VII. Discussion Agenda

Removal of references to pre-transfer Math courses from course and program records; A discussion took place regarding programs that have Math 260 and 263. It was recommended that we revisit those programs in a year.

A discussion took place regarding teaching History GE classes in Spanish, the goal being for English learners to gain their degree entirely in Spanish. Vanessa noted that this was done for Nutrition, and it was suggested that faculty consult their Dean. It was mentioned that it would not require a separate curriculum, but that a Spanish-speaking Instructor may need to be hired.
