

MPC Planning Processes:

Setting, Evaluating, and Revising the College's Mission, Goals and Objectives

Mission Statement (the purpose of the institution): Reviewed and perhaps revised every 6 years by College Council.

Institutional Goals (the steps the college plans to take to further its mission): Evaluated and revised every 6 years by College Council.

Education Master Plan: (the environmental scan and strategic goals /initiatives devised to further the institutional goals): Reviewed, evaluated and revised every 6 years by institutional committee chaired by Academic Affairs Vice President.

Education Master Plan Updates/Action Plans: (designed to implement Education Master Plan strategic goals/initiatives and, when necessary, to respond to various influences). Created by AAAG, SSAG, and ASAG each February and evaluated in September of each year.

Program review: Completed by each area or program every 6 years.

Program Review Updates/Action Plans: Created by each area or program annually to implement program review objectives. Annual program review updates keep action plans relevant.
