1. Minutes – September 24,(deferred to October 8, 2013:

2. Information Items:

a. Cost-cutting, revenue-generating, enrollment-growing recommendations: Taking a closer look.

Diane resumed last meeting's exercise by suggesting both groups assigned to one of the three tasks (cost cutting, revenue-generating, enrollment-growing recommendations) come together to compare and refine their lists.

All three groups met, and each provided a spokesperson who then delivered a reporting of the results of their group session. Diane invited input and suggestions, indicating that in order to keep this effort moving and inclusive, that a document be compiled of all groups' suggestions. This "Memo" would then be forwarded to the advisory groups within a day or so in order to gather feedback and input. This feedback would eventually return to College Council. The suggestions from the groups were compiled into the document titled:

Memo to Advisory Groups re CC Rec from 10/1/13 meeting.

3. Other:

4. Campus community comments
