6. Program plans for this and future years

1) Meet the increasing demand for training in Medical Assisting.

According to the CA EDD Occupation Projections of Employment, a **30% increase is predicted** for 2006 – 2016. Employment of Medical Assistants is expected to grow much faster than the average for all occupations through the year 2008 as the health services industry expands due to technological advances in medicine, and a growing and aging population. It is one of the fastest growing occupations.

2) Revitalize the program by assuring that it meets the needs of students aiming at either administrative or clinical medical assistant jobs.

3) Offer more classes at the Marina Ed Center.

4) Add online sections of some classes.

7. First two years' assignment for this position

a. Teaching responsibilities:

Fall	Spring	Fall	Spring
MEDA 100	MEDA 105	Same, assuming adjunct continue to teach the same classes as now	Same

MEDA 130	MEDA 130		
Extra prep	Extra prep		
Coordinator reassigned time	Coordinator reassigned time		
Total 14.25 TLU	Total 16.75 TLU		

- b. Other duties and/or programmatic responsibilities (i.e. program/curriculum development, program coordination, facilities oversight, outreach, etc.):

The person will be responsible for coordinating the Medical Assisting Program, updating curriculum, adding or changing certificates if needed, community outreach, making professional contacts with the local medical community, putting together an advisory group, planning the renovation of the Life Sciences Medical Assisting lab.

8. Office/location to be assigned:

LS 209A

9. Other related resources needed:

Working computer, phone, etc.

10. Other considerations:

This program has the potential to grow. Medical Assistants will have the 34th largest number of job openings in the State from 2000 to 2010 and will have the 11th fastest growth rate (www.calmis.ca.gov/file/occguid). Employment growth is expected because of the increase in the number of group practices, clinics, and other healthcare facilities that need greater numbers of support personnel, particularly the flexible Medical Assistant who can handle both administrative and clinical tasks.
