase	\$ 2,600,000	\$ 2,500,000	\$ 100,000	Design includes Architect, DSA fees, printing, etc.
Constructn bid	\$ 9,400,000	\$ 7,352,350	\$ 2,047,650	Actual bid amount.
C.O. Contngcy.	\$ 940,000	\$ 735,000	\$ 205,000	
Test & Inspect.	\$ 350,000	\$ 350,000	\$ -	
Cnstr Mgmt Fee	\$ 650,000	\$ 624,250	\$ 25,750	
Equipment	\$ -	\$ -	\$ -	Furniture and Equipment will be from a separate fund.
Other	\$ 560,000	\$ 938,400	\$ (378,400)	Includes hazmat, demolition, IT and future allowance.
Total	\$14,500,000	\$12,500,000	\$ 2,000,000	

Summary: The current projection anticipates a \$2,000,000 savings to the budget as a result of the bids being substantially lower than the bid budget. The savings may be allocated in the future to the contingency fund. The Life Science building has been completed on schedule and within budget. Construction continues on the Physical Science building. The project is scheduled for completion in the summer of 2013.

Theatre

	Budget	Current Projection	Variance	Comments
Design Phase	\$ 880,016	\$ 995,400	\$ (115,384)	Design includes Architect, DSA fees, printing, etc.
Constructn bid	\$ 6,900,000	\$ 7,783,055	\$ (883,055)	Actual bid amount.
C.O. Contngcy.	\$ 690,000	\$ 778,000	\$ (88,000)	
Test & Inspect.	\$ 250,000	\$ 250,000	\$ -	
Cnstr Mgmt Fee	\$ 385,000	\$ 385,000	\$ -	
Equipment	\$ -	\$ -	\$ -	Furniture and Equipment will be from a separate fund.
Other	\$ 200,000	\$ 200,000	\$ -	Includes hazmat, demolition and IT
Total	\$ 9,305,016	\$10,391,455	\$ (1,086,439)	

Summary: The current projection anticipates an overage of \$1,086,439 (largely due to the low bid being \$883,055 over the bid budget). This shortfall may be mitigated by using funds saved from the projected savings of the Old Student Services / Humanities / Business and the Life Science / Physical Science projects.

Gym First Floor

	Budget	Current Projection	Variance	Comments
Design Phase	\$ 341,600	\$ 341,600	\$ -	Design includes Architect, DSA fees, printing, etc.
Constructn bid	\$ 3,063,583	\$ 3,063,583	\$ -	Actual bid amount.
C.O. Contngcy.	\$ 326,000	\$ 326,000	\$ -	
Test & Inspect.	\$ 149,917	\$ 149,917	\$ -	
Cnstr Mgmt Fee	\$ 168,900	\$ 168,900	\$ -	
Equipment	\$ -	\$ -	\$ -	Furniture and equipment will be from a separate fund.
Other (Hazmat)	\$ 150,000	\$ 150,000	\$ -	Asbestos abatement
Total	\$ 4,200,000	\$ 4,200,000	\$ -	

Summary: The project costs are within the current projection of \$4,200,000. The project has been completed.

Old Student Services / Humanities / Business

	Budget	Current Projection	Variance	Comments
Design Phase	\$ 1,280,000	\$ 1,100,000	\$ 180,000	Design includes Architect, DSA fees, printing, etc.
Constructn bid	\$ 4,780,000	\$ 4,110,000	\$ 670,000	Actual bid amount.
C.O. Contngcy.	\$ 478,000	\$ 411,000	\$ 67,000	
Test & Inspect.	\$ 240,000	\$ 231,000	\$ 9,000	
Cnstr Mgmt Fee	\$ 383,000	\$ 330,000	\$ 53,000	
Equipment	\$ 132,000	\$ 132,000	\$ -	Equipment partially State funded
Other	\$ 397,000	\$ 300,000	\$ 97,000	Includes hazmat, demolition and IT
Total	\$ 7,690,000	\$ 6,614,000	\$ 1,076,000	

Summary: It is important to recognize that this is a State "match" funded project (State will fund \$3,318,000 and MPC will fund \$3,296,000). The original budget of \$3,845,000 that MPC was to contribute has now been reduced to \$3,296,000 due to the bids coming in lower than the budget. This results in a potential savings to the MPC bond budget of \$549,000 which may be allocated in the future to a contingency fund. Phase 1 (Old Student Services Building) is within budget and has been completed ahead of schedule. Phase 2 (Humanities Building) construction has begun. The gap in the construction phasing was planned for the most cost effective use of Swing Space.
